***Only record full days – a full day is at least the number of hours a teacher in your district/campus is required to work per day and NOT less than 7 hours unless all teachers were released early and it counted as a full day (e.g. teacher work day, PD day, early release for weather). If you absent, do not record the day. Make it up as needed to get 70 days. Check with your supervisor regarding extended illnesses which include a doctor visit.**
