

# Set Your Student Up for Success

## A Tornado's Choice, on Campus and Beyond

At UFCU, we want to set your student up for success and get them started on the right financial foot. Since 1936, students, faculty, and staff have chosen UFCU, and we're ready to support and develop your student's financial health, on campus and beyond.

## More than Just an Account

Open a Free Checking account at UFCU, and become a Member, not just an account number. Our Members are part of a community of people looking to strengthen each other's financial well-being. ## We Put Students First

### Free Checking

Open a Free Checking account, and bank easy with no monthly fees or minimum balance requirements. Even after graduation, the account is free. Students also have access to free instantly-issued debit cards at any of our locations.

### Easy Transfers

Fuel your student's financial success by easily transferring funds from any account or financial institution 24/7. Or, send your student a check that they can quickly deposit using the UFCU Mobile Banking app. You're able to get your student cash fast, and that's money in the bank.

### Convenient Locations

Deposit, withdraw, and consult. Drop into our convenient campus-area Concordia locations or use our on-campus ATM. Stay safe by staying close to campus.

## Banking, the UFCU Way

### What's a Credit Union?

Unlike a bank, Members own UFCU, not corporate stakeholders. That means our Members benefit from services focused on their financial success today and in the future.

### Personal Service

Our person-to-person relationship with each Member means you have the opportunity to ask questions, partner with, and receive personal financial services tailored to meet your needs.

### Financial Education

At UFCU, we've created ways for students to learn, grow, and reach their goals. Our PlanU program helps our Members learn to navigate day-to-day finances and manage their money through in-person financial workshops and a wealth of online resources.
