

Who is Eligible for Services?

In order to determine student's eligibility for accommodations or other needed services student should submit a [Registration Form](#) providing information about their disability, their past use of accommodations and the disabilities likely impact on their educational experience along with any **supporting documentation** of how their condition impacts them in the educational setting. Types of helpful documentation supportive of accommodation requests include medical records, psycho-educational testing and school records. Students who need to request documentation from a licensed professional are encouraged to send the [Medical Disability Verification](#) form to their doctor/treating professional.
