President's Greeting

On behalf of all of us at Concordia, welcome! What a thrilling time this is! Your college experience will be one of the most exciting and rewarding of your life. It is a time to grow in your faith, learn about this world God has given us, and learn about yourself.

We believe Concordia's mission of "developing Christian leaders" is what sets us apart from other schools. "Developing Christian leaders" means that our students:

- will understand and strive to live the Christian faith.
- will be educated in the liberal arts.
- will be skilled in effective communication.
- will have expertise in a specific academic major, program and/or minor.
- and will understand what it means to be a servant leader.

How do we do this? We accomplish it by teaching about Christian leadership, modeling it as a faculty and staff, giving our students opportunities to practice it, and recognizing Christian leadership when we see it. We are also blessed to be on a new campus that provides an exceptional environment to develop Christian leaders.

Finally, we will get to know you. Concordia has an excellent student-to-faculty ratio of 18 to 1 and you will get to know your professors not only as an instructor but also as someone who is there - to listen - to react - and to help you succeed.

We pray God's richest blessings on your search for a university. Please contact us through our admissions office (www.concordia.edu or 1-800-865-4282) if you have any questions.

Tom Cedel, President

The mission of Concordia University Texas is to develop Christian leaders. Concordia aims to develop Christian leaders who are:

- Well informed in regard to natural science and quantitative representation of ideas, current technology, human culture and behavior and Christian theology;
- Skilled in critical and analytical thinking in scientific, humanistic, and theological topics;
- Skilled in modern methods of communication;
- Aware of, sensitive to, and able to respond with understanding to the aesthetic, cultural, and personal dimensions of life;
- Aware of God's gifts offered in the Christian Gospel, and aware of God's call toward the Gospel mission;
- Empowered to serve in appropriate roles that help guide the church in professional worker positions and lay leader positions, as well as guide society in improving the environment and lives of human beings.

Operated under the auspices of The Lutheran Church-Missouri Synod and under girded by a Christian theology, Concordia University Texas offers a variety of educational programs. These programs equip co-educational, traditional and non-traditional students for ministry in the church and for service in a broad range of careers in society through a variety of means of curriculum delivery. The programs also encourage students to develop caring, sharing and serving attitudes towards others.

Concordia believes that the basis for its mission is found in Scripture and the Lutheran Confessions, which teach that everyone is in need of salvation; that salvation has come through the life, death, and resurrection of Jesus Christ; and that, in response to God's love, all are motivated to service in the Christian community and the world. Because of this Scriptural emphasis, Concordia has designed its curriculum to challenge and guide students in their quest for knowledge about God and about the world, to motivate them toward self-realization, to improve their skills, and to enable them to develop a life style consistent with God's will.

2.02.02 - Accreditation
Concordia University Texas is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (SACS) to award the associate's, bachelor's, and master's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Concordia University Texas.
Concordia’s Bachelor of Business Administration degree in the College of Business is accredited by the International Assembly for Collegiate Business Education.

Concordia’s elementary and secondary teacher education programs are approved by the Texas Education Agency for pre-school through grade 12. Students successfully completing Concordia's teacher education programs are eligible for teacher certification in Texas after passing the appropriate state certification exams.

The Concordia Nursing Program has received initial approval as a professional BSN program by the Texas Board of Nursing. Application for accreditation through the Commission on Collegiate Nursing Education (CCNE) is in process.

2.02.03 - Memberships
Concordia is a member of the Independent Colleges and Universities of Texas, the Association of Texas Colleges and Universities, the American Association of Colleges for Teacher Education, the Association of Independent Liberal Arts Colleges for Teacher Education, the Texas Association of Colleges for Teacher Education, the Association of Lutheran College Faculties, and the International Assembly for Collegiate Business Education.

2.02.04 - Concordia History
Concordia Academy opened in 1926 to train young men for ministry in the Lutheran Church. The junior college department, added in 1951, became coeducational in 1955. Concordia received authorization to proceed with the implementation of a four-year liberal arts program in 1979 and its first B.A. students graduated in May 1982. In July 1995, Concordia moved from college status to university status. During the summer of 2007, Concordia University at Austin became Concordia University Texas. In July 2008, Concordia University Texas closed its doors for the last time at its 3400 Interstate Highway 35 North location and threw open the doors of its new campus at 11400 Concordia University Drive in northwest Austin. Building on the eighty-plus-year history of this wonderful institution, this change is the culmination of many hours of dedicated prayer, discussion, and planning, moving Concordia forward in its continuing mission of developing Christian leaders.

Currently, Concordia confers the Associate of Arts degree, the Associate of Arts in Behavioral Science, the Bachelor of Arts degree in the following majors: Behavioral Science, Biology, Business, Communication, Director of Christian Education, Elementary and Secondary Education, Environmental Science, English, Healthcare Administration, History, Human Resource Management, Kinesiology, Liberal Arts, and Music Ministry. Concordia also offers the Bachelor of Business Administration, the Bachelor of Science degree with the following majors: Biology, Computer Science, Mathematics and Environmental Science, and the Bachelor of Applied Arts and Sciences with a Technical Management major. Additionally, students can incorporate a pre-professional program into their major to prepare themselves for the seminary, law school or the health professions.

Concordia University Texas offers two graduate degrees. The College of Education offers a Master of Education degree program with four sequences: Curriculum and Instruction, Early Childhood, Educational Administration and Advanced Literacy Studies. The College of Business offers a Master of Business Administration with a focus on leadership.

Concordia serves its diverse student body through a variety of programs. The Accelerated Degree Program, which began in the spring of 1995, is specifically designed for the working adult student. The Community Learners Program provides educational opportunities for members of the local community who are not seeking academic credit. Concordia supports Veterans Administration Benefit programs including the Yellow Ribbon Program.

2.02.05 - Location
Concordia is located on a tree-shaded 389-acre campus in the northwest corner of Austin, Texas. Located in the Texas Hill Country, Austin is an educational and cultural center providing many opportunities for enrichment. Austin's Sun Belt location provides an average winter high temperature of 62° and an average summer high of 94°, allowing ample opportunity for recreation on the seven Highland Lakes beginning within the Austin city limits.

Concordia’s main campus site includes 250 acres of nature preserve, with wetlands, caves, dense tree cover and a habitat for the Golden-Cheeked Warbler. Concordia University Texas is one of a few universities in the U.S. to hold a Fish and Wildlife 10A permit. With this, the University will play a leadership role in urban environmental studies and offer students the rare opportunity to study environmental management and stewardship.
Concordia also has centers located in Austin, Ft. Worth/Dallas, Houston, and San Antonio.

2.03 Complaints
Concordia University Texas is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the associate's, bachelor's, and master's degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Concordia University Texas.

Complaints against the institution from students, faculty, staff, or other interested parties in any of these areas may be submitted in writing to the Provost. Within thirty days, the Provost will review the complaint, investigate it thoroughly, exploring all available avenues, respond in writing, following all procedures expressed in this paragraph and elsewhere, or guide the process through the appropriate procedures in those cases where other university officials must address the complaint. In those cases, the Provost will supervise the process in order to bring it to a responsible conclusion.

Concordia University Texas also offers students opportunities in more specific areas to express their complaints about various processes according to established procedures. The appropriate personnel at Concordia will attempt to help students through the resolution process in accord with the Christian principles that are laid out in our Mission Statement.

Complaint procedures regarding the following areas are specified in the Student Handbook:

- Faculty Member
- Harassment
- Security Matters
- Food Service
- Residential Life

Complaints not resolved by these means may be submitted for final resolution to the President of Concordia University Texas.

2.04 Worship
Faith in Jesus Christ as Savior and Lord is the integrating factor in the curriculum at Concordia University Texas. The main campus community is invited to attend Chapel daily for worship during the Fall and Spring terms from 11:00 to 11:20 a.m. and at varying times during the Summer; the campus pastor and students lead a Sunday evening worship service; students organize additional worship experiences on a week night; and the chapel is open during the day for private meditation. Students are encouraged to participate actively in the worship life on campus and in one of the Austin area churches.

2.05 Athletics - NCAA

2.05.01 Athletics
Concordia is affiliated with the National Collegiate Athletic Association (NCAA) Division III and with the American Southwest Conference. Concordia currently participates in men's and women's basketball, golf, soccer, cross country, and track and field; men's baseball; and women's softball and volleyball.

2.05.02 Wellness and Recreation
Concordia offers a wellness/intramural/recreation program administered through the office of the Intercollegiate Athletics. Both team and individual sports and activities are sponsored including basketball, volleyball, sand volleyball, softball, ping pong, badminton and others. Students may participate individually or join a team. No previous experience is required.

2.06 Legal Notices
This catalog is a general information publication only. It is not intended to nor does it contain all regulations that relate to students. The provisions of this catalog do not constitute a contract, express or implied, between any applicant, student or faculty member and Concordia University Texas or The Concordia University System. The University reserves the right to withdraw courses at any time, change fees, rules, calendar, curriculum, degree programs, degree requirements, graduation procedures and any other requirements affecting students. Changes will become effective whenever the proper authorities so determine and will apply to both prospective students and those already enrolled. When changes are made, updated information can be found on the Concordia web site at www.concordia.edu.
As required by the Higher Education Act, Concordia University Texas has made available to all interested parties the graduation rate for all degree-seeking, full-time students entering Concordia since 1985. The information can be obtained by calling the Office of the Director of Institutional Research during business hours or by accessing Concordia’s web site at [http://www.concordia.edu/page.cfm?page_ID=1006](http://www.concordia.edu/page.cfm?page_ID=1006).

Concordia University Texas, in compliance with Section 504 of the Rehabilitation Act of 1973, does not discriminate on the basis of disabilities in admission or access to its programs. Students who believe they have been discriminated against may institute an internal *Grievance Procedure for Disability Complaints* to resolve their complaints. For more information, click on the following link: [http://www.concordia.edu/page.cfm?page_ID=1568](http://www.concordia.edu/page.cfm?page_ID=1568).

As required by the Clery/Campus Security Act, Concordia University has made available statistics for the previous three years regarding criminal offenses that have occurred on campus; in certain off-campus buildings or property owned or controlled by Concordia University Texas; and on public property within, or immediately adjacent to and accessible from, the campus. The *Annual Campus Security Report* also includes institutional policies concerning campus security, such as policies concerning sexual assault, and other matters. This information can be obtained by calling the Concordia University Texas Police Department during business hours or by accessing the following web site: [http://ope.ed.gov/security/](http://ope.ed.gov/security/).

As required by the Equity in Athletics Disclosure Act (EADA), The Report on Athletic Program Participation Rates and Financial Support Data is intended to make prospective and current students aware of Concordia University Texas’ commitment to providing equitable athletic opportunities for its men and women students. This report contains participation rates, financial support, and other information on men’s and women’s intercollegiate athletic programs. For further information, contact the Director of Athletics during business hours or access the following Web site: [http://ope.ed.gov/athletics/](http://ope.ed.gov/athletics/).

Concordia University Texas reserves the right not to teach any course listed in the catalog or its published schedules if enrollment does not warrant offering it or if other circumstances dictate its withdrawal.

Concordia University Texas does not exclude, expel, limit, or otherwise discriminate against an individual seeking admission as a student or an individual enrolled as a student in the terms, conditions and privileges of Concordia University Texas because of disability, sex, age, race, color, religion, or national origin. The Director of the Concordia Success Center is the disability coordinator. The Vice-Provost for Enrollment Services is the ADA/Section 504 compliance officer.

Concordia University Texas’s non-discrimination committee is chaired by the Vice Provost for Enrollment Services. Any person who has a question about discrimination with respect to handicapping condition should address the inquiry to the Director of Student Services.

Concordia University Texas abides by the policies found in the Family Education Rights and Privacy Act (FERPA) which provides registered students over the age of 18 the right of access to educational records that contain information directly related to them. FERPA also states that a university cannot permit access to or release of educational records or personally identifiable information contained therein to any party without consent of the student. For information about the Family Education Rights and Privacy Act, see section 7.18.

Concordia University Texas fully supports and abides by the law enacted by the 70th Texas Legislature concerning hazing. The law defines hazing as any intentional, knowing, or reckless act, occurring on or off the campus of an educational institution, by one person alone or acting with others, directed against a student, that endangers the metal or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in any organization whose members are or include students at an educational institution. The law states that a person can commit a hazing offense not only by engaging in a hazing activity, but also by soliciting, directing, encouraging, aiding or attempting to aid another in hazing; by intentionally, knowingly, or recklessly allowing hazing to occur; or by failing to report, in writing to the Director of Students or another appropriate official of the institution, first-hand knowledge that a hazing incident is planned or has occurred. The fact that a person consented to or acquiesced in a hazing activity is not a defense to prosecution for hazing under this law.

3.00 Admissions

3.00 Definitions
Degree-seeking students are admitted to Concordia University Texas in one of the following categories:

- **First time college freshmen**: Students who will graduate from high school (including GED and non-accredited high schools) in the same year as enrollment in college OR who have not completed 12 hours of college level work.
- **Transfer students**: Students who graduated from high school prior to the date of application AND have completed at least 12 hours of college level work OR students who hold an Associate of Applied Science (AAS) degree and are seeking admission to the Bachelor of Applied Arts and Sciences.
- **International students**: Students who need an I-20 issued in order to apply for an F-1 visa to attend school in the United States. Note: students who are not US citizens, but do not need an I-20, can apply as either freshmen or transfer students above.
- **Non-Degree Seeking Students**: Students who have earned a baccalaureate degree or have completed at least 18 semester hours of course work and wish to take courses for the purpose of personal enrichment or for employment and/or promotion opportunities.
- **Readmits or Former students**: Students, who have not attended Concordia University Texas for one complete academic year, defined as three academic semesters and must reapply for admission to resume their studies. See the admissions guidelines in this catalog for instructions and eligibility for Readmission.
- **Graduate students**: Students who have earned a baccalaureate degree and wish to take courses to earn either a Master’s of Education or Master’s of Business Administration. Students who already hold a Master’s degree and are seeking certification as a Principal, Reading Specialist, or Superintendent Certification in the State of Texas.

**Deadlines**
Concordia University Texas accepts undergraduate applications for admission on a rolling basis. All materials must be submitted one (1) month prior to the start of classes. Specific application deadlines are established for the graduate programs. Please contact the Office of Admissions regarding deadline dates, exceptions or extensions.

International students will need more time to complete the visa process. Applicants should have their files complete by June 1 for the Fall term, November 1 for the Spring term and February 1 for the Summer term. International graduate students must be accepted for admission and place one semester’s tuition on deposit in enough time to have a visa issued from their home country. In the event a student cannot get the visa approved for the semester of application, admission can be rolled to the following semester.

3.01 First-Time College Freshmen

**Required Materials**
All first time college freshmen must submit the following in order to be considered for admission:

1. Application for admission
2. $25 application fee (unless waived by the Admissions Office)
3. An official high school transcript (Note: Unofficial transcripts will be accepted prior to the student’s graduation. However, an official final transcript must be received prior to the start of classes).
4. **Official** SAT or ACT scores
   a. SAT/ACT scores that are recorded on high school transcripts are sufficient.
   b. Students who have graduated from high school more than 5 years prior to enrollment may be exempt from the SAT/ACT requirement.
   c. Students applying to our Accelerated Degree Program are exempt from the SAT/ACT requirement.
5. In the case of students who do not meet our admissions standards, additional information may be required prior to admission.

Transcripts, applications, test scores, and other documents submitted to gain admission to Concordia University Texas become the property of the university and will not be returned to the applicant. Applicants who fail to enroll for a given term and apply later may be required to submit an updated set of documents.

**Admissions Requirements for Graduates of an Accredited High School**
- First time freshmen must demonstrate a grade point average of at least 2.5 on a 4.0 scale and an ACT cumulative score of 20 (with a minimum of 20 on each section of the ACT) or an SAT score of 1440 (with a minimum 480 on each section of the SAT).
• Admission for applicants who fall below these standards will be determined by the Enrollment Committee. Those applicants may be required to submit additional information.
• A strong college preparatory program in English, mathematics, social sciences, and natural sciences is recommended.

Admission Requirements for Graduates of a Non-Accredited High School

• **GED Candidates**
  Students who did not graduate from high school will be considered for admission to Concordia upon submission of satisfactory GED scores. A satisfactory score is 50 for those who took the test prior to 2002 or 500 for those who took the test during or after 2002. GED candidates may be required to submit additional information at the request of the Admissions Officer.

• **Home Schooled Students**
  Applicants from non-accredited high schools will be considered for admission upon submission of transcripts of the work completed in high school, ACT/SAT scores, and such other documentation as the Admissions Officer may direct.

### 3.02 Degree Seeking Transfer Students

**Required Materials**

All *college transfers* must submit the following in order to be considered for admission:

1. Application for admission
2. $25 application fee (unless waived by the Admissions Office)
3. **Official** transcripts from all colleges/universities attended

Transcripts must reflect all credits attempted and/or earned through regular enrollment, correspondence, extension, or night school programs from each institution. Failure to report all prior colleges attended constitutes reason for refusal to admit or for dismissal. Completed courses from an accredited college/university not reported at the time of admission cannot be considered for transfer credit at a later date. Transfer students must arrange to have all transcripts for work attempted at other colleges or universities sent to Concordia directly from the institution of record. A student-delivered transcript will not be accepted as an official transcript, unless it is received in the original sealed envelope and appropriately stamped by the institution of record as “issued to student in a sealed envelope.” (Note: An official final transcript must be received prior to the start of classes).

4. In the case of students who do not meet our admissions standards, additional information may be required prior to admission.

**Admissions Requirements**

- College transfers must demonstrate grade point average of 2.0 on a 4.0 scale, cumulative for all colleges attended.
- Admission for applicants who fall below these standards will be determined by the Enrollment Committee. Those applicants will be required to submit additional information.

**Transfer credit**

The acceptability of courses presented for transfer credit from other colleges/universities will be determined by the Registrar's Office. Courses from colleges or universities not listed on the initial application for admission may not be accepted for credit. Additional information on transfer credit can be found in Section 7.0 of this catalog.

All courses, except developmental/remedial courses, are used by Concordia to compute the applicant's grade point average for admissions purposes.

### 3.03 Admissions Requirements for Designated Accelerated Programs

In addition to the regular admissions requirements of either section 3.01 First-Time College Freshmen or 3.02 Degree Seeking Transfer Students, all students that seek admission to any program designated as being an accelerated delivery program must fulfill the following requirements. Accelerated delivery programs are defined as those whose regular mode of delivery has less than the equivalent of 14 hours of contact per credit hour in its standard class schedule. This would include all of the BA programs listed as part of our Accelerated Degree Program (ADP), all on-line programs.

**Admission Requirements for Accelerated Programs**
Students applying to an accelerated program must meet one of the following requirements:
  o must be at least 23 years of age as of the first day of the term of intended start or the first available course of enrollment
  OR
  o Delayed enrollment of at least one year after high school graduation or equivalence (such as a GED) and at is least 19 years old plus at least one of the following:
    ▪ Works full-time (defined as a regular full-time position with a single employer)
    ▪ Is financially independent (as defined by their IRS status)
    ▪ Has children or other dependents (as claimed for IRS purposes)

3.04 Students Seeking Admission to a Bachelor of Applied Arts and Sciences Degree Program

Required Materials:
1. Application for admission
2. $25 application fee (unless waived by the Admissions Office)
3. Official transcripts from all colleges/universities attended
   Transcripts must reflect all credits attempted and/or earned through regular enrollment, correspondence, extension, or night school programs from each institution. Failure to report all prior colleges attended constitutes reason for refusal to admit or for dismissal. Transfer students must arrange to have all transcripts for work attempted at other colleges or universities sent to Concordia directly from the institution of record. A student-delivered transcript will not be accepted as an official transcript, unless it is received in the original sealed envelope and appropriately stamped by the institution of record as "issued to student in a sealed envelope."

Admissions Requirements
• Must have been awarded an approved Associate of Applied Science (AAS) degree
• Admission for applicants who fall below these standards will be determined by the Enrollment Committee. Those applicants will be required to submit additional information.

Transfer credit
The acceptability of courses presented for transfer credit from other colleges/universities will be determined by the Registrar's Office. Courses from colleges or universities not listed on the initial application for admission may not be accepted for credit. Additional information on transfer credit can be found in Section 7.0 of this catalog.

3.05 International Students
Admissions Requirements
• The U.S. equivalent of a high school diploma with a grade point average of at least 2.5 on a 4.0 scale for students entering as first-time freshmen.
• Satisfactory SAT (1440) or ACT (20) scores as necessary.
• The U.S. equivalent of at least a 2.0 grade point average on college work attempted for students who have attended any higher education institution in or outside the United States.

Graduate 6.5  

**Required Prior to Admission**  
All students seeking an I-20 leading to an F-1 (student) visa must submit the following in order to be considered for admission:

- A completed and signed Concordia University Texas Application for Admissions for International Students  
- A non-refundable application fee of $50.00.  
- Official transcript of all credits earned or attempted from each high school and/or college.
  - If the undergraduate student attended high school and/or college in the US, official transcripts should be submitted.  
  - High school transcripts not required for graduate admission.  
  - If the student did not attend high school and/or college in the US, an official AACRAO Foreign Education Credential Service evaluation of all secondary and/or post-secondary work completed outside of the United States.  
  - If undergraduate applicants have completed the equivalent of a U.S. high school degree, they should submit the Basic Statement of Comparability Evaluation.

**Required Prior to Issuance of an I-20**  
All students must submit the following before Concordia will issue an I-20:

- Written proof of financial support for one school year in the United States. Financial Assistance is not available from Concordia to international students. (Students who attended high school or college in the US may be considered for merit scholarships). Financial support documentation must be submitted as original bank or financial statements in English in US dollars issued within the last 90 days.

- Copy of valid Passport.

### 3.06 Non-Degree Seeking Students

Students who have earned a baccalaureate degree or have completed at least 18 credit hours of course work at a regionally accredited college or university and who wish to take courses for the purpose of personal enrichment or for employment promotion opportunities may enroll as non-degree seeking students.

Non-degree seeking students:

- Are not required to meet regular admission standards,
- Are not eligible for financial assistance, and
- Are limited to six credit hours per term.

Students need to declare their intent regarding degree seeking status or non-degree seeking status at the time of initial application to Concordia.

### 3.07 Readmission of Former Students

Former students who have not actively attended Concordia University for more than three terms must apply for readmission. Applicants who left in good standing are eligible for readmission at their old GPA.

Students being readmitted can elect to continue under the terms of either the degree requirements in force at the time the student first entered Concordia OR the degree requirements in force at the time of readmission. All requirements for a degree at Concordia must be completed within seven years of the date of the degree requirements elected by the student. At the discretion of the Admissions Officer or Center Dean, applicants who left on academic probationary status may be readmitted. If readmitted, student will be placed on Scholastic Probation at their old GPA.

Students dismissed from Concordia University for academic reasons must complete the Academic Dismissal Appeal Process regardless of the amount of time that has transpired since the dismissal. The Academic Dismissal Appeal forms are available through the Registrar’s Office and must be submitted to the dean of the college in which the student was previously enrolled. Students who enroll at another college or university must furnish an official transcript of their
academic work there. New transfer work from other regionally accredited colleges and universities will be considered in determining the applicant's readmission but will not affect their GPA.

3.07 Graduate Program Admissions (MBA and MED) – see section 14.00 Graduate Programs for more information.

4.00 Academic Information

4.01 Academic Responsibility of the Student
Students are responsible for knowing university policy regarding the standard of work required to continue in the university as well as the policies dealing with scholastic probation and enforced withdrawal. Students should
- know and meet the requirements of their degree program,
- enroll in courses appropriate to their degree program,
- take courses in the proper sequence to ensure orderly and timely progress, and
- seek advice about degree requirements when appropriate.

Failure to read the ensuing material does not excuse students from meeting all policy requirements.

Attendance
Undergraduate
Traditional Programs:
Concordia University Texas expects students to attend class regularly in order to maximize their educational experience. Individual programs and/or instructors establish an attendance policy for courses and that policy is communicated to the student. Students are responsible for familiarizing themselves with this policy at the beginning of each course. Students receiving any form of financial assistance (including VA benefits) must maintain regular attendance to be eligible for assistance.

Accelerated Degree Program:
This Accelerated Degree Program attendance policy states that any student not attending the first night of class will be administratively dropped from that course. Likewise, these programs have attendance policies that limit the number of hours a student may miss before being administratively removed from the course. Students receiving any form of financial assistance (including VA benefits) must maintain regular attendance to be eligible for assistance. For more information, contact the center director/dean.

Graduate
For the Master of Education and the Master of Business Administration program attendance police, see 14.02 Academic Information.

Academic Honesty
Concordia students are expected to practice academic honesty at all times. This expectation includes avoiding all forms of plagiarism including those attained though electronic media, fabrication, cheating, or academic misconduct of any kind. It is the official policy of Concordia University Texas that all acts or attempted acts of alleged academic dishonesty, whether at the graduate or undergraduate level, be reported to the Office of the Provost by way of the Dean of the respective school within which the course is taught.

Definitions of Academic Dishonesty
- Plagiarism - Plagiarism is the inclusion of someone else's words, ideas, or data as one's own work, whether intentional or unintentional. When such words, ideas, or data is used, the source of that information must be acknowledged through complete and accurate references. Quotation marks or block quotes along with appropriate notation(s) must be used if verbatim statements are included. Plagiarism covers unpublished as well as published sources.
- Fabrication - Fabrication is the intentional use of invented information or the falsification of academic records, research, or other findings with the intent to deceive.
- Cheating - Cheating is an act or an attempted act of deception by which students seek to misrepresent that they have mastered information on an academic exercise that has not been mastered.
• **Academic Misconduct** - Academic misconduct is the intentional violation of University policies by tampering with grades or transcripts, or taking part in obtaining or distributing in advance any part of a test.

If Academic Dishonesty is confirmed, the student will be informed of the charge, the investigation, the determination, and the resulting consequences by the Dean of the respective college in which the alleged incident occurred. The Provost will be informed of the incident by the Dean, who will submit a report concerning the process within five working days from the time the student has been informed of the initial allegation. If the incident should occur within the last week of classes, the student will be given an *Administrative Incomplete* until the situation is resolved.

### 4.02 General Information

#### Census Date

The Census Date for each long semester is published in the Academic Calendar. As of that date all class schedules are official, a matter of permanent record, and will appear on a student's transcript. For the Accelerated Degree Program, census day is the first night of class. For students in the Graduate Programs, census day is the first night of class.

- Courses dropped before the Census Date will not appear on the student's transcript.
- Courses dropped after the Census Date and before the Withdrawal deadline will be recorded on the student's transcript with the grade of "W".
- Certification of attendance for insurance purposes will be done as of Census Date for that semester.
- Census date for a full semester (semester/courses lasting sixteen weeks) is the tenth day of the semester.
- Census date for part-of-term semesters (semesters/courses lasting from four-to-eight weeks) is the first meeting time of each course.

#### Classification of Students

**Standard Classifications**

- Freshman - Students who have successfully completed less than 30 credit hours.
- Sophomore - Students who have successfully completed 30 - 59 credit hours.
- Junior - Students who have successfully completed 60 - 89 credit hours.
- Senior - Students who have successfully completed 90+ credit hours or who have been awarded a baccalaureate degree and who plan to obtain another degree at Concordia.
- Post Baccalaureate – Students who have received a Bachelor’s degree, but wish to pursue further study
- Graduate – Students who have received a Bachelor’s degree and are pursuing a Master’s Degree
- Post Graduate – Students who have received a Master’s Degree or higher and want to pursue further study

**Other Classifications**

**Special/Post-Baccalaureate**

Students who hold a baccalaureate degree from any regionally accredited institution who 1) are enrolled in a certification program or 2) are pursuing another major, but do not plan to obtain a second baccalaureate degree.

**Degree Seeking**

Students, full or part-time, in pursuit of an associate, baccalaureate, or master’s degree; students wishing to take course work for the purpose of applying for credit in another institution fall under this classification.

**Non-Degree Seeking**

Students who wish to take course work for purposes of personal enrichment or employment promotion opportunities. See the paragraph on Admission under Non-Degree Seeking Students.

**Lutheran Church Work**

Students preparing themselves for one of the Lutheran Church-Missouri Synod church work vocations and have signed a Declaration of Intent. Such students must hold membership in a Lutheran Church-Missouri Synod congregation.

**Community Learner**

The Community Learning program is designed to allow the community to take part in courses for personal enrichment. A community learner is not considered a student and does not receive any credit for the course. To participate in the Community Learner program, an individual must file an application with the Registrar’s Office as well as secure permission of the instructor prior to enrolling in the course. Participation in the Community Learner program requires a per course fee due at the time of enrollment along with any associated special fees if applicable (see Tuition and Fees). Community Learner participants may not register for music lessons, internships, travel courses, practicum courses, or courses that are full and/or closed.

**Concurrent Enrollment**

Current Concordia students may take correspondence or on-line courses and/or courses in residence at one of the neighboring institutions. A *Transfer Course Approval Form* should be completed prior to enrollment. Academic Dean or
Registrar approval of the form indicates to the student that credit from the course taken will be accepted by Concordia. Current students who complete coursework at other institutions must provide the Registrar's Office with transcripts from these institutions immediately after completion of the course(s). Courses in which a grade of A, B, or C has been earned will transfer for credit only and will not be included in the Concordia grade point average.

NOTE: For prior-approved transfer credit taken during the term of anticipated graduation to be counted toward degree completion and graduation, all transcripts must be received in the registrar’s office prior to the end of that term.

Course Loads
- No student is permitted to enroll in more than 19 credit hours in any combination of courses. Exceptions to this policy must be approved, in advance, by the dean of the college in which the student is enrolled.
- Students desiring to enroll in more than 18 credit hours are required to have earned a 3.00 cumulative GPA or higher.
- Other restrictions about course loads are included under the headings of Scholastic Probation and Provisional Admission.
- Students are allowed to register for and enter upper-level courses regardless of classification if that student meets the prerequisites of the course.

Auditing Classes
Students who wish to acquaint themselves with a subject without receiving credit may audit the course, subject to seat availability. Students registered for credit have first priority. Audit requests should be made with the advisor during the normal registration periods.
- There is an audit fee per academic hour (see Tuition and Fees); students who are enrolled in 12 or more hours of credit bearing course work may audit free of charge.
- Auditing grants individuals the privilege of hearing, observing, and participating.

The instructor will advise the auditing student of course expectations with respect to the student's responsibilities at the beginning of the term. Based upon these criteria:
- The instructor will determine whether or not the audit designation will appear on the student's academic record at the end of the term.
- Students may not change status from "Audit" to "Credit" within the same term in a course originally started as an audit. (Likewise students may not change status from "Credit" to 'Audit').
- Music lessons may not be audited.

Course Placement
Concordia offers placement options for several introductory courses in the curriculum. Students interested in course placement should contact the appropriate College dean for information on procedures. Courses currently having placement options are in the areas of music and math.

NOTE: Placement does not constitute waiver of hours required in the core, major, or minor.

4.03 Schedule Changes (Add/Drop)
Traditional Students
Courses may be added or dropped during the on-line registration period or before the Add/Drop deadlines (see Academic Calendar). All course schedule changes must be filed by the student in the Registrar's Office once the on-line registration period has ended. Courses may not be added or dropped after the designated Add/Drop deadlines for each term.

Accelerated Degree Program
Students may drop the course in which they are currently enrolled until the beginning of the second class session of the course. [If student is receiving financial aid, (s)he must contact their Financial Aid advisor prior to dropping a course.]

Master's Degree Program
Students in the MED and MBA cohort programs are not encouraged to drop courses. If dropping/changing schedules is absolutely necessary, see section 14.00 Graduate Programs or an advisor for instructions.

4.04 Degrees, Majors, and Minors
Concordia University Texas grants the following degrees at the undergraduate level:
The general requirements for each degree as well as majors offered are described in the following subsections.

**Degree Programs and Majors**

**Associate of Arts (AA)**

Requirements for the Associate of Arts Degree

Students selecting the Associate of Arts degree must successfully complete a minimum of 64 credit hours to satisfy degree requirements.

**Associate of Art (AA) in Behavioral Science (AABS) (Accelerated Degree Program only)**

Students selecting the Associate of Arts degree must successfully complete a minimum of 64 credit hours to satisfy degree requirements. A minimum of 22 of the 64 academic hours required for the AA in Behavioral Science (AABS) must be taken at Concordia to meet the residency requirement. Students seeking the AABS who wish to continue to a BA degree should complete all degree requirements for the AABS degree before taking courses toward the BA degree.

**Bachelor of Arts (BA)**

Through the study and experience of the liberal arts, students will develop the ability to read, speak, and think critically in public settings make informed decisions and interpretations about national and international events concerning culture, economics, government, and religion communicate clearly and persuasively in oral and written form develop insights and understanding of the human condition.

**Majors**

**Behavioral Sciences**

The Behavioral Sciences major draws from two academic areas: Psychology and Sociology. Students study human behavior and develop skills that enable them to communicate effectively, think critically, and engage in research and investigation.

**Business (Accelerated Degree Program only)**

This degree provides a well-rounded introduction to the world of business. While familiarizing students with general business principles, this major specializes in developing leadership skills with the goal of better-preparing its graduates to become effective, caring, Christian managers. Because the degree emphasizes finance and accounting, graduates from this major will be well-prepared to enter graduate-level programs in Business and Business-related fields. The BA in Business, like all degrees in the Accelerated Degree Program, emphasizes communication skills.

**Biology**

The mission of the Biology Major is to cultivate in students those capabilities necessary for them to promote stewardship of the biotic environment and provide Christian leadership in careers related to biology.

**Communications**

The Communication Major provides students with an understanding of the communication process and with skills in message production. As society moves into the information age, men and women with schooling in communication will have a distinct advantage in sharing ideas and beliefs, molding opinion, and assuming an active role in shaping the future.

**Director of Christian Education**

The Director of Christian Education major provides basic educational, religious, and interpersonal foundations for the student and provides specialized training to develop individual interests in areas such as youth ministry, children's ministry, music and the arts, theology, cross cultural ministry, missional emergent, and outdoor ministry.

**Education**

Concordia University Texas currently offers state approved Bachelor of Arts programs for Elementary (Early Childhood through 6th grade), Middle School (grades 4 through 8), and Secondary (grades 8 through 12) Certification and Special Education as based on the State Board for Educator Certification (SBEC) Rules for an Educator Preparation Program. Upon completion of a teacher education program at Concordia and successful
completion of the state certification examination (TExES), a graduate may apply for recommendation for the appropriate state certification.

Elementary School Curriculum Major - Early Childhood – 6th grade
Middle School Curriculum Major - Grades 4-8 Generalist or Grades 4-8 Content Specific Certificate
Secondary School Curriculum Major - Grades 8-12 Content Specific Certificate
Special Education Curriculum Major-All Level EC-12

English
The English Major provides students the opportunity to read and analyze critically a variety of literary genres, and to develop skills in communicating clearly, cogently and coherently in writing and speaking.

Environmental Science
The Environmental Science Major emphasizes the relationship between humankind and the natural world, and prepares students to recognize and deal with the impact of human interventions on environmental systems.

Healthcare Administration (Accelerated Degree Program only)
The Bachelor of Arts in Healthcare Administration is a timely and important major that aims to prepare qualified workers for the burgeoning healthcare industry. This major concentrates on developing the skills necessary to be a qualified, capable and confident manager in a variety of healthcare environments. Considerable attention is given to the development and articulation of a student’s individual ethical positions regarding the complex issues that often arise in this industry. Successful students in this major may or may not have prior work experience in health-related fields. A culmination course will provide a real-world experience for all students in the major. The BA in Healthcare Administration, like all majors in the Accelerated Degree Program, emphasizes communication skills.

History
The History Major prepares students for participation in a highly complex and demanding society. It fosters their ability to understand the origin and impact of major political and cultural developments, economic trends and social movements of the world around them. They come to appreciate and respect the diversity of their own rich heritage, as well as that of others, and interpret responsibility to the world around them through the use of critical thinking and communication skills.

Human Resource Management (Accelerated Degree Program only)
The Bachelor of Arts degree in Human Resources Management provides current and up-and-coming human resource (HR) professionals the skills necessary to position their organizations on the cutting edge of workforce development and management. By equipping HR students with proven candidate analysis and training techniques, a broad range of compensation models, the latest in personnel training, labor relations skills, strategic management, networking opportunities and more, Concordia University Texas HR graduates will be prepared to serve in a broad range of HR roles. The major in Human Resources Management, like all majors in the Accelerated Degree Program, emphasizes communication skills.

Multidisciplinary
The Multidisciplinary Major helps students acquire a broad background in the common areas of knowledge; focus on at least two areas for more in-depth study; develop critical thinking skills; and improve their ability to communicate effectively in speaking and writing.

Music Ministry
This major prepares students for a career as a parish music director, conducting and organizing the musical components of worship for a variety of worship styles as a performer and an ensemble director. All students choose a performance area (organ, piano, vocal, instrumental or guitar) in which to specialize.

Bachelor of Applied Arts and Sciences
The Bachelor of Applied Arts and Sciences (BAAS) degree is designed to provide a transfer path into a bachelor degree program from AAS degree programs, which are approved in Texas by the Workforce Commission to meet specific career skill requirements through college credit programs. The BAAS degree requires a minimum of 124 credit hours and the structure for the degree plan is based on 4 classifications of credit hour requirements: general education core, a coherent technical specialty earned through an AAS degree, a major track enhancing the AAS and/or career, and general elective hours.
Major
Technical Management
Technical management provides the necessary skills to advance into supervisory and entry level management positions within the career path of the student as supported by the AAS training already achieved. The Technical Management program provides a selection of business courses in which students learn how to apply core business skills within their own career field or business environment.

Bachelor of Business Administration (BBA)
The Bachelor of Business Administration (BBA) is offered in the traditional program only. Students graduating with a BBA degree will concentrate in one of five areas: Accounting, Finance, Management, Marketing and General Business. In addition, minors can be earned in Accounting, General Business, and Finance. The BBA consists of 128 hours: 55-57 hours of University core curriculum, 36 hours in the BBA Major, and 15 hours in the specific Concentration. The remaining hours of the required 128 hours are electives chosen from the Business curriculum or other fields of interest for the student.

Bachelor of Science
The College of Science offers both the Bachelor of Arts and Bachelor of Science degrees and includes those majors that focus on the natural world rather than the philosophical or spiritual world. In addition to the traditional sciences, the College also oversees programs of study in health care, as well as the advising of individuals pursuing careers in medical fields.

Majors
Biology
The Biology Major cultivates in students those capabilities necessary for them to continue to explore the field of biology, promote stewardship of the biotic environment, and provide Christian leadership in careers related to biological science.

Computer Science
The Computer Science Major is modeled after the Association for Computing Machinery (ACM) recommendations, which require 39 hours of computer science and 18 hours of mathematics courses. In the required courses, students develop both the theoretical and the practical skills needed to design computer systems; to design, install, or repair computer hardware; to write software; to perform mathematical analysis of algorithms and performance studies; and to reason clearly, think analytically, and solve problems.

Environmental Science
The Environmental Science Major emphasizes the relationship between humankind and the natural world, and prepares students to recognize and deal with the impact of human interventions on environmental systems.

Kinesiology
A study of the mechanics and the anatomy of human movement, kinesiology has direct applications to fitness and health. With three tracks, Generalist, Athletic Training, Pre-Physical Therapy, and Fitness and Wellness Supervisor, students in this major select the track best suited to their career goals.

Mathematics
The Mathematics Major offers courses in analysis, calculus, discrete mathematics, cryptology, differential equations, geometry, modeling, number theory, problem solving, probability, and statistics. In these courses, students develop the ability to reason clearly, think analytically, communicate mathematically, value mathematics, and solve problems.

Nursing
The Nursing Major has two distinct parts: The Pre-Nursing preparation sequence of courses are taken the freshman and sophomore years; midway through your sophomore year, student may apply for the BSN in Nursing professional sequence, which is taken during your junior and senior years. The pre-nursing sequence consists of required courses in the sciences and humanities that provide students a solid foundation for the art and science of caring for others. The professional nursing sequence [NUR courses] will consist of nursing lecture and clinical courses that provide students the knowledge, skills, and attitude necessary to become competent and compassionate professional nurses and are only available to students admitted to the professional nursing sequence.
Double Majors and Post-Baccalaureate Certificate
Students pursuing a baccalaureate degree and desiring a double major must complete all courses unique to each major and make application for each major through the appropriate channels.

Students holding a baccalaureate degree and desiring a post-baccalaureate certificate must complete course work unique to the major. Upon successful completion of the coursework, the student will be awarded a certificate of completion and it will be recorded on the student’s transcript as a post-baccalaureate certificate.

Second Bachelor’s Degree
Students may qualify for and earn a second bachelor's degree from Concordia University Texas by completing a minimum of 30 credit hours above the 128 credit hours required for the first bachelor's degree. These hours must include all specific core and major requirements pertaining to the second degree that were not included in the first degree program. All courses must be completed in residence. The major for the second degree must differ from the first.

Minors
A minor may be earned in most subject areas, unless otherwise specified, by completing a minimum of eighteen (18) credit hours in a given subject with at least nine of the eighteen hours being upper-level. Courses that a student uses to fulfill core requirements may not be used to fulfill minor requirements.

Courses that a student uses to fulfill major requirements may be used to fulfill minor requirements as well. Students majoring in an area may not also earn a minor in the same area. Some subject areas have specific course requirements for a minor. Those are shown below. All other subject areas require completing a minimum of eighteen (18) credit hours in a given subject with at least nine (9) of the eighteen hours being upper-level. If a subject area does not offer at least eighteen (18) hours of courses of which at least nine (9) are upper-level, then a minor is not possible in that subject area.

Foreign Language Requirement
Students majoring in the College of Liberal Arts are required to pass two terms of the same foreign language. Students graduating from high school in another country in which the language of instruction in the school was a language other than English are presumed to be fluent and literate in another language and are exempted from the foreign language requirement. The foreign language requirement may also be met by receiving the recommended score on a CLEP exam in any of the language exams offered.

4.06 Special Courses
Course-by-Arrangement (CBA)
Concordia University Texas offers the opportunity for students to receive instruction in an approved course within its curriculum through personal arrangement between the student and instructor. To apply for Course-by-Arrangement instruction, a valid scheduling conflict (see definition below) must exist. Permission to take a Course-by-Arrangement must be approved by the instructor, the advisor, and the Dean of the appropriate college or, for students in the Accelerated Degree Program, the Center Director/Dean.

- A maximum of nine (9) credit hours towards the completion of the degree requirements may be earned through Course-by-Arrangement instruction at the undergraduate level.
- Course-by-Arrangement (CBA) in the Master of Education program is limited to three (3) credit hours and will only be allowed by petition to the Graduate Education Committee.

Students may obtain the necessary form for Course-by-Arrangement from the Registrar's website (www.concordia.edu) or in the Registrar’s Office. In addition to tuition, there is an extra fee for a Course-by-Arrangement.

Definition
A valid scheduling conflict exists when:
- Courses a student needs for graduation are offered at the same time; or
- Course a student needs for graduation is not offered in that given term, and there is a valid reason the student did not take the course when last offered.

NOTE: Student's personal schedule or work schedule does not automatically constitute a valid scheduling conflict.

Independent Study
An Independent Study is an individual tutorial emphasizing close reading and discussion of literature in an area of interest to the student that is applicable toward the student’s degree but not offered as an existing course at Concordia. With guidance from the professor who has agreed to lead the Independent Study, the student is responsible for generating an outline for the course, selecting the appropriate text books/readings, developing objectives for the course, and creating a timeline for the starting and ending of the course.

Requirements:
- A 2.75 cumulative GPA and a 3.25 average GPA in either: 12 credit hours of course work in the chosen discipline, including six upper-level-hours, or at least 12 credit hours of course work in the student's major, including six upper-level hours;
- Signature of approval from instructor, Director of the Major and Dean of the College.

The Independent Study Form is available on the Registrar’s page of the Concordia website (www.concordia.edu).

Online Courses
Concordia University Texas is a member of the Online Consortium of Independent Colleges and Universities (OCICU). Online courses are offered through OCICU in a variety of subject areas. Courses taken through OCICU
count as residency hours. Contact the Dean of your College, your Academic Advisor, or your Center Director/Dean for more information about the program. For more information on the Concordia OCICU courses, see the College of Business section of the catalog.

**Travel Courses**

Concordia University Texas offers students the opportunity to take courses which meet in other regions, and/or nations. A travel course is designed so that students complete the majority of the course requirements, either by field experience or a period of concentrated study, during the designated time of the course. Students involved in travel courses will be excused from the normal class schedule, but are required to make arrangements prior to the trip with their other professors regarding assignments, work due, tests, etc.

Travel course dates are published in the schedule of classes. Travel courses may be dropped prior to the first day of the course without penalty. A grade of "W" will be recorded on the student’s official transcript. Students may not withdraw from a travel course after the course has begun; at that point the instructor of record must assign the student a letter grade. Students who register for travel courses must pay any/all special fees and meet all requirements before the course is completed. Students who drop a travel course are still responsible for paying any/all special fees.

Concordia presently offers travel opportunities to the following locations.

**International Travel**

**AHA International.** Concordia partners with several organizations that facilitate student travel to and enrollment in academic programs with institutions around the globe. These experiences are invaluable in not only continued learning but also in giving experiences and context outside of those that would be gained staying only at one location in the US. The Study Abroad Programs Director is currently Dr. Paul Muench, who can be reached for more details on the programs and available options. Students should note that additional fees (Concordia’s fee is currently $250) apply for participation beyond the added travel and living expenses. Participation in a program that requires enrollment at Concordia during the duration of the experience and that will not provide a transcript from the international school will require an additional fee (currently $500) for the courses to be approved and loaded to Concordia’s system for your transcript. Other options for this service may be available at US schools as arranged by the sponsoring study abroad organization, contact the Director of Study Abroad programs for more details.

**Central America and the Caribbean.** BIO 3302 Tropical Biology. Every spring break we conduct a 9-day trip to a Central American country and to the Caribbean. See Dr. Laurence Meissner for details. Additional fees apply.

**Texas/Mexico Border.** BADM 4311 International Business Management. A four-day trip usually scheduled during the Fall term to Eagle Pass/Piedras Negras which explores the economics, politics and culture of doing business on the Texas/Mexico border. Contact the Dean of the College of Business for details. Additional fees apply. Not offered every year.

**Stratford, Ontario, Canada.** ENG 3307 Drama at Stratford. Held each August, this one week trip to Stratford, Ontario, Canada, covers eight plays during the Stratford Festival and additional plays at the Shaw Festival at Niagara-on-the-Lake. Contact the Director of the English Major for more information. Additional fees apply.

**United States Travel**

**Hawaii.** SCI 3304 Geology and Ecology of Hawaii. Every third summer Concordia students travel on a two week trip to the Big Island and Kauai. See Dr. Laurence Meissner for details. Additional fees apply.

**Pacific Northwest.** BIO 3370 Ecosystems of the Pacific Northwest. Every third summer students may travel for two weeks to Mt. St. Helens and other ecological sites in the Pacific Northwest. See Dr. Laurence Meissner for details. Additional fees apply.

**Grand Canyon & Southwest.** SCI 3303 Geology and Ecology of the Southwestern US. Every third summer students have the opportunity to travel to the Grand Canyon and other desert sites in the Southwest. Contact the Office of the Dean, College of Sciences for details. Additional fees apply.
**Texas. BIO 1101 - 1106.** Each term a different geographical region (six total) of Texas will be visited. The regions include East and Southeast, Rio Grande Valley, Southwest, Panhandle and Northwest, Central, and the Guadalupe Mountains. See Dr. Laurence Meissner for details. Additional fees apply.

**Internships**

General Internship and Scholarship Information

Information on non-program-specific internships that are available can be found by contacting the Career Center. Some types of internships offered may include summer internships in a broad array of disciplines as well as summer travel internships. For example, when in session, the Texas House of Representatives offers a 20-hour per week internship in Political Science that can last one term.

The Career Center also offers other career-related information.

Specific Program Internship Guidelines

The major objective of an internship is to provide meaningful work experiences similar to those of professionally trained employees. It should provide a variety of work opportunities, allowing you to spend time in several different departments or areas, providing as much “hands-on” experience as possible.

The programs listed below provide an internship option to earn credits towards a degree. If interested, the student should take the initiative to a) gather information about the internship experience, b) talk with the internship program director or the director of the major, c) register for the class and d) arrange the internship with an organization related to that field. Each program has some guidelines for students to follow which provide internship-related information to students.

Programs offering this opportunity maintain contacts and have a file of available internships. In some cases internships may be generated by the internship coordinator, but in most cases students will work in conjunction with their director to establish their own internships. Before pursuing the internship, approval must be received from the internship program director or the director of the major. Credit will be given only for those approved internships that meet the program guidelines and policies.

The following programs offer internship opportunities:

- Accounting
- Behavioral Sciences
- Business Administration
- Communication
- Computer Science
- Director of Christian Education
- Environmental Science
- History
- Kinesiology
- Marketing

**Program Specific Guidelines**

**Behavioral Sciences Internships:** In the Behavioral Sciences internship, students set up their own internships, but are assisted by the faculty contact person. Students may complete an internship with any human service organization (state agency or non-profit). They must complete 180 hours of on-the-job work as well as several written assignments. The students meet with the contact person periodically, who visits them at the site and meets with their supervisor.

**Business Administration Internships:** College of Business students seeking an internship in accounting, business, or marketing must first apply for an internship through the Director of Business Internships. Applications are included in the College of Business Internship Guidelines package, located on the College of Business Web Site or in the College of Business office. Internship sites may be student-initiated or set up through the Director of Business Internships. Students must complete 150 – 180 hours of on-the-job work on a project outside of normal day-to-day responsibilities. Requirements include weekly written reports, periodic meetings with the Director and/or the professor responsible for the internship, and a final evaluation from the internship supervisor. For prerequisites and further information, see the College of Business Internship Guidelines.

**DCE Internships:** The final requirement for DCE certification is a yearlong internship, normally following graduation, in a congregation, agency or mission site of The Lutheran Church-Missouri Synod. While interns register as students under the ultimate direction of the DCE Program Director during internship, they are also paid by the participating...
congregation or agency and are under the direct supervision of a full-time person in the congregation or agency during this time.

Environmental Science Internships: An internship in environmental science provides students with meaningful work experiences similar to those of environmental agency professionals. To the extent possible, internships provide as much “hands-on” experience as possible, allowing interns to perform meaningful work. An extremely important emphasis of the internship program is to provide exposure of interns to a wide array of opportunities in a variety of departments for observation, training, and participation in the functions of the business or agency. Prior to pursuing an internship, the student must consult with the Director of the Major. All internships must meet the Environmental Science Program guidelines and policies as described in the Environmental Science Handbook.

4.07 Service-Learning
Concordia's Service-Learning program and mission combines a Servant Youth Leadership Initiative to provide leadership development for college students.

Service-Learning is a form of instruction in which students design projects to address community needs as part of their academic studies. It combines field and classroom instruction by linking community partners to service projects. Service projects directly flow from established and required learning outcomes for non-credit or credit-bearing academic courses. Students collaborate and discuss their ideas with community partners in order to identify and address a meaningful community need. Service-Learning links academic study to meaningful community service so that students' academic experience and communities are mutually strengthened.

4.08 Methods of Gaining Non-Residential Credit
4.08.01 Transfer Credit
Credit from a regionally accredited institution must fit within the liberal arts framework of Concordia University Texas to be considered for transfer credit. Credit that meets this requirement is normally accepted on a credit-for-credit basis. Transfer credit from institutions in candidacy status with a regional accrediting body which are later granted accreditation will normally be accepted based on the same criteria as that from a regionally accredited institution. A minimum grade of “C-” in the course for which credit is requested for transfer is required by Concordia University Texas. Courses from a junior college are not accepted as upper-level credit. Credit from non-regionally accredited institutions is generally not acceptable.

Coursework completed prior to the first day of the term enrollment begins at Concordia will not be accepted or considered for transfer credit unless the institution was reported at the time of admissions and the official transcript is received by the Registrar’s Office of Concordia. Estimates or statements of transfer of credit are un-official and only the final determination by the Registrar’s Office based upon official transcripts can be used to establish credit hours transferred and requirements met through such transfer. All official transcripts must be in the Registrar’s office on or before the fifth day of the term for students in the Adult Degree Program; or five days after the start of the term for Graduate Students.

Concordia students who wish to take courses at other institutions for credit transfer back to Concordia should fill out, sign, and submit a Transfer Course Approval form to the Office of the Registrar prior to enrolling in a course at another institution. After review, notification will be sent to the student indicating whether or not the request has been approved. Positive approval from the Registrar’s office assures the student that credit for that course will be accepted as credit toward their degree at Concordia. Credit from courses taken without prior approval may not be accepted.

It is the student’s responsibility to provide the Registrar’s Office at Concordia University Texas with all needed documentation from the institution from which they want to receive transfer credit. The acceptability of courses presented for transfer credit from other colleges will be determined by the Registrar's Office in conjunction with Concordia faculty.

Courses/Credits that are generally not accepted for credit include:
- Credit from courses that are remedial in nature;
- Credits from non-regionally accredited institutions; and
- Credits from institutions that are regionally accredited but do not fit within the liberal arts framework of Concordia University Texas.

Courses/Credits not accepted for transfer credit
- Credits from courses for which the student earned a grade of “D” or lower; and
• Credits received through continuing education.

Grade points earned from any accepted transfer credit is not figured into the grade point average (GPA) calculation for Concordia University Texas except for admission purposes. Transfer courses cannot be used to replace an existing grade at Concordia nor can it be used to improve Standards of Academic Progress evaluations.

4.08.02 Neutral Credit
Credit by exam including CLEP, AP, ACTPEP, DANTES/USAFI, military colleges and other extra-institutional programs evaluated by American Council on Education (ACE), may be used to satisfy degree requirements but do not count toward residential credit requirements. Credits based on ACE evaluations of non-collegiate sponsored instruction (e.g., corporate, state training programs) and Prior Learning Assessment (PLA) do not meet Concordia residency requirements (neutral).

4.08.03 Advanced Placement Exams
Concordia University Texas accepts college credit for satisfactory scores on the College Board's Advanced Placement Examinations.

Scores of 3, 4, or 5 = Satisfactory CE (Credit by Exam)
Scores of 1 or 2 = Unsatisfactory No Credit

Admitted students who receive satisfactory scores in the subject areas indicated by the Advanced Placement Examinations will be awarded equivalency credit for the Concordia courses as indicated below:

*ACE recommended test scores will determine if foreign language, calculus or chemistry credit will be awarded.

4.08.05 Credit by Examination
A maximum of 15 credit hours of credit may be earned by examination for application toward the Associate of Arts
Degree; a maximum of 30 credit hours may be earned by examination for application toward the Bachelor of Arts or
Science Degree. Concordia will determine the award of postsecondary academic credit for extra institutional credit-by-
examination programs related to the student's educational objective at Concordia based on the most recent
recommendations by the American Council on Education. Concordia assumes no responsibility for awarding
credit for examinations taken that are not on the acceptable list for such credit.

4.08.06 International Baccalaureate
Concordia University recognizes the International Baccalaureate (IB) and accepts individual course credit for higher
level (HL) IB courses with test scores of 4, 5, 6, or 7. For each course presented and accepted, 3 credit hours of credit
will be granted to be used in the student's program as appropriate. No credit will be granted for standard level (SL)
courses.

4.08.07 Military Experience and Education
Concordia will accept credits earned through the USAFI or DANTES program and grant credit for military
educational experiences in accordance with the recommendations of the American Council on Education. Student will
need to provide the Registrar's Office with:
- a copy of the student's DD-214 showing all schools attended, or
- a Community College of the Air Force (USAF) transcript, or
- a SMART (US Navy, US Army, or US Marine Corp) transcript.
If there is more than one DD-214 showing schools attended, student will need to provide the Registrar’s Office with copies of each one. Based on this documentation, evaluation of the student's military education and experience will determine if credit can be awarded.

4.08.08 Prior Learning Assessment (PLA)
Degree-seeking students currently enrolled at Concordia University Texas may petition for Prior Learning Assessment (PLA) credit based on previous experiential learning acquired on the job, in previous training and/or through personal study. Students may petition for PLA credit for only those eligible courses listed in the current Concordia Undergraduate Catalog. Students must meet with their advisor to review the PLA criteria and the petition development process before attempting to earn credit through prior learning assessment.

Concordia grants up to eighteen (18) credit hours for properly documented prior experiential learning that demonstrates achievement of all outcomes for specific courses in an approved Concordia major. PLA credit may not be used to satisfy Concordia residency requirements for graduation. PLA credit is awarded on a Pass/Fail basis. Concordia University does not grant block credit and will not award PLA credit based on internships, Independent Study courses or courses for which CLEP or other equivalency exams exist (as listed in the Concordia Undergraduate Catalog). Maximum use will be made of national, standardized equivalency exams to award credit for prior experiential learning.

Students are responsible for supplying clear and convincing documentation to support their PLA petition. Concordia may not accept documentation of experiential learning acquired while the student attended an institution that was not accredited by a regional accrediting association. Students may not petition for PLA credit using a course for which they have already received credit on a college-level transcript.

Once submitted, the PLA petition is reviewed by selected faculty at Concordia University Texas. Final approval is given by the Provost and notification comes from the Registrar’s Office. All material submitted with the PLA petition becomes the property of Concordia University Texas.

Students intending to submit a portfolio for PLA evaluation must submit it no later than six months prior to their anticipated date of graduation. The PLA assessment fee for each petition submitted must be paid in advance with a copy of the receipt included in the portfolio at the time of submission. PLA credit is awarded in the term in which the petition is approved by the Provost. Concordia University Texas does not accept PLA-type credit from other institutions. See 5.00 Fees and Refunds section of the catalog.

4.09 Grades and Academic Appeals
Posting of Grades
Completed course grades are posted to MyInfo twice during the term; once at mid-term (9th week of the term) for courses completed in the first eight-weeks of the term and within 7 to 10 business days after the official last day of the term.

Academic Appeals
Students who have an academic grievance with an instructor should discuss the issue with the instructor before pursuing any other action. If the student and the instructor are unable to resolve the issue, the student may appeal to the Dean of the College or University Center in which the issue occurred. If the student does not feel that the issue has been resolved by the Dean of the College, the student may appeal to the Provost, whose decision is final.

NOTE: In the case of grade appeals, students have until midterm of the following long term to challenge course grades, have a decision reached, and, if necessary, have the appropriate paperwork submitted to the Registrar’s Office. Paperwork received in the Registrar’s Office after the deadline will, in most cases, not be accepted.

4.09.01 Grade Change Policy
Requests for grade changes are to be made to the instructor of the course in which the grade was received. Grades may be changed by the professor until noon on the third day following the last day of final exams without additional paperwork submitted. Grade changes are normally limited to miscalculations by faculty when computing the final grade, errors in recording grades or delays by faculty in locating misplaced assignments. After the third day following the last day of exams, all grade changes must be a result of miscalculation of the final grade by the faculty person assigned to the course in question and submitted on a Grade Change Request form with all required signatures. A grade change request may not be initiated after mid-term of the following long term.
4.09.02 Incompletes
An “Incomplete” is not a grade but a place-holder (denoted by an indicator of "I" in place of a grade). In order for an instructor to assign a student an “Incomplete” an Incomplete Form must be submitted to the Registrar’s Office which indicates that

- specific course requirements have not been completed due to circumstances clearly beyond the student’s control, and
- the completed work to date is of passing quality.

Under no circumstances will the "I" indicator be assigned as a means of avoiding or postponing a low course grade. By signing the Incomplete Grade form, the instructor and the student agree that both conditions exist. Completed and signed forms are due in the Registrar’s office prior to the last regularly scheduled class day of the term or for the Accelerated Degree Program, prior to the beginning of the last class session of the course for which an incomplete is sought.

The Incomplete Form requires that both parties state

- the reason for the incomplete,
- the specific work required to complete the course, and
- the grade to be assigned if the work is not complete by the agreed upon date.

The student assumes the primary responsibility for completing the course within the initial or extended time limit and under the criteria established by the instructor. The "I" will be changed to the agreed upon grade if the specified deadline is not met or notice is sent to the Registrar’s Office of the completion of the work as indicated by a final grade.

Resolution of the Incomplete must be finished by end of the following long term. Whether or not the student is enrolled during the following long term has no bearing on this date. One extension is allowed. Total time of Incomplete, with extensions, may not exceed one (1) calendar year. Incompletes must be processed in time to allow the instructor to submit the Incomplete Grade Form to the Registrar's Office along with the final grade roster of the class. Failure to fulfill all requirements of an “Incomplete” where no agreed upon grade was specified should requirements not be completed will result in a grade of “F.”

Note: Students with an unresolved Incomplete on their transcript are not allowed to participate in commencement ceremonies.

Accelerated Degree Program Incomplete Requirements
Students in the Accelerated Degree Program must fulfill the requirements of an Incomplete within two (2) weeks of the end of the course in which the Incomplete was given. Failure to fulfill all requirements of an “Incomplete” where no agreed upon grade was specified should requirements not be completed will result in a grade of “F.” No time extensions are allowed following the initial two-week period.

Master of Education
The student has the following eight week session to fulfill the requirements of the course in which the Incomplete was received. If more time is required, the student may request one extension (via petition to the Dean). If granted, the student would have one additional eight week session to fulfill the requirements of the incomplete course. If a student is granted an Incomplete in a Summer I course, the student will have a full eight weeks to fulfill the requirements of the course in which the Incomplete was received starting with the first day of the Summer II term. If the student fails to complete the course in the second eight week session, the student will receive the grade indicated by the professor on the incomplete form. An Incomplete designation is not allowed for thesis students.

4.09.03 Repeating Courses
Students may elect to repeat any course(s). While the previous grade in a repeated course continues to be included on the transcript, only the higher of the two grades will be used in computing the grade point average. A course taken at Concordia University Texas must be repeated at Concordia University Texas if it is intended to replace an earlier grade. Unless otherwise specified in the course description, regardless of how many times the student passes the course, the credit hours for a repeated course will only be counted once.

4.09.04 Final Examination
Normally, written examinations covering the work of the entire traditional semester or part of term are given at the end of each semester or part of term. During the last week of each sixteen-week semester, time is set aside for final exams and all final exams are to be given during this designated time. The registrar's office will publish a finals schedule, make it available to all faculty members, and post it on the Concordia web page. All final exams are to be given during the scheduled times and dates.

Accelerated Degree Program final exams are administered on the last class day of the course. See course schedule for final class date. All final exams are to be given during the scheduled times and dates.

4.10 Grading System and Final Course Grades
Grading System
Concordia uses the following grades:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
</tr>
<tr>
<td>B</td>
<td>Above Average</td>
</tr>
<tr>
<td>C</td>

<tr>
<td>D</td>
<td>Below Average</td>
</tr>
<tr>
<td>E</td>
<td>CE Credit by Examination</td>
</tr>
<tr>
<td>F</td>

<td>Withdrawal</td>
</tr>
<tr>
<td>NC</td>
<td>No Credit</td>
</tr>
<tr>
<td>CR</td>
<td>Credit</td>
</tr>
<tr>
<td>NR</td>
<td>No grade recorded</td>
</tr>
</tbody>
</table>

Note: The Master of Business Administration and the Master of Education Programs do not award the grade of “D”. Grades of I, CE, CR, NC, P, and W are not used in computing a student's cumulative grade point average. However, the hours may count toward attempted hours as stated in Concordia’s Standard of Academic Progress policy.

4.09.05 Dean's List
Full-time (enrolled in 12 or more G.P.A. hours), degree seeking, undergraduate students whose Concordia term grade point average is 3.50 or higher are placed on the Dean's List for that term. This academic status is recorded on the student's official transcript.

4.10 Satisfactory Academic Progress
Concordia University Texas has established Standards of Academic Progress (SAP) as an integral part of its goal to promote student success. Periodic measurements are made of each student’s academic achievement in comparison to the standards established as the minimums for continued participation in the program. It is in neither the students’ nor Concordia’s best interest to have students remain in a program if satisfactory progress is not being achieved toward degree completion. For students who have difficulty meeting these minimum standards, Concordia has in place a series of interventions to determine the nature of each student’s difficulty and to set immediate goals and strategies for improvement. When indicated, permission for continued enrollment is withdrawn by Concordia in a timely and professional manner.

Grade Point Evaluation Standard
Qualitative standards of academic progress are assessed through Grade Point Average (GPA) evaluation. The calculation of the grade point average is done at the end of each term (spring, summer, fall). Only courses taken at Concordia are used to figure GPA. Calculation is done by dividing attempted hours by quality points (see Table 1 below). Attempted hours are all credit hours in which the student is enrolled on the date of record for the semester (census day). If a course is repeated, only the highest grade** will be figured in the GPA. For the purpose of GPA calculation, grades of "I", "NC", or "W" will not be counted.

Determining Quality Points

<table>
<thead>
<tr>
<th>Grade</th>
<th>Formula</th>
<th>Example</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4 pts. X number of credit hrs</td>
<td>3-credit hr. course = 12 pts.</td>
</tr>
<tr>
<td>B</td>
<td>3 pts. X number of credit hrs</td>
<td>3-credit hr. course = 9 pts.</td>
</tr>
<tr>
<td>C</td>
<td>2 pts. X number of credit hrs</td>
<td>3-credit hr. course = 6 pts.</td>
</tr>
<tr>
<td>D</td>
<td>1 pt. X number of credit hrs</td>
<td>3-credit hr. course = 3 pts.</td>
</tr>
<tr>
<td>F</td>
<td>0 pts.</td>
<td>0 pts.</td>
</tr>
</tbody>
</table>

**Highest grade earned on a repeated course is figured into the calculation to determine GPA. The lower grade no longer counts in the GPA calculation, but the hours are included in attempted hours on transcript. **

A Concordia student must maintain a prescribed GPA (see diagram below) to remain in good academic standing to graduate from Concordia. If the term GPA is less than 2.00 at the end of any term during which at least one GPA course was completed, the student is placed on Dean’s Warning (provided the student was not dismissed under
another provision of this policy). Developmental courses are not considered GPA courses and are therefore not calculated into the cumulative GPA.

If at the end of any term the student’s cumulative GPA drops below the prescribed standard (see diagram below), the student is placed on University Probation for the next term in which the student is enrolled. University Probation is permanently noted on the student’s transcript and becomes part of the student’s permanent record.

**Earned Credit Hour Evaluation Standard**
Quantitative standards of academic progress are assessed through earned credit hour evaluation. The calculation to determine whether or not the correct percentage of coursework has been earned (credit given) is done at the end of every term (spring, summer, fall). See **Table 2** below.

- All hours transferred in plus all hours attempted at Concordia are used to determine Level.
- Only courses passed with grades of "A", "B", "C", "D", "P", or “CR” will be counted as hours earned.
- Grades of "I", "F", “NC”, or "W" will not be counted as credits earned, but will count towards credits attempted.
- Courses repeated to improve GPA will not be counted as hours earned toward satisfactory progress but are counted as hours attempted.

If the student’s earned credit hours do not meet the stated standard, the student is placed on University probation and permanently noted on the student’s transcript.

</tr>
</tbody>
</table>

(*partial hours will be rounded up)

If at any time the student does not reach the required percentage of earned hours or the student’s cumulative GPA drops below prescribed standard, the student is placed on Academic Probation.

**Academic Probation Sanctions**
While on University probation, the student
- is limited to fifteen (15) hours or less of registered courses within the term,
- must meet with the director of the Success Center within the first two (2) weeks of classes (either in person or by telephone),
- may be referred for counseling.

**Standards of Performance for Students on Academic Probation - Undergraduate**
The probationary period is generally one term and formal academic advising is encouraged prior to enrollment in this term. The student who enrolls in a probationary term must attempt at least one necessary course. At the end of the term, the student will be in one of the following categories:

If **any** of the following occurred, the student is dismissed:
- Withdraw from all courses during the term
- Enrolled in one or more non-degree-required courses, but did not pass them all
- Enrolled in and completed one or more degree-required courses, and the term GPA was below 2.00
- Did not meet one or more quantitative standards

If all quantitative standards were met, and the cumulative GPA was below 2.00 or the student had never completed a degree-required course, and **any** of the following occurred, the student remains on probation one more term:
- Enrolled only in degree-required courses, completed at least one of them, and the term GPA was at least 2.00
- Enrolled only in developmental courses and passed them all
- Enrolled in both degree-required and developmental courses, passed all developmental courses, and the term GPA was at least 2.00 if any degree-required courses were completed

At the end of the second probationary/reinstatement term, if **any** of the following occurred, the student is dismissed:
- Withdrew from all courses during the term
- Enrolled in one or more developmental courses, but did not pass them all
- The cumulative GPA was below a 2.00
- Never completed a degree-required course
- Did not meet one or more quantitative standards

If **all** of the following are true, the student returns to good academic standing:
- Completed the term
- Passed all developmental courses attempted during the term
- Cumulative and term GPA were at least 2.00, or had never completed a degree-required course

**Standards of Performance for Students on Academic Probation - Graduate**

The probationary period is generally one term. Formal academic advising is encouraged prior to enrollment in this term. The student who enrolls in a probationary term must attempt at least one necessary course. At the end of the term, the student will be in one of the following categories:

If **any** of the following occurred, the student is dismissed:
- Withdrew from all courses during the term
- Enrolled in and completed one or more degree-required courses, and the term GPA was below 3.00
- Did not meet one or more quantitative standards

If all quantitative standards were met, **and** the cumulative GPA was below 3.00 **and** **any** of the following occurred, the student remains on probation one more term:
- Enrolled only in degree-required courses, completed at least one of them, and the term GPA was at least 3.00
- Enrolled in degree-required courses, passed all courses, and the term GPA was at least 3.00

At the end of the second probationary/reinstatement term, if **any** of the following occurred, the student is dismissed:
- Withdrew from all courses during the term
- The cumulative GPA was below a 3.00
- Never completed a degree-required course
- Did not meet one or more quantitative standards

If **all** of the following are true, the student returns to good academic standing:
- Completed the term
- Passed all developmental courses attempted during the term
- Cumulative and term GPA were at least 3.00
- Met all quantitative standards

**Appeal Process**

Academic Dismissal appeals for reinstatement must be submitted in writing to the Academic Dean of the program in which the student was enrolled at the time of dismissal. All Academic Dismissals must be successfully appealed prior to attempting to continue study at Concordia University Texas.

- All appeals must include the Dismissal Appeal Form (provided with dismissal letter) prior to the start of the next term or the intended enrollment period.
- All appeals must explain the cause of the mitigating circumstances that directly contributed to the poor performance, including any documentation necessary to validate issues of fact, and provide evidence that these circumstances have been remediated or are no longer a contributing factor towards your ability to perform academically.
Student must provide a realistic plan for meeting the requirements to be restored to good standing. The Academic Appeal Documentation form (provided with dismissal letter) should be used to properly prepare the required documentation and must be submitted with the Dismissal Appeal Form.

All petitions for reinstatement must be presented to the Dean of the college in which the student was enrolled. The Dean or their designee, in consultation with student’s faculty advisor and Division Chair as deemed necessary, will review the petition and decide on the outcome of the appeal including any conditions or requirements. The Dean may or may not choose to meet in person with student. If student has not yet declared a major, the petition should be submitted to the Registrar. A committee chaired by the Registrar, and including the Faculty Advisor, Provost and one of the College Deans will review the petition and make the official ruling.

- Submitting the correctly completed forms does not automatically guarantee reinstatement.
- Student will be notified of the results of the appeal by letter and/or email to student’s CTX email account.

Secondary Appeal
Denied petitions for reinstatement may be presented to the Provost’s Office with an additional written statement delineating the challenges to the prior ruling and providing any additional relevant information. The Provost or an appointed academic review committee (Deans or designees involved in the initial appeal decision will be excluded) will consider the challenge appeal. Successful challenges received after the start of the next term will not be granted reinstatement until the following term.

Reinstatement
If the appeal is approved and the reinstatement takes place prior to the end of late registration, the student will be permitted to register for classes. Readmitted students are automatically placed on Academic Probation status for the term in which he/she is reinstated. Failure to meet the requirements specified in the appeal approval or those required for the probationary term will result in a second academic dismissal from the University. Reinstatement from such a second dismissal is not generally approved except in extreme situations.

Once a student has been Academically Dismissed, a successful appeal process as outlined previously in this section must be completed prior to or as part of the re-enrollment process. In order to register for courses, the student must be fully admitted to Concordia University Texas. If the appeal for reinstatement is not successfully completed prior to the end of the late registration period, the individual is required to complete the re-enrollment process.

4.11 Graduation
Graduation Application
Candidates for a Concordia University Texas degree or the Lutheran Teacher's Diploma must register for the appropriate Graduation course at the beginning of the final term in which the work is to be completed and the diploma/certificate is to be awarded. Registration for the graduation courses will be available starting the first day of the term and continuing until the deadline as published in the Academic Calendar. If the student does not complete the work in the term when the application was filed, the application will remain valid for the following term/graduation period (fall, spring, or summer). If the student fails to complete their work in the following graduation period, (s)he will have to register for the graduation re-application course in the term when the work is completed.

Registering for the graduation course charges the corresponding fee to the student’s account (see Tuition and Fees) and initiates a comprehensive degree audit. When the graduation audit is completed, notification of the outcome of this audit is sent to the student’s ctx.edu email account. If the graduation degree audit shows successful completion of all requirements or that the student is eligible to participate in commencement, a graduation packet will be sent to the student’s ctx.edu email account with further instructions.

The name used on the diploma will be the one found in the university data system as shown in MyInfo. The only name changes allowed are those made to the student’s official records. A change of this type is done by filling out a Personal Information Change Form and submitting it along with appropriate documentation to the Registrar’s Office no later than four (4) weeks prior to the graduation date for that term.

If the degree audit indicates that the requirements for graduation and/or participation in commencement have not been met, the student is sent a detailed explanation. This explanation includes a listing of all requirements still outstanding.

Graduation Requirements
Undergraduate Associate of Arts degree-seeking students will
Undergraduate Baccalaureate degree-seeking students will

- Attain a 2.00 cumulative GPA in all college coursework attempted at Concordia.
- Successfully complete a minimum of 64 credit hours.
- Earn a minimum of 48 hours from the liberal arts and/or fine arts areas.
- Earn a minimum of 22 credit hours in residence.

Undergraduate Baccalaureate degree-seeking students will

- Attain a 2.00 cumulative GPA in all work completed at Concordia; except students in the Director of Christian Education, Elementary School Curriculum, Middle Curriculum, Secondary School Curriculum majors who must earn a 2.50 cumulative GPA.
- Attain a 2.25 cumulative GPA in all courses attempted at Concordia in the major. Students in the Director of Christian Education program must earn a 2.50 cumulative GPA in all courses attempted at Concordia. Elementary School Curriculum, Middle School Curriculum, Secondary School Curriculum majors must earn a 2.50 cumulative GPA based on all courses attempted at any college including Concordia.
- Earn a minimum of 39 upper-level credit hours (courses beginning with a “3” or “4”).
- Earn a minimum of 45 credit hours in residence*.
- Earn a minimum of 128 total credit hours.
- Earn 12 upper-level credit hours in major in residence.
- Earn 50% of credit hours for a minor in residence.
- Complete all of the specific course requirements outlined on the degree plan including either passing the computer competency exam or successfully completing the required computer course.
- Complete the Collegiate Assessment of Academic Proficiency (CAAP)** exam (offered each long semester through Concordia) or the Graduate Record Examinations® (GRE)** (offered at various testing sites) and have a copy of the GRE scores sent to Concordia.
- File a completed and signed graduation application with the Office of the Registrar.

*Residency Requirements

- At least 45 credit hours must be earned in residence at Concordia University Texas.
- A minimum of twelve upper-level hours in the student’s major must be earned in residence.
- A minimum of 50 percent of the credit hours for the minor must be earned in residence.
- Concordia will not accept transfer course credit toward final completion of the degree requirements for courses beginning more than three (3) years after the student has taken his/her final course work at Concordia.
- Students who intend to complete their final course work at an institution other than Concordia must, while in residence, receive approval for such action from the Dean of the School in which they are taking their major and turn in the form to the Registrar’s Office for filing in their permanent record.

**The Collegiate Assessment of Academic Proficiency (CAAP) is a standardized assessment program that enables postsecondary institutions to assess, evaluate, and enhance the outcomes of their general education programs.

***The Graduate Record Examinations® (GRE) measures verbal reasoning, quantitative reasoning, and critical thinking and analytical writing skills. The GRE® Subject Tests gauge undergraduate achievement in 8 specific fields of study.

Graduation Requirements - Master Level

Master of Business Administration degree-seeking students:

- Must satisfy all degree requirements
- Must attain a 3.0 cumulative GPA in all work completed at Concordia
- File a completed and signed graduation application with the Office of the Registrar

Master of Education degree-seeking students:

- Must satisfy all degree requirements
- Must attain a 3.0 cumulative GPA in all work completed at Concordia
- File a completed and signed graduation application with the Office of the Registrar
Graduation (Latin) Honors (Undergraduate Students Only)
Degree seeking, 4-year undergraduate students with at least 60 credit hours in residence and whose cumulative Concordia grade point average is 3.50 or higher at the end of the term in which the student completes degree requirements are eligible for graduation with honors. This academic status is recorded on the student's official transcript.

Honors will be awarded as follows:
- Summa cum Laude 3.900 - 4.000
- Magna cum Laude 3.750 - 3.899
- Cum Laude 3.500 - 3.749

For information on participating in commencement with honors, see “Commencement Ceremonies” section below.

Diploma
Concordia University Texas provides original signature diplomas to its graduates following certification of degree completion. Names are placed on the diplomas according to the information provided in the University data system. When the diplomas are ready, notification is sent that they are available for pick up. If mailing was chosen rather than pick up, Concordia will mail degrees at no cost to any legitimate address in the United States. Average length of time for delivery is two to three months from point of certification following the end of the term.

Any diplomas that are returned as undeliverable which belong to former students of the main campus will be held in the Office of the Registrar for pick up. Diplomas belonging to former students of the Regional Centers will be sent to the Centers for convenient pick-up. Centers will keep them for one month and then return them to the Office of the Registrar where they will be housed and available for pick up.

Commencement Ceremonies
Taking part in the commencement ceremony is a privilege, not a right. Students may participate in commencement only once per degree awarded.

The following conditions must be met before students are declared eligible to participate in the fall commencement ceremony. Students must:
- register for the appropriate Graduation course
- have completed all of the requirements needed to graduate
- be currently enrolled in or participating in all remaining classes required for graduation, documented proof must be supplied if courses are taken at an institution other than Concordia
- be at or above the minimum GPA requirement for the degree and the major

The following conditions must be met before students are declared eligible to participate in the spring commencement ceremony. Students must:
- register for the appropriate Graduation course
- have completed all of the requirements needed to graduate
- be currently enrolled in or participating in all remaining classes required for graduation, or
  - for undergraduates, are within either nine (9) hours or three (3) courses of graduating, whichever is greater
  - for graduates, are within either six (6) hours or two (2) courses of graduation, whichever is greater
- be officially registered at Concordia for all remaining course work necessary to complete their degree, or
  - provide proof of intent to register at another institution, and
  - provide a completed and signed registration form
- be at or above the minimum GPA requirement for the degree and the major, and
- have paid the graduation fee or had the fee billed to their existing Concordia account.

If the student does not meet the forty-five (45) hour residency requirement (cumulative), the twelve (12) upper-level hour major requirement, or the 50% of minor credit hours in residency requirement but is enrolled in courses in the commencement term that will fulfill the requirement, the student will be allowed to participate in the commencement ceremony.
NOTE: Honors at commencement, including cum laude, magna cum laude, summa cum laude (explained previously in this section), and honor societies (see determining criteria in section 7.24), are determined at the end of the term preceding the commencement ceremony. This determination is based on the cumulative GPA at the end of the preceding term and whether or not the student has met the sixty (60) hour residency requirement.

Concordia offers graduation ceremonies twice a year. The fall term ceremony takes place the first Saturday in December. The spring term ceremony(ies) takes place the Saturday following the close of the term. Location, time, and other information can be found on the website at http://www.concordia.edu/page.cfm?page_ID=123.

Honor Societies
Alpha Chi
Alpha Chi is a nationally affiliated honor society. In order to be considered for inclusion in this honor society, students must achieve
- junior or senior standing,
- a grade point averages of 3.50 or above,
- completed one-half of the credits required for graduation (traditional) or earned not fewer than twenty-four credit hours of credit toward a baccalaureate degree (transfer), and
- rank in the top 10% of their classes.

The number of students invited to join is directly related to the number of students in the junior class and the senior class. “...not more than the top-ranking ten percent of students classified as juniors and not more than the top-ranking ten percent of students classified as seniors, including those previously elected to membership, may be elected to membership.” (Alpha Chi Chapter Handbook, retrieved 03/10/08 from http://www.harding.edu/alphachi/constitution.htm)

Alpha Sigma Lambda
Alpha Sigma Lambda is a nationally affiliated honor society for adult non-traditional students with a grade point average of 3.50 or higher and who have completed at least 24 hours at Concordia University.

Pi Lambda Theta
Pi Lambda Theta is a nationally affiliated honor society for junior or senior undergraduate, graduate and certificate/diploma students in education who have maintained a grade point average of at least 3.5.

Sigma Beta Delta
Sigma Beta Delta is the highest nationally recognized honor society for students of business management and administration. Members must rank in the top 20% of the junior, senior or master's class and be invited to membership by the faculty officers.

Upsilon Phi Delta
Upsilon Phi Delta is the premier honor society for students in the profession of healthcare administration to advance their competence and academic excellence. Members are honored on the basis of academic achievement, a grade point average of 3.5 or higher, service to the community, and leadership contributions to the healthcare management field. The official colors are crimson red and cobalt blue.

4.12 Family Educational Rights and Privacy Act
The Family Educational Rights and Privacy Act of 1974 (FERPA), as amended, is a Federal law which states (a) that a written institutional policy must be established and (b) that a statement of adopted procedures covering the privacy rights of students be made available. The law provides that the institution will maintain the confidentiality of student education records.

Concordia University Texas accords all the rights under the law to students who are declared independent. No one outside the institution shall have access to, nor will the institution disclose any information from, students’ education records without the written consent of students except to:
- Personnel within the institution who have a valid educational interest
- Officials of other institutions in which students seek to enroll
- Persons or organizations providing financial aid
- Accrediting agencies carrying out their accreditation function
- Parents of dependent students. The parent must present documentation that the student is a dependent for income tax purposes by claiming the student on their income tax form; the parent must renew the request annually to show that the student is still a dependent for income tax purposes
- Persons in compliance with a judicial order
- In an emergency in order to protect the health or safety of students or other persons

All these exceptions are permitted under the Act.

Within the Concordia University community, only the following offices’ staff and faculty, individually or collectively, acting in the student's educational interest are allowed access to student education records:

- Registrar
- Financial Aid
- Admissions
- Accounting
- Provost/Academic Services
- Vice Provost for Enrollment Services
- Vice Provost of Remote Operations
- Placement Advisors
- Academic Advisors
- NCAA Athletic Certification Official(s)
- Coaches
- ADP Center Deans
- Legal Counsel
- Other administrative personnel within the limitations of their need to know.

The law provides students with the right to inspect and review information contained in their educational records, to challenge the contents of their education records, to have a hearing if the outcome of the challenge is unsatisfactory, and to submit explanatory statements for inclusion in their files if they feel the decisions of the hearing panels to be unacceptable. The Registrar at Concordia has been designated by the institution to coordinate the inspection and review procedures for student education records, which include admission, personal, academic, and financial files, cooperative education, and placement records. Students wishing to review their education records must make written requests to the Registrar listing the item or items of interest. Copies of the policy detailing the procedures to be used by Concordia University Texas for compliance with the provisions of the Act can be found in the Office of the Registrar.

**Directory Information**

Directory information is that information which may be made public without the written consent of the student. Such information may be disclosed by the institution for any purpose, at its discretion. Concordia University Texas hereby designates the following student information as Directory Information:

- Name
- E-mail address
- Local Address
- Local phone number
- Dates of attendance
- Classification
- Major Field of study
- Previous institution(s) attended
- Awards, honors (incl. Honors list)
- Expected date of graduation
- Degree(s) conferred with date(s)
- Photographs
- Past and present participation in officially recognized sports and activities
- Physical factors of athletes (height, weight)

Currently enrolled students may withhold disclosure of directory information. To withhold disclosure, written notification must be received in the Office of the Registrar prior to the ninth class day of any regular term. Forms requesting the withholding of Directory Information are available in the Office of the Registrar. Request for non-disclosure will be honored by the institution until the student takes action in writing to revoke the request. **Before taking this action, students are strongly encouraged to talk with the Registrar as implementation of this block results in far-reaching consequences.**

Concordia University Texas assumes that failure on the part of any student to specifically request the withholding of Directory Information indicates individual approval for disclosure.

**Parental Notification**

The Family Educational Rights and Privacy Act ("FERPA") permits universities to notify the parents or guardians of students under 21 of alcohol and other drug violations which result in a determination that the student has committed a disciplinary violation. This exception to the privacy rights of students was enacted because of the health and safety consequences of alcohol and other drug abuse.
Concordia University Texas believes that parents share the University's concern for their students' health, safety, and academic progress. Therefore, Concordia University Texas may notify parent(s) or legal guardian(s) of any student under the age of 21 found responsible for a violation of any federal, state, and/or local law or University policy regarding alcohol and/or controlled substances or other dangerous drugs.

Students have the right to file complaints with the Department of Education concerning alleged failures by institutions to comply with the Family Education Rights and Privacy Act. Written complaints should be directed to: The Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C., 20202-5920.

4.13 Withdrawal from Concordia
Students who wish to interrupt their studies and withdraw from the institution may get the appropriate form from the Office of the Registrar. A grade of "W" is assigned for all courses if a student withdraws by the published Last Day to Withdraw From a Course for each term and/or session. After that date, grades (A-F) will be assigned. Students interrupting their studies in any term may be eligible for refunds as required by law and should see their Financial Advisor.

Students who do not officially withdraw from Concordia, but who stop attending classes, will receive grades for all courses in which they are enrolled. They also remain responsible for all fees and tuition charges.

4.14 Transcripts
Transcripts are ordered by completing a Transcript Request Form and submitting the completed and signed form to the Registrar’s Office. Unofficial transcript requests can be ordered in the Registrar’s Office with a photo ID. Official transcript requests must be on the Transcript Request Form and contain the signature of the student. Because of the signature requirement, requests can be in person or via USPS, computer scan, or fax. No phone requests will be processed.

If the student has a “hold” on their record because of an unpaid financial obligation to Concordia, the transcript request will not be processed. The student will be notified of the hold and asked to contact the Accounting Office to resolve the issue. Once the Accounting Office removes the hold, the student will need to submit another request.

Definitions
Official Transcript - A transcript that has been issued and sent directly from one school to another, or has been given to a student in a sealed envelope and delivered unopened. If there is any evidence of tampering, the transcript is deemed unofficial.

Unofficial Transcripts - These are transcripts that have been issued to a student in an open envelope, faxed to our office, Xeroxed copied, or delivered in a sealed envelope that has been opened.

Ordering Official Transcripts
Standard Requests – $3.00 per request*
Standard requests are filled on a first come-first served basis and are normally processed within five (5) business days and sent via first class mail. Faxed requests are accepted with legible signature. Because of the signature requirement, emailed requests are not acceptable. Valid photo identification is required for in-person office pick up.

*Individuals who graduated from Concordia University Texas receive free standard-request transcripts for life. A completed Transcript Request Form is required for each request.
*Current students of Concordia University Texas may pick up a standard-request official transcript from the Registrar’s Office at no charge. If the transcript is to be mailed, the $3.00 fee applies. A completed Transcript Request Form is required for each request.

Expedited Request - $10.00 per order
Orders are processed within one (1) business day of receipt of written signed request and are sent first class mail or may be picked up in person. Valid photo identification is required for in person office pick up. Faxed requests are accepted with legible signature. Because of the signature requirement, emailed requests are not acceptable.
Express Request - $25.00 per order
Orders will be processed same day of receipt of written signed request if request is received prior to 2:00 p.m. Orders are sent overnight express with a contracted shipping company. Faxed requests are accepted with legible signature. Because of the signature requirement, emailed requests are not acceptable.

Ordering Unofficial Transcripts
Unofficial Transcripts – In Office Copy
Unofficial Transcripts may be requested in the Registrar’s Office during regular business hours. Unofficial Transcripts will only be released with valid photo identification.

Unofficial Fax Transcript Request - $10.00 per order
Following receipt of written and signed request, orders are processed and faxed by noon of the next business day. Faxed requests are accepted with legible signature. Because of signature requirement, emailed requests are not acceptable. Effort will be made to fax orders out on the day received. NOTE: OFFICIAL COPIES CANNOT BE FAXED. One unofficial copy will be faxed and one official copy will be sent via standard first class mail if the address is included in the request.

Sending Transcripts to Concordia
Receipt of Transcripts from other College and Universities
Official transcripts may be mailed to Concordia University from the issuing College or University. Hand carried official transcripts are accepted only if in a SEALED envelope and issued from another College or University. Concordia University Texas accepts electronic transcripts processed through eSCRIP-SAFE. All questions regarding the authenticity of transcripts will be resolved by calling the issuing institution and verifying all information in question.

Transcripts issued from a foreign country and/or in a language other than English must be translated, word for word, by a nationally recognized organization providing this service. Concordia recognizes the services of AACRAO and uses them for translation services. We cannot guarantee the acceptance of other providers. AACRAO can be contacted on the web at www.AACRAO.ORG. Click on Non-member > International> Foreign Education Credential Service > Course-by-Course Evaluation. The cost of this service is the responsibility of the applicant/student.

4.15 Simultaneous Enrollment
All Concordia University Texas (CTX) students are eligible to register for courses and events on other Concordia University System (CUS) campuses without additional matriculation, within applicable policies. The three programs are:

Distance Learning Program: All CTX students can register for courses taught by other CUS campuses via distance education.
Visiting Student Program: All CTX students can become resident students on other CUS campuses without additional matriculation.
Travel Study Program: All CTX students can participate in travel/study events conducted by other CUS campuses. Applicable fees may apply.

Student Eligibility
- Students currently enrolled and in good standing at their home campus are eligible to apply for the Simultaneous Enrollment programs of the Concordia University System. Simultaneous Enrollment is a privilege rather than a right.
- The home institution is responsible for establishing the qualifications of all applicants that it sends to a host institution.
- Visiting Students are to have completed one term at the home campus and have at least a sophomore standing, having at least a 2.00 cumulative GPA.
- Visiting students are limited to 2 terms (three quarters) visiting other campuses.
- Visiting Students do not make application for admission to the host campus.
- Enrollment in summer or other special short academic sessions is not part of the Visiting Student program.
- Traveling Students are to have completed one term at the home campus.
Initiating Participation
Each campus is to ensure that students have adequate information on Simultaneous Enrollment programs. The office of the registrar or another appointed person on each campus will make the following information available (most of this information is on the school's web site):

- Academic catalogs from the Concordia University System campuses
- Current academic calendars, course schedules, and materials describing special programs and trips
- Simultaneous Enrollment Program application materials

Courses Eligible
- Any course offered at a cooperating Concordia University System campus may qualify for Simultaneous Enrollment (assuming proper prerequisite background), with the exception of courses that are unavailable because of specific institutional requirements.
- Course work should be beneficial to the overall educational program worked out between the student and their student’s academic advisor.
- If the coursework is to apply to a specific program, it must be pre-approved by the advisor. Students should work closely with the home institution to determine if courses taken through the Simultaneous Enrollment Program will meet program requirements of the home campus.

Registrations, Grades, and Records
- The process for Simultaneous Enrollment Program registration begins and ends at the student's home campus, where the registrar is responsible for sending out the registration to the campus where the student is studying and for recording the grades on the home transcript.
- The registrars will maintain a record of program enrollment for both incoming and outgoing students at their own campuses.
- In all cases, the registrar at every campus, in consultation with the instructor, has the final authority to decide questions of admission to the course.
- In courses commonly overloaded, instructors should be encouraged to make room for as many Simultaneous Enrollment students as possible. In the interest of fairness, institutions may adopt a first-come, first-served policy; others may try to reserve a few spaces for Simultaneous Enrollment Program students; and still others may subscribe to a ranking formula that gives preference to home majors and, in turn, to all seniors, Simultaneous Enrollment Program majors, juniors, and so forth.
- Should the number of registrations rise or fall dramatically, or should imbalances pose a burden to any one institution, appropriate administrators will assess the situation and intervene with appropriate adjustments.
- Changes in course registration must have the approval of the home campus and follow procedures of the host campus.
- Grades are recorded on the home campus official transcript and are calculated in the home campus grade point average.
- There may be situations where there is not a common system of grading and credits. In such cases, the home campus "translates" grades and credits from another campus into their own system. Students requesting a transcript do so from their home campus.

Host Campus Policies
Students are subject to the guidelines and policies established and administered by the host institution. In special problem situations, the home campus reserves the right to take additional action.

Fees
- Students pay tuition at the home campus, based on what the assessment would normally be if they were taking the course load on the home campus.
- For students needing room and/or board arrangements, the host campus will provide information on the nature of services available along with the associated rates. The student will pay these charges to the host campus.
- Visiting and travel study students using other host campus services that carry special fees will pay such fees to the host campus.
- Distance Learning students pay fees to the home campus.
- Institutional transfer of funds for expenses incurred through distance learning programs will be determined and expedited by the appropriate administrators.
Financial Aid
- Students will continue to receive federal, state, institutional aid and other outside scholarships while participating in the Simultaneous Enrollment Program.
- Simultaneous Enrollment Program course load is considered part of the student's total credit load at the home campus and as such is subject to home campus financial aid procedures.

4.16 Military Call-Up
If a Concordia student is activated by the military (including the National Guard) they need to submit a copy of the activation orders to the Office of the Registrar. Concordia will honor the call-up period and the student will not be required to re-apply if they return to Concordia in the first term after their return from active duty.

If the activation occurs during a term, the student will be given one of three options:
- A 100% refund of tuition and grades of "W" recorded on the transcript
- Continue with the courses and apply for grades of "incomplete". Normal incomplete rules will apply
- Continue with the courses, take the final exams and receive grades

While the service member is deployed, we will conduct all business with the person given signature authority through a Power of Attorney.

4.17 Veterans Educational Benefit Information
For students who are eligible, Veterans Educational Benefits can be used to pursue a college education. For information about Veterans financial aid benefits for education, visit the VA web site, www.gibill.va.gov. For information about Veterans financial aid related to Concordia University Texas, go to the Financial Aid section of this catalog (section 5.11)

Once the Department of Veterans Affairs (VA) determines eligibility, the student will be issued a certificate of eligibility from the VA. A copy of the certificate must be turned in to the VA certifying official in the Office of the Registrar at Concordia University Texas before the student’s enrollment will be certified to the VA.

The Office of the Registrar also needs a copy of the student's DD-214 showing all schools attended, or a Community College of the Air Force (USAF) transcript, or a SMART (US Army, US Navy or US Marine Corp) transcript. If more than one DD-214 showing schools attended exists, the certifying official will need copies of each one. Each form allows the student's military education and experience to be evaluated to determine if credit can be awarded. NOTE: Receipt of a DD-214 does not automatically trigger VA benefits.

Students receiving VA educational benefits must successfully meet Concordia’s published Standards of Academic Progress (SAP). Students who do not meet the SAP requirements are placed on academic probation. Students who fail to meet the SAP criteria at the end of that first probationary period are reported to the Department of Veterans Affairs as making unsatisfactory progress. Students who meet the quantitative portion of the SAP but fail to achieve a cumulative GPA of 2.00 at the end of the second probationary term will be reported to the VA Regional Office as making unsatisfactory progress. [See section 7.26 for more information on the Standards of Academic Progress.]

4.18 Texas Common Core
Transfer students who do not complete the Texas common core requirement will be evaluated on a course-by-course basis.

Transfer students who complete the Texas Common Core requirements at an accredited college or university will not be evaluated on a course-by-course basis. Instead, all of the Concordia Core requirements will be satisfied with the following two exceptions:
- The 12 hour religion requirement.
- The three hour P.E. requirement.

Transfer students must provide evidence of completion of the Texas Common Core prior to admission to Concordia in order to have it satisfy Concordia's core requirements.

See your admissions counselor or Center Dean for more information.

5.02 Deposits
Residence Hall Reservation Deposit for Future Students:
A non-refundable reservation deposit of $225 is required of each student planning to live in a residence hall. This $225 is due in full by the published deadline for the relative term. It is applied to the payment of room fees.

Tuition Deposit for Future Students:
A non-refundable tuition deposit of $225 is required of all freshmen and transfer non-resident students. This deposit is applied to the payment of tuition and fees.

Residence Hall Reservation Deposit for Current Concordia Students:
A non-refundable reservation deposit of $200 is required of each student planning to live in a residence hall. This $200 is due in full by the published deadline for the relative term. It is applied to the payment of room fees.

Master of Business Administration Tuition Deposit
A non-refundable tuition deposit of $500 is required of all MBA students. This deposit will be credited to your first term tuition requirement and reserves your position in the cohort. The deposit is due ten (10) business days after receiving an admission decision.

5.03 Payment Options
To confirm registration, all charges for tuition and fees are due in full upon published deadlines for the relevant program and term. If registration is completed after the normal payment deadline, tuition and fees are due immediately upon registration. Payment may be made either online, by mail or in person at the Accounting Office.
Additional charges for special course fees, insurance, etc., may be assessed after registration and are due when charged to the student account.

Students who complete the financial assistance process may apply identified Credits/Anticipated Credits on the Student Schedule/Bill against the total charges; any remaining balance is due and must be paid in full. Eligible students planning to pay charges through the various student aid programs (please refer to the section on Financial Aid) must meet the deadlines required by the Student financial Services Office. If student aid is not recorded by the due date shown on the Student Schedule/Bill, other payment arrangements must be made.

To satisfy payment requirements for the fall and spring terms, traditional and graduate students may request participation in a payment plan program that allows eligible students to make payments in installments. Information regarding this payment plan will be mailed out with your initial bill. Additionally, information regarding this payment plan can be obtained in the Accounting and Student Financial Services Offices. Setup fees are charged for participation in the program. Concordia is unable to offer this payment plan to Accelerated Degree Program students due to the condensed nature of the class terms. Concordia is also not able to offer this option to international students.

Payment may be made by cash, check, money order, ACH, MasterCard, Visa, or Discover. Concordia assumes no responsibility for loss of cash if sent through the mail. Payments made by mail must be received by Concordia on or before their due date. A late charge may be assessed for accounts past due for over thirty (30) days. Further, a student whose account is in arrears may not be able to register for classes, receive transcripts, or recommendations.

5.04 Refunds
Tuition refunds are processed in accordance with the following schedule:

**Traditional Fall and Spring Terms**
- During the first five class days of the term: 100%
- During the second five class days of the term: 75%
- During the third five class days of the term: 50%
- During the fourth five class days of the term: 25%
- After the fourth five class days of the term: 0%

**Traditional Summer Sessions**
- During the first two class days of the term: 100%
- During the third and fourth class days of the term: 75%
- During the fifth or sixth class days of the term: 50%
- During the seventh and eighth class days of the term: 25%
- After the eighth class day of the term: 0%

**Master of Business Administration**
- Prior to the second teaching week of the term: 100%
- Prior to the third teaching week of the term: 75%
- No other tuition refunds are granted.

**Master of Education**
- Any time before the first class session: 100%
- After the first class session but before the 2nd class session: 75%
- After the second session: 0%

**Accelerated Degree Program**
- If the student drops the class:
  - Prior to start of term: 100% refund, no schedule change fee
  - After start of term but prior to the 1st class meeting: 100% refund, $25 schedule change fee
- If the student withdraws from the class:
  - Within one week after the 1st class meeting: 75% refund
  - After 1 week from the first scheduled class meeting: 0% refund
- If a student is administratively removed from a class:
  - Did not attend first night of class (Administrative drop): 50% refund
  - Missed more than 4 hours of class (Administrative withdrawal): 0% refund

Students should contact the Accounting Office for further information or questions about refunds.

Other Refunds Are Processed as Follows
Scholarship, grant, and loan funding (student aid) awarded through the Student Financial Services office will be subject to the same prorated formula applied to tuition and fee refunds, unless otherwise stipulated by program requirements. The percentage of tuition, fees, room and board charged the student would be paid; the remainder of the student aid will be returned to the fund from which the award was paid. All students receiving Title IV (federal) student aid are subject to the return of student aid if withdrawing prior to the 60% point of any enrollment period. No refund of assistance will be paid to the student.

Residence Hall Deposits are refunded in accordance with the statement concerning them in the section titled, “Deposits.”

The unused portion of the Food Service Fee may be refunded when students discontinue food service during a term. Unused portions of the Food Service Fee at the end of a term will not be refunded.

Student housing charges for students who leave the dorm during a term will be prorated based on the length of residence. Students must properly check out of housing in accordance with Housing Office policy to receive prorated charges.

Refunds will be made payable to the student, with the exception of PLUS loan refunds which are made payable to the person who incurred the loan debt.

These provisions apply to all students without respect to the reason for withdrawal or dismissal.

5.05 Non-Refundable Fees
These provisions apply to all students without respect to the reason for withdrawal or dismissal:
1. Special course fees and deposits
2. Tuition deposits
3. Student Housing deposits

5.06 Withdrawals - Refunds
Official withdrawal from the university is dated at the time a student signs a withdrawal request and files it in the Registrar's Office. Forms for withdrawal may be obtained in the Registrar's Office. The date of official withdrawal determines the charges assessed and/or refunded.

Non-attendance in classes or moving from the residence hall does not constitute official withdrawal from the university or from a course. Students who do not officially withdraw will receive grades for all registered courses and will be billed accordingly.

6.00 Financial Aid

6.01 Student Financial Services Deadlines for Application - Traditional Program
Returning Students
For the 2011-2012 school year
- March 31, 2011

New Students
Starting Summer 2011
- March 31, 2011
Starting Fall 2011
- March 31, 2011
Starting Spring 2012
- October 31, 2011

Applications will be accepted after these deadlines. However, a payment will be required. Please refer to Section 4 regarding payment options.

6.02 Application Information - Financial Aid
Students interested in applying for financial assistance must be accepted for admission to Concordia and submit the Free Application for Federal Student Aid (FAFSA). If selected for verification, students may also be asked to submit the Verification Worksheet, a copy of their 2010 tax return, a copy of their parents/spouses 2010 tax return and W-2's. When all required forms have been received by the Office of Student Financial Services, the student's eligibility is computed based on a formula which takes into account the contribution to be made by the family and the student.
toward their educational costs. An award package is then constructed by Student Financial Services through combinations of scholarships, grants, low-interest loans, and on-campus work-study programs depending upon the student’s eligibility and funds availability.

Eligibility for all financial assistance (see following list of programs) requires that a student be accepted for admission or be currently enrolled and maintaining Satisfactory Academic Progress according to the Standards for Satisfactory Academic Progress as listed in the Academic Section of this catalog. Included in the types of assistance (based upon financial need, merit, and/or other criteria) administered by or offered through Concordia are in the following sections.

Permanent endowments and trusts are established by generous donors and designated for the benefit of Concordia's students and faculty. Endowment earnings are used to fund scholarships and general grants. If a student's institutional aid (scholarship or grant) is funded be an endowment, they will be required to write thank you notes to their donor, as well as, attend the scholarship luncheon in the Fall. For a list of, or to set up a named scholarship, contact the University's Vice President for Advancement.

### 6.08 Financial Aid and Non-traditional and Graduate, Year-round Programs

The Graduate Program and the Accelerated Degree Program were created for working adults to attend class in the evening. Financial assistance is available to those who qualify in the Federal Pell Grant and the Federal Direct Stafford Loan. Qualifying graduate students may also apply for the Teacher Education Assistance for College and Higher Education Grant (TEACH). Students may also consider alternative loan programs to assist in covering the difference between financial aid awarded and the cost of attendance. **Deadlines for financial assistance/payment may be on different schedules.** Check with your Student Support Coordinator or Student Financial Services for financial aid/payment deadlines each term.

### 6.09 Satisfactory Academic Progress - Financial Aid

Student Financial Services utilizes the Standards of Academic Progress of the University as listed in the Academic Information Section of this catalog.

No financial assistance is available after 150% of the undergraduate program length which is the 12th full-time semester (the equivalent of six years of college work), or 192 hours (128 x 1.5). Should you fall into this category, you will also be notified by Student Financial Services regarding your status and the appeals process.

Scholarships and grant renewal may have higher criteria for GPA and hours earned. Please check the Student Financial Services Award Brochure or contact your Student Financial Services Advisor if you have any questions.

### 6.10 Return of Title IV Funds

Financial aid is awarded to a student based on the assumption that the student will complete the period to which the aid has been given. When a student withdraws from the university and has federal aid, a Return of Title IV funds must be completed. Funds included in the Title IV return include: the Pell Grant, the Federal Supplemental Educational...
Opportunity Grant (FSEOG), and the Teacher Education Assistance for College and Higher Education Grant (TEACH); along with loans in the Direct program such as Stafford (subsidized and unsubsidized), and the PLUS loan (both Parent and Graduate). Federal Work-Study is not included in the Return.

An overview of the Return of Title IV process is as follows:

- The student should contact the Registrar’s Office for a Withdrawal Form. This form should be completed for all students wishing to withdraw from the university and not just for those with Federal aid.
- The Withdrawal Form will require several signatures including Accounting, Dean of Students, and Student Financial Services along with the student and Registrar’s signature. Students should always consult with their advisor (SFS or who?) before requesting the Withdrawal Form. If Federal funds are included in a student’s package, an appointment will be required with the Director of Student Financial Services in order to process a Return of Title IV funds. In most cases, the Director will be available immediately to visit with the student. If an appointment cannot be made, the Return of Title IV forms with a letter of explanation will be sent by mail to the student’s permanent address.
- The withdrawal date is reported on the Withdrawal Form and is generally the last day of attendance. Should there be any question about the date, the Director of Student Financial Services will determine the date of withdrawal based on feedback from the student’s professors. The Director will be responsible for completing the return within 30 days of the date of withdrawal and notifying the appropriate Student Financial Services Advisor of the withdrawal and any change to the student’s package. The Director will also notify the Assistant Director of Financial Aid Loan Programs of any return of loan funds. The Assistant Director will then be responsible for processing the return of loan funds and notifying the lender of the change in eligibility.
- The Director of Student Financial Services will be responsible for notifying the student as to whether the school or the student will be responsible for repayment of Title IV funds, if applicable. The Director is responsible for tracking all notifications and deadlines. In the event of an overpayment by the student, the Director will notify the student within 30 days of the withdrawal date as to the student’s responsibility to repay the funds within 45 days of the date of the notice and the options for repayment. It will be the responsibility of the Director to notify the Assistant Director of Student Financial Services any item that needs to be reported to NSLDS.
- The Director will be responsible for offering and tracking post-withdrawal disbursements to students, if applicable. Notice to students will occur within 30 days of the date of withdrawal. The student will be required to report to the Director within 14 days after the date of the notice as to whether or not they wish to accept the post-withdrawal disbursement. In the case of a loan creating the post-withdrawal disbursement, the student will be counseled as to the nature of the funds. The school will disburse any accepted post-withdrawal disbursement within 120 days after the date of withdrawal.

6.11 Veterans Educational Benefits
For students who are eligible, Veterans Educational Benefits can be used to offset college costs. For information about Veterans benefits, please use the VA web site, www.gibill.va.gov.

Chapter 30 - Montgomery G.I. Bill/Pre-1990 G.I. Bill
Chapter 31 - Vocational Rehabilitation
Chapter 32 - Post-Vietnam Era Veterans’ Educational Assistance
Chapter 33 – Post 9/11 and Yellow Ribbon Program

Chapter 35 - Survivors’ and Dependents’ Educational Assistance
Chapter 1606 - Selected Reserve Educational Program
Chapter 1607 - Gulf War Selected Reserve Educational Program

Once the Veterans Administration determines eligibility, the student will be issued a certificate of eligibility from the VA. A copy of the certificate must be turned into the VA certifying official in the Office of the Registrar at Concordia University before the student’s enrollment will be certified to the VA.

The Office of the Registrar also needs a copy of the student's DD-214 showing all schools attended, or a Community College of the Air Force (USAF) transcript, or a SMART (USN or USMC) transcript. If there is more than one DD-214 showing schools attended, the VA certifying official will need copies of each one. This will allow an evaluation of
the student's military education and experience to determine if credit can be awarded. Receipt of a DD-214 does not automatically trigger VA benefits.

Students receiving VA educational benefits must maintain a cumulative GPA of 2.00 to be considered making satisfactory academic progress. Students on academic probation, who fail to achieve a term GPA of 2.00 at the end of the first probationary term, will be reported to the Department of Veterans Affairs as making unsatisfactory progress. Students who fail to achieve a cumulative GPA of 2.00 at the end of the second probationary term will be reported to the VA Regional Office as making unsatisfactory progress.

7.00 Athletics

Intercollegiate-Concordia is affiliated with the National Collegiate Athletic Association (NCAA) Division III and with the American Southwest Conference. Concordia currently participates in men's and women's basketball, golf, soccer, cross country, and track and field, as well as men's baseball, and women's softball and volleyball.

Intramural/Recreation-Concordia offers an extensive intramural/recreation program administered through the Office of the Dean of Student Services. Both team and individual sports and activities are sponsored including basketball, volleyball, beach volleyball, softball, racquetball, trivial pursuit and others. Students may participate individually or join a team. No previous experience is required.

7.01 Athletic Eligibility - NCAA
The athletic program is open to all full-time, regularly enrolled students who are in good standing with the university and who are in compliance with the eligibility requirements indicated below. Concordia athletes compete in men's and women's basketball, cross country, golf, soccer, track and field, men's baseball, and women's softball and volleyball.

The Faculty Athletic Representative, the NCAA Compliance Officer, the Athletic Director and the Registrar are charged with the responsibility of ensuring that all participants in intercollegiate athletics are eligible in accordance with the rules and regulations of the NCAA prior to their representing the institution in any manner. This responsibility is taken very seriously and eligibility is carefully checked.

7.02 NCAA Athletic Eligibility Standards for New Students
In addition to NCAA standards, Concordia University requires that during their first academic year of attendance students must meet the following requirements in order to participate in NCAA intercollegiate athletics.

First-time, Full-time Freshmen must:
- Be a graduate of an accredited high school or be accepted as a regular student (for GED, home schooled, international students, graduates of non-accredited high schools), and
- Be accepted as a "student in good standing"

Transfer Students must:
- Be accepted as a "student in good standing" based on Concordia’s current rules regarding transfer student admission
- Have been considered academically and athletically eligible to practice, play and receive financial aid based upon the academic performance at their prior institution
- Have at least two (2) terms of NCAA eligibility remaining or meet the fourth (4th) year academic eligibility requirement

7.03 Maintaining NCAA Continuing Eligibility for Student Athletes
In order to remain eligible to participate in NCAA intercollegiate athletics, student-athletes must:
- Demonstrate satisfactory progress toward a recognized baccalaureate or graduate degree
Meet Concordia’s Standards of Academic Progress requirements
Remain in “Good Standing” academically

8.00 Student Services
Student Services staff members seek to support the mission of Concordia University Texas by intentionally building relationships among students, faculty and staff to enhance a sense of campus community, facilitating holistic (spiritual, intellectual, social, and physical) growth among students, and modeling servant hood as the cornerstone of Christian leadership. For more specific information about Student Services, please refer to the Student Handbook on the University’s website.

9.00 Certificate and Pre-Professional Programs

9.01 Colloquy for The Lutheran Church-Missouri Synod Teaching Ministry
Men and women of The Lutheran Church-Missouri Synod (LCMS) who have graduated from an accredited college with teaching credentials, but who have not completed requirements for a Lutheran Teacher Diploma, may become certified by the Synod as eligible for the church’s educational vocations by pursuing a program to qualify for this status. Interested applicants who cannot take classes on campus in Austin should contact CUE Net in Bend, Oregon, for more information on taking classes for the teacher colloquy program. Early Childhood Certificate of Christian Teaching
The increase of Lutheran congregations starting or developing Early Childhood Centers at this time in our history is great. So great, that we do not have sufficient Lutheran trained personnel to meet staffing requirements. Recognizing the need to develop Christian leaders, Concordia University Texas, with the Texas District of the Lutheran Church-Missouri Synod, will offer the Early Childhood Certificate of Christian Teaching (ECCCT).

The goals of this training will be to:
- provide Early Childhood professionals with a foundation of Lutheran thought and teaching
- introduce Early Childhood professionals to the mission and ministry of the church; and
- assist Early Childhood professionals in supporting the faith life of young children

There will be four components, covering the following topics:
- Mission and Ministry in Early Childhood Education
- Lutheran Thought and Teaching
- Faith Development of Children and Families
- Methods and Materials of Early Childhood Education

One term unit of academic credit will be given for each component.

The prerequisites are a high school diploma or official college transcripts and letters of recommendation.

Students in each region will move through the program as a cohort group using Friday and Saturday meeting times. A total commitment of four weekends is required. All components will be taught on location at regional sites or on the Concordia University campus. New cohorts will begin when there are 10 confirmed registrations in a region.

Course components will be taught by Concordia University faculty, Texas District staff, Lutheran Church-Missouri Synod staff or Leaders in Early Childhood Education.

ECC 1111 - Mission and Ministry
This course will assist students in determining their specific role as the early childhood educator in the larger mission of the congregation. Team ministry and ministering through early childhood education will be discussed. Early Childhood Certificate only.

ECC 1112 - Lutheran Thought and Teaching
This course will provide a foundation of basic Lutheran teaching and doctrine. Students will learn who we are as a church body and what the Lutheran church believes and teaches. How Lutheran beliefs and practices are conveyed to young children will be discussed. Early Childhood Certificate only.

ECC 1113 - Faith Development of Children and Families
This course will focus on how faith develops in young children. The people who affect faith development and their role in the young child's faith development will be discussed. Special emphasis will be placed on the role of the family in faith development as well as the role of the early childhood ministry center in reaching out to families with the Gospel message. Early Childhood Certificate only.

ECC 1114 - Methods and Materials of Early Childhood Education
This course will examine Early Childhood religious curriculums and their appropriate application in the Early Childhood classroom. The focus of the module will be on integrating faith development throughout the day as well as throughout early childhood curriculum. Early Childhood Certificate only.

9.02 Pre-Professional Program
Pre-Seminary Program
The mission of pre-seminary education at Concordia University Texas is to prepare students for theological studies and pastoral formation at a seminary of The Lutheran Church-Missouri Synod. This preparation includes:
- Competency in Biblical knowledge, the Biblical languages and Lutheran doctrine
- Competency in advanced communication skills in reading, writing and speaking
- Skills in critical thinking and philosophical inquiry
- Acquisition of a global perspective
The understanding of and appreciation for the Lutheran ethos, identity and ethic
Helping the student to perceive, proclaim and live out the centrality of the Gospel of Jesus Christ for the whole of life

The work of a pastor or theologian may be described simply as communicating the Word of God to humans. Such a description reveals four areas of education necessary to prepare a man to serve the Church well:

- The knowledge of GOD
- The knowledge of GOD’S WORD
- The knowledge of HUMANITY
- The knowledge of the skills involved in COMMUNICATION

The Lutheran Church-Missouri Synod divides this educational preparation between the university and the seminary. The study of God (theology) is begun at the university level, and continues much more extensively at the seminary. The study of God's Word is also begun at the university level or sooner through the study of literature, languages, and the Bible. The seminary continues the study of the Scriptures in much greater depth. On the other hand, the study of the liberal arts (culture, history, psychology, etc.) and the study of the skills needed for good communication are carried out mainly at the university level through courses in writing, speech, drama, etc. The seminary provides specialized training in tasks appropriate for church work, such as sermon preparation, pastoral visitation, and counseling.

Academic preparation alone is no substitute for the student's personal devotional life or for his Christian, social, and emotional maturity. The student who chooses to offer himself for a call into the Holy Ministry is encouraged to develop a daily ritual of Scripture reading and prayer. Additionally, he is encouraged to make full use of the university's opportunities for chapel devotions, residence hall devotions, Bible study, community service, social activities, academic clubs, athletic and music activities, and the like.

Admission Process
Students apply for admission into the Pre-Seminary Program after they enroll in studies on campus. They must submit to the Program Director a completed application form and a letter from the pastor of their home congregation stating that the student is a member in good standing of the congregation. They are then assigned to participate in an Entrance Interview with a member of the Pre-Seminary Education Committee, who will assess whether to recommend the student for acceptance into the program.

Admission into the program is restricted to men who are members in good standing of a LCMS congregation. Other students may participate in all features and courses of the program, but will not be counted in the university's statistics as "LCMS Pre-Seminary Students."

Monitoring Process
The Pre-Seminary Program has specific expectations regarding the development of the student and has written guidelines and policies pertaining to continuation in the program and to withdrawal, removal and reinstatement in the program. This information is available from the Director of the Pre-Seminary Program and is supplied to all applicants.

All students in the Program (and those applying during their first term of enrollment) are expected to take MIN 1101 Ministry Preparation every term. This course is designed to provide the students with experiences that enhance their development in spirituality, leadership, peer relationships and knowledge of the varied aspects and venues of theological service.

Exit Interviews and Recommendation
As he approaches graduation, the student must:

- Take the GRE (Graduate Record Exam) and have the scores reported to Concordia University Texas and to the seminary of his choice.
- Take the appropriate Seminary Entrance Competency Examinations (in Christian Doctrine, Old Testament, New Testament, Greek and Hebrew) as they are scheduled.
- Complete a District Interview (off-campus) arranged with the officers of his home LCMS District.
- Complete an on-campus Exit Interview with two members of the Pre-Seminary Education Committee.
When the report of the Exit Interview has been filed, he should request the University President to compose and send his recommendation to the seminary. All students entering an LCMS seminary must submit a recommendation letter from the most recent LCMS University he attended.

**Academic Major**

Students in the Pre-Seminary Program should select one of the following five majors:

- Behavioral Sciences
- Communication
- English
- History
- Multidisciplinary Studies

Other majors may be used only with the approval of the Pre-Seminary Education Committee.

**Biblical Languages**

Both seminaries of the LCMS require competency in reading Biblical Hebrew and Greek. Concordia University Texas offers the following languages courses and recommends this sequence:

- Freshman - Latin I & II
- Sophomore - Greek I & II
- Junior - Greek III & IV
- Senior - Hebrew I & II plus Advanced Greek Readings

Pre-Seminary students are recommended to take all of these courses, and are required to complete a minimum of 12 hours from the above offerings. Where appropriate, students may also take additional study in Latin, Greek, or Hebrew by special arrangements with the appropriate instructor.

**Additional Seminary Entrance Requirements**

Both seminaries of The Lutheran Church - Missouri Synod require students to achieve a satisfactory grade point average (GPA). St. Louis requires a 2.00, and Fort Wayne requires a 2.25. All other seminary academic requirements (such as Speech or Composition) are more than satisfied by Concordia’s core requirements for every graduate. Every seminary applicant must have been an active member of a LCMS congregation for no less than two years prior to enrollment at seminary.

**Elective Recommendations**

Pre-Seminary students are encouraged to consider these courses as further electives:

- All REL courses
- COM 3303 Communication in the Church
- EDU 3333 Teaching Religion
- MUS 3362 Worship and Music

**9.03 Army and Air Force ROTC**

The Air Force Reserve Officer Training Corps (AFROTC) and the Army Reserve Officer Training Corps (AROTC) provide courses of military instruction which will permit volunteer, selected, male and female college students prepare themselves for commissions as second lieutenants in the United States Air Force, Air Force Reserve, or Air National Guard and the United States Army. Army Reserve or Army National Guard while they pursue academic courses leading to baccalaureate or advanced degrees. The specific courses listed below are available to Concordia students through concurrent enrollment arrangements at the University of Texas at Austin. **10.00 College of Business**

**10.01 Mission and Overview**

*Mission:* The mission of the College of Business is to empower students to be people of influence.

*Overview:* The College of Business provides opportunities for students to learn business concepts, develop analytical tools, and acquire leadership skills that will help them build a better future for themselves and their organizations and communities. The multiple programs offered by the College of Business are designed for students of all ages and places in life and designed to anticipate the needs of tomorrow’s business leaders. Our vision is that graduates of the College of Business will impact their communities for the better by using their God-given gifts to create successful and healthy organizations for everyone. By conceptualizing “work” in a different way, College of Business graduates will engage those around them with passion for what they do and with a heart that honors all people.

College of Business students will have opportunities to:

- Integrate technology to solve business problems
- Prepare and deliver effective presentations
- Learn and use quantitative and analytical skills
- Read and analyze graphical information
- Learn and use effective reading skills in a variety of formats
- Learn and use good writing skills in a variety of formats
- Learn and use leadership principles and skills
- Learn and use good team building skills
- Learn and use skills for effective dialogue and debate
- Learn and use skills to make ethical decisions
- Learn and use skills to communicate effectively
- Develop money management skills
- Learn and use good interviewing skills
- Think strategically
- Employ effective sales techniques
- Live a healthy lifestyle

The College of Business holds the following values as important in all decisions:

- *Everything is done with a pursuit of excellence:*
Our performance, both in and outside the classroom, lets the world know that we are serious about having an impact and making a difference.

- **People are important:**
  - The College of Business believes that people come first; that people create a community where learning can take place; that people’s ideas are important and deserve to be heard; and that people should have the freedom to find and develop in their calling from God.

- **Collaboration can achieve better results:**
  - Collective wisdom is an important aspect of finding a better solution and the College of Business puts forth the necessary time and effort that is needed for collaborative efforts, setting the example and standard for our students.

- **An international perspective is critical:**
  - The College of Business recognizes and reflects the rapidly changing world around us and that functioning effectively in this environment calls for an understanding of the different cultural norms that have become an integral part of society.

- **When people fail, we practice forgiveness:**
  - Practicing the art of forgiveness helps to create an atmosphere of trust and care that supports and enhances the learning community in the College of Business, while understanding that forgiveness and consequences are often separate issues.

- **Everyone has the opportunity for leadership:**
  - Leadership can be defined as having influence on a group of people. The College of Business teaches, models, practices and recognizes leadership among our students, our faculty and the community.

Students come to Concordia because they know they will receive an education that is academically rigorous, broad in scope, and relevant to today’s environment. They learn what it means to be adaptable within an ever-changing world. This is reflected in the classes they take as well as the types of programs that the College of Business offers, including a variety of majors, unique internships, service learning opportunities, and travel to centers of commerce throughout the world. College of Business graduates have the necessary skills to be successful in their chosen careers as well as graduate studies.

**10.02 Bachelor of Business Administration (BBA)**
The Bachelor of Business Administration (BBA) is offered in the traditional program only. Students graduating with a BBA degree will concentrate in one of five areas: Accounting, Finance, Management, Marketing, or General Business. In addition, minors can be earned in Accounting, General Business, Economics, and Finance. The BBA consists of 128 hours: which in addition to the University Core Curriculum includes, 51 hours in the BBA Major, and 15 hours in the specific concentration. The remaining hours of the required 128 hours are electives chosen from the Business curriculum or other fields of interest for the student.

**ACCOUNTING:** Accounting is “the language of business,” providing the means by which business transactions and events are analyzed, recorded, presented and interpreted for various interested parties as well as the process of better decision making. Receiving a BBA in the Accounting Track at Concordia University Texas will prepare you for a career in public, private, non-profit, or government accounting. A large number of classes are available for students to focus on specific areas of accounting.

**FINANCE:** Understanding the principles and analysis of investments and monetary and fiscal policy are the lifeblood of all financial matters within an organization. Receiving a BBA in the Finance track at Concordia University Texas prepares students for positions in the banking industry, financial institutions, business firms, governmental organizations and future graduate studies. Classes focus on the principles that support the decision making process in this area.

**MANAGEMENT:** Management is the heart and soul of organizations – the role of the manager in relation to the people and products of the firm relates directly to profitability. Receiving a BBA with a concentration in management will prepare students for positions and careers requiring leadership and managerial skills, as well as graduate studies. The focus of management courses is on personal and organizational behavior.

**MARKETING:** The role of marketing within a given industry or firm is critical to its sales and delivery of services. Today’s marketing careers focus both on the creative aspect as well as the management of delivering the product. Receiving a BBA with a concentration in marketing from Concordia University Texas will provide students with both
the theoretical background and the practical knowledge of this discipline. The focus of marketing courses is on orienting students toward careers in advertising, outside sales, and sales promotion.

GENERAL BUSINESS: Students majoring in business are often not sure of a specific focus, yet can be successful using their gifts, skills and talents in a variety of venues. Receiving a BBA from Concordia University with a concentration in General Business provides students with the opportunity to design their learning based around several different topics of interest. Students will choose five classes from among each of the other concentrations, with no more than two classes in any one concentration.

10.02.01 Attendance Policy (BBA Only): If a student’s attendance in a course reaches or goes below seventy-five percent (75%) following the official “last day to add a class”, the student is at risk of being dropped/withdrawn from that particular course. Additionally, students who have not attended by census date may also be dropped from the course through this same procedure. Students may appeal the decision to be dropped from a class through written appeal to the Dean. For more information, see the College of Business Student Handbook.

Concordia University Texas has received specialized accreditation for its Bachelor of Business Administration degree programs through the International Assembly for Collegiate Business Education (IACBE), Olathe, Kansas.

10.02.03 Alternative Ways Of Earning Credit: BBA
The Bachelor of Business Administration degree offered at Concordia University Texas provides its graduates with the knowledge, skills and attributes to achieve success in their chosen vocations – and in their lives. The program has been designed with specific courses, assignments, projects, and opportunities to provide not only a well-rounded but a unique experience for students. Because of this, students are encouraged to complete all of their coursework within the traditional structure of the BBA program, namely through on-ground, face-to-face, semester-long course delivery.

Facing a reality of students who work many hours each week and come to college with busy schedules and complex lifestyles, the College of Business wishes to provide some flexibility to students in how they achieve their goal of accumulating 128 credit hours towards graduation. In addition to transferring in lower level course work, Concordia University Texas provides courses through its Accelerated Degree Program (ADP) and through its partnership with the Online Consortium of Independent Colleges and Universities (OCICU). These opportunities provide options and flexibility for students while maintaining the integrity of the Bachelor of Business Administration Program.

Return to Table of Contents
Students enrolled in the Bachelor of Business Administration Program may take up to a combined 12 hours of credit for courses required in the Major offered through either OCICU courses or ADP courses in the BBA Program. These courses will automatically substitute for the required courses in the BBA program and its various concentrations.

Students may take no more than 9 hours of OCICU/ADP courses within the BBA major and no more than 3 hours within any given concentration.

Students must receive approval of their academic advisor to take an OCICU or ADP course as a part of their concentration area.

Students will not be able to register for identified OCICU courses when their BBA counterpart courses are being offered on ground during the long semesters (see * below).

Traditional students who are receiving a minor in business may take no more than 6 combined hours in these formats.

### OCICU REGISTRATION PROCESS:

1. Student researches OCICU courses offered by Concordia; determines which course is needed; goes to OCICU website to determine prerequisites necessary to take the course.
2. Student approaches Coordinator of Student Advising about OCICU requirements and prerequisites. Students should supply confirmation that prerequisites have been met (i.e. copies of transcripts).
   a) Approval/denial to take course is given; if approval is granted, student will fill out appropriate form provided by Coordinator of Student Advising.
   b) Student should frequently check ctx.edu email for communication from OCICU or Concordia concerning registration.
   c) Coordinator of Student Advising signs completed registration/schedule change form that student has signed.
3. Coordinator of Student Advising begins registration process with OCICU for student course selected.
4. Once notified by OCICU that successful OCICU registration has taken place, the Coordinator of Student Advising will forward the original registration/schedule change form to Registrar’s Office for registration into the Concordia system.
5. Student is billed for tuition and online course fee.

### BBA/ADP REGISTRATION PROCESS:

- Courses available through Concordia’s Accelerated Degree Program will be posted online for each semester (fall, spring, summer). Students should identify the course they plan to take and fill out a Schedule Change form with the course’s number and name indicated.
- The first approval comes through the student’s academic advisor. If the academic advisor is not available, then the student should see the BBA Registration Advisor. This approval is absolutely necessary for students to take an ADP course.
- Once the course has been approved by the College of Business, the student will then take the form to the Center Dean for the site at which the ADP course is being offered for their approval.
- The Office of the Registrar will register students for the course – students must abide by ADP policies as to course attendance and participation.
At the end of the course, grades will be submitted to the registrar’s office. Grades will be available at the end of the semester on the student’s grade report/transcript.

10.03 Accelerated Degree Program
The Accelerated Degree Program (ADP) offers the Associates of Arts Degree in Behavioral Sciences and the Bachelor of Arts degree which incorporate a liberal arts curriculum that cultivates personal growth and the development of skills in preparation for a full and productive life. The adult learning model at Concordia provides a unique alternative to the traditional method of pursuing a degree. It is designed especially for adults whose personal and professional schedules conflict with traditional full-time course study. The goal of the adult learning experience is to relate newly acquired information directly to the student’s personal and professional life.

10.03.01 Course Loads
The Accelerated Degree Program is designed with adult learners in mind, recognizing their ability to apply information to life experiences and therefore learn it more quickly, and also recognizing their outside responsibilities to family, career, and other areas. Because of the pace and intensity of the program, it is intended that students attend only one course at a time. Academic performance can suffer if students take multiple classes in the ADP format at the same time.

No student is permitted to enroll in more than six (6) credits simultaneously in any combination, including but not limited to: courses with other cohorts, correspondence courses, online courses, or concurrent enrollment in other colleges/universities. No student is permitted to enroll in more than 19 credit hours in any combination of courses, including but not limited to correspondence courses or co-enrollment. Exceptions to this policy must be approved, in advance, by the Registrar; failure to secure approval of an “overload” prior to enrollment may result in denial of credit. Students desiring to enroll in more than 18 hours in any one term are required to have earned a 3.00 cumulative GPA or higher.

10.03.02 Attendance
Attendance is required at all class meetings and is strictly monitored by instructors and ADP Staff. Students are required to attend the first night of every course for which they register. If a student misses the first night of class, s/he will be administratively dropped from the course. A 50% refund of tuition is applied. If students miss more than four(4) hours cumulative of a course, they will, without exception, be administratively dropped from the course, held responsible for all tuition charges, and required to repeat the entire course. Consistent administrative drops will lead to the student being administratively withdrawn from Concordia University Texas. Tardiness will be counted as absence. There are no excused absences, and students may not attend the missed session the next time that instructor teaches, or the next time that course is taught. (See additional attendance information in the Accelerated Degree Program handbook.)

10.03.03 Degree Programs
Associate of Arts (AA) in Behavioral Science
The AA degree in Behavioral Science provides its students with a strong background in the liberal arts, concentrating in Psychology and other human-studies disciplines. This degree can serve as a stand-alone degree for those students pursuing an associate’s degree or those simply testing the waters as they return to college life. This degree is also intended to complement the Bachelor of Arts degrees offered through the Accelerated Degree Program. Students selecting the Associates of Arts degree must complete all course requirements for the degree before taking courses for the Bachelor of Arts degree. The study of human nature emphasized in the Psychology and Sociology courses in the AA degree will support the upcoming focus on management in any of the disciplines listed below. The AA in Behavioral Sciences, like all degrees in the Accelerated Degree Program, emphasizes communication skills.

For a full description of the requirements of the Associate of Arts in Behavioral Science, see section 12.02, College of Liberal Arts.

10.05 Bachelor of Arts (Offered in the Accelerated Degree Program)
This degree provides a well-rounded introduction to the many facets of the world of business. While familiarizing students with general business principles, the majors offered in this degree specialize in developing leadership skills with the goal of better-preparing its graduates to become effective, caring, Christian leaders. Because the degree emphasizes general business principles, graduates from these majors will be well-prepared to enter graduate-level programs in Business and Business-related fields. The BA in the Accelerated Degree Program emphasizes communication skills.

10.06 Alternative Ways Of Earning Credit for the BA Degree
Facing a reality of students who work many hours each week and come to college with busy schedules and complex lifestyles, the College of Business wishes to provide some flexibility to students in how they achieve their goal of accumulating 128 credit hours towards graduation. In addition to transferring in lower-level course work, Concordia University Texas provides through its partnership with the Online Consortium of Independent Colleges and Universities (OCICU). These opportunities provide options and flexibility for students while maintaining the integrity of the Bachelor of Arts degree program.

- Students enrolled in the Bachelor of Arts degree program may take up to a combined 12 hours of coursework offered through OCICU courses.
- Students may take no more than 12 hours of OCICU courses within any BA major.
- Students must receive approval of their academic advisor/Center Dean to take an OCICU course as a part of their major.
- Students who are receiving a minor may take no more than 6 hours of OCICU to satisfy minor requirements.
- These OCICU courses will automatically substitute for the required Concordia courses in the BA program as indicated in the table below.

OCICU REGISTRATION PROCESS:
6) Student researches OCICU courses offered by Concordia; determines which course is needed; goes to OCICU website to determine prerequisites necessary to take the course.
7) Student approaches Center Dean or Coordinator of Academic Advising for advising about OCICU requirements and prerequisites. Students should supply confirmation that prerequisites have been met (i.e. copies of transcripts).
   d) Approval/denial to take course is given; if approval is granted, student will fill out appropriate form provided by Center Dean.
   e) Center Dean signs completed registration/schedule change form that the student has signed. Student should frequently check ctx.edu email for communication from OCICU or Concordia concerning registration.
   1. Form is scanned and sent to Coordinator of Academic Advising.
8) Once notified by OCICU that successful OCICU registration has taken place, Coordinator of Academic Advising will forward the original registration/schedule change form to Registrar’s Office for registration into the Concordia system.
9) Student is billed for tuition and online course fee.

10.08 Bachelor of Applied Arts and Sciences (BAAS) in Technical Management
The Bachelor of Applied Arts and Sciences (BAAS) degree is designed to provide a transfer path into a bachelor degree program from AAS degree programs, which are approved in Texas by the Workforce Commission to meet specific career skill requirements through college credit programs. The structure for the degree creates 4 classifications of credit requirements: general education core, a coherent technical specialty earned through an AAS degree, a baccalaureate track enhancing the AAS and/or career, and general elective hours.

The BAAS degree provides a baccalaureate level foundation grounded in the liberal arts perspective, providing multiple perspectives and an understanding of the world in which we live. To this end, the foundation of the degree is the liberal arts core as established for the B.B.A. the B.A. and the B.S. degrees at Concordia.
To preserve the baccalaureate level of the degree, at least thirty-two (32) of the 124 minimum hours required for the degree must be upper-level credits (course numbers 3000 or above). Of the twenty-two (22) general elective hours required, at least 6 of those credit hours must be upper-level.

Acceptance into a BAAS degree program requires an earned AAS degree from a regionally accredited school. The AAS program must contain a required coherent technical specialty area. This specialty area must require at least 9 hours of advanced coursework in the specialty area at the sophomore, or 2000 course level. This is exclusive of any additional transfer course at higher levels outside the designated specialty. The published Academic Catalog of the granting institution for the AAS will establish the required coursework for the purposes of this review.

As a program designed specifically for transfer students, a review of the transcripts and development of a plan of study is required prior to admission. This plan of study must be approved by the Dean of the college in which the degree is housed and accepted by the Registrar’s Office prior to an offer of admission.

**Program Goals and Outcomes:**
The BAAS, with a major in Technical Management, provides the necessary skills to advance into supervisory and entry level management positions within the career path of the student as supported by the AAS training already achieved. The Technical Management major provides a selection of business courses in which students learn how to apply core business skills within their own career field or business environment. These business courses include:

- Introduction to Business
- General Accounting Principles
- Finance for Non-financial Managers
- Principles of Management
- Leadership and Business
- Creativity, Critical Thinking and Change
- Capstone Project

11.00 College of Education

11.01 Mission and Overview - Education
The College of Education, through its Educator Preparation Program (EPP), provides ongoing education for pre-service and in-service teachers in a collaborative, field-based, Christian environment for the life-long pursuit of excellence in teaching and learning.

Concordia University Texas currently offers state approved Bachelor of Arts programs for Elementary (Early Childhood through 6th grade), Middle School (grades 4 through 8), Secondary (grades 8 through 12) and Special Education Certifications as based on the State Board for Educator Certification (SBEC) Rules for an Teacher Educator Preparation Program. Upon completion of a teacher education program at Concordia and successful completion of the state certification examination (TExES), a graduate may apply for recommendation for the appropriate state certification.

- Elementary School Curriculum Major - Early Childhood – 6th grade Certificate
- Middle School Curriculum Major - Grades 4-8 Generalist or Grades 4-8 Content Specific Certificate
- Secondary School Curriculum Major - Grades 8-12 Content Specific Certificate
- Special Education Curriculum Major - EC-12 All Level Certificate

Concordia University Texas has a summary first year passage rate of 94% on the state certification exams. Students must pass very rigorous certification exams in professional knowledge and their subject areas to be eligible for a Texas Teaching Certificate.

NOTE: Because students must meet the requirements mandated by the state legislature and the SBEC at the time of graduation, the degree program that was in place at the time they entered Concordia may change by the time a student graduates.

11.02 Levels of Admission to the Education Programs
Levels of Admission into the Education Programs
Formal application and minimum criteria must be met for each admission level.
1. Admission into Concordia University Texas
2. Admission into a Teacher Education Program

11.04 Religious Education (Director of Christian Education)
The Bachelor of Arts program with a major in Religious Education at Concordia University Texas provides basic educational, religious, and interpersonal foundations for the student and provides specialized training to develop individual interests in areas such as youth ministry, family ministry, children’s ministry, music and the arts, theology, missions, and outdoor ministry.

In addition, students in the Religious Education Major have the option of certification as a Director of Christian Education (DCE) in the Lutheran Church-Missouri Synod. DCEs are ministers of the Gospel who have been trained as parish education specialists and called to work with the pastor, staff, and lay leaders of a congregation. Their primary responsibility is to administer and provide resources for the parish education and youth programs of the church, to teach the faith, and train laity for service both inside and outside the parish. Depending on personal gifts, prior experience and training, and congregational needs, a DCE may also provide leadership in the young adult, singles, family, music, and evangelism ministry of the congregation.

Four years of university work and one full year of full-time internship are normally required to complete the DCE program. Students who successfully complete all phases of the program are awarded the DCE Certificate and are eligible to receive a call to full-time services in the LCMS as a rostered Director of Christian Education.

Upon successful completion of all requirements for the DCE Major, the final requirement for certification by the Lutheran Church-Missouri Synod is a year-long internship, normally following graduation, in a congregation, agency, or mission site of the LCMS. This internship will enable students to experience as many aspects of the DCE ministry as possible. While interns register as students under the ultimate direction of the DCE Program Director or Associate Director during internship, they are also paid by the participating congregation or agency and are under the direct supervision of a full-time person in the congregation or agency during this time.

Applications for admission into the DCE program are available in the DCE Office. Application for admission into the DCE program must be submitted by November 1 of the Fall Term before the student anticipates beginning taking junior level professional DCE courses. The junior transfer student should complete an application for admission immediately upon being admitted to the university.

Applications to the DCE program will be evaluated on the basis of the following criteria:

Completion of the application—including all reference forms and an autobiographical essay
A cumulative GPA of 2.5 or higher on course work taken at Concordia University
A personal interview with the DCE program director, associate director and one other faculty member.
Show personal, social and moral qualities, and personal and mental health suitable for congregational or agency ministry.
All applicants must receive clearance (negative data may block admission) from each of the following offices or persons prior to admission:
- Vice President of Student Services (includes areas related to Campus activities, off-campus activities, dorms, etc.)
- Provost
- Director of the DCE Program
- Faculty mentor/advisor

Also, the GPA of 2.5 must be maintained each term to continue in the program.

12.00 College of Liberal Arts

12.01 Introduction
The College of Liberal Arts at Concordia University Texas provides a classical liberal arts education that promotes a broad base of knowledge and develops intellectual capacities. The College is committed to a collegial environment in which students and faculty work together to grow intellectually, spiritually, and morally as knowledgeable citizens of the 21st century. We are dedicated to an intellectual foundation based on a well-rounded and comprehensive education designed to meet the needs of responsible citizenship in an ever-changing world.

The College of Liberal Arts supports the mission of Concordia University Texas: to develop Christian leaders. The majors, minors, and programs of the college, along with extracurricular activities, provide a multifaceted opportunity to teach, model, practice, and recognize Christian leadership. Program goals and outcomes are accomplished through scheduled classes, lectures and workshops by visiting scholars and guest lecturers, service learning opportunities, a variety of arts activities and venues, and a study abroad program. Ultimately, programs in the liberal arts prepare students to lead rich and rewarding lives, recognizing the interdependence of varied disciplines and professions as they are shaped and given meaning through the application of Christian values.

We live in a dynamic world economy that demands creativity, flexibility, and change. Career opportunities for the future require adaptability, critical thinking, and the ability to make connections across disciplines. The best preparation for this type of career can be found in the liberal arts. Through the liberal arts, students immerse themselves in any one of several areas of interest while still gaining the versatility and flexibility they need for life in a rapidly changing world. A liberal arts major also serves as excellent preparation for graduate study in almost any field, including business, humanities and social sciences, pre-seminary, pre-law, publishing, communications, and public relations.

13.02.08 Nursing Major
The Nursing Major has two distinct parts: The Pre-Nursing preparation sequence of courses are taken the freshman and sophomore years; midway through your sophomore year, you may apply for the BSN in Nursing professional sequence, which is taken during your junior and senior years. The pre-nursing sequence consists of required courses in the sciences and humanities that provide students a solid foundation for the art and science of caring for others. Within one semester of completing the pre-nursing sequence, students apply for admission to the professional nursing sequence BSN program. The professional nursing sequence [NUR courses] will consist of nursing lecture and clinical courses that provide students the knowledge, skills, and attitude necessary to become competent and compassionate professional nurses and are only available to students admitted to the professional nursing sequence.

14.00 Graduate Programs

Concordia University offers two graduate degrees: The Master of Business Administration and The Master of Education. Each program has unique characteristics and offers opportunities for advanced study, personal growth, and career enhancement.

14.01 Admissions
14.01.01 Master of Business Administration (MBA)
Admissions Criteria
- A minimum cumulative grade point average of 2.75 on a 4.0 scale for all undergraduate work completed
- A bachelor’s degree from a regionally accredited institution of higher education or a recognized foreign institution of higher learning
- Three to five years of professional work experience is preferred

Applicants who do not meet admissions requirements may be considered for provisional admissions by the MBA Admissions Committee in exceptional cases.

Required Materials
All MBA applicants must submit the following in order to be considered for admission:
1. Application for admission
2. $50 application fee
3. Official transcripts from the colleges or university where the student earned their baccalaureate degree. Graduate students must arrange to have the transcript sent to Concordia directly from the institution of record. A student-delivered transcript will not be accepted as an official transcript, unless it is received in the original sealed envelope and appropriately stamped by the institution of record as "issued to student in a sealed envelope."
4. MBA Admissions essay of approximately 1000 words
5. One-to-two page summary of professional work experience to include dates

Graduate Transfer credit
Transfer credits are not accepted for the MBA program

Dropping a course
Students will be registered for the entire two year cohort program upon payment of their tuition deposit. Should a student wish to take one or more semesters off from the program, s/he must formally withdraw. Due to the cohort structure of the MBA program, students cannot drop an individual course without withdrawing from the MBA program.

Withdrawal and Refunds
If a student wishes to withdraw from the program and requests that withdrawal prior to the second teaching week of the term, 100% of tuition for that term will be refunded. If withdrawal is requested prior to the third teaching week of the term, 75% of tuition for that term will be refunded. No other tuition refunds are granted.

If a student misses three consecutive teaching weeks without contacting the instructor(s), s/he will be administratively withdrawn from the MBA program.

Readmission
A student who voluntarily withdraws for less than three consecutive terms can be re-admitted into the program upon completing the application form; however s/he will be place in a different cohort. The student must submit a request for re-admission to the MBA Program Director prior to completing the application. The MBA Program Director will determine the appropriate cohort placement.
A student who is administratively withdrawn or who has not been enrolled for three consecutive terms after completing one or more MBA courses must reapply by completing all steps of the application process if s/he wishes to resume study in the MBA program. The admission decision will be based on admission criteria current at the time of reapplication.

Students accepted into the program who delay initial attendance for three or more terms must also reapply to be accepted into the program. The admission decision will be based on admission criteria current at the time of reapplication.

14.01.02 Master of Education (MED)

Admission Criteria

- A minimum cumulative grade point average of 2.50 on a 4.0 scale for all undergraduate work completed, OR (if applicable) a GPA of 3.0 on a 4.0 scale on at least 12 semester hours of graduate work completed
- A bachelor’s degree from a regionally accredited institution of higher education or a recognized foreign institution of higher learning

Admission for applicants who fall below these standards will be determined by the faculty Admissions Committee. Those applicants may be required to submit additional information.

Required Materials
All M.Ed. applicants must submit the following in order to be considered for admission:
1. Application for admission
2. $50 application fee
3. Official transcripts from the colleges or universities where the student earned their baccalaureate degree. Graduate students must arrange to have the transcript sent to Concordia directly from the institution of record. A student-delivered transcript will not be accepted as an official transcript, unless it is received in the original sealed envelope and appropriately stamped by the institution of record as "issued to student in a sealed envelope."

In the case of students who do not meet our admissions standards, additional information may be required prior to admission.

Graduate Transfer credit
The acceptability of courses presented for transfer credit from other colleges/universities will be determined by the College of Education. Courses from colleges or universities not listed on the initial application for admission may not be accepted for credit.

Applicants will be permitted, upon approval of the Director of Graduate Studies, to transfer up to six (6) credit hours of graduate credit from regionally accredited institutions of higher education, but only if proposed course work equates to and is substituted for required coursework or electives in Concordia's M.Ed. program and has earned a grade of ‘B’ or better. All decisions on equivalent substitutions must be recommended by the Director of Graduate Studies and approved by the Office of the Registrar. All transfer credits submitted for substitution must have been completed within five years of being admitted to the M.Ed. program at Concordia University Texas. Once admitted to the program, all decisions on equivalent substitutions must be recommended by the Graduate Education Committee and the Director of Graduate Studies and approved by the Office of the Registrar.

Additional Admission Requirements for Educational Administration Sequence
Applicants must meet the following prerequisites to enroll in the Educational Administration Sequence.
- have two years of teaching experience in public or private schools before completing the EDAD program.
- provide a letter, if appropriate, from their supervisor, supporting them in participating in this program and assure them an opportunity to act as administrators during their course of study, especially when they will need to be away from their regular work assignments.
- Possess a valid educator credential from any U.S. state

Certification Requirements for Principal in the State of Texas
- Have obtained or be in the process of obtaining a master’s degree in education.
- Have taught two years at an accredited public or private school.
- Take and pass the course work required as a prerequisite to take the state Principal Certification Examination.
- Pass the state Principal Certification Exam (TExES) administered by the State Board of Educator Certification (SBEC).
- Possess a valid educator credential from any U.S. state

**Provisional Admission**
In some circumstances, applicants whose undergraduate GPA is below 2.5 may be granted provisional admission. Provisional admission may be granted only when all other indicators point to success in the M.Ed. program. Provisional students will be granted full acceptance after completion of 6 credit hours with at least a 3.0 GPA.

**14.02 Academic Information**
**14.02.01 Attendance**
**Master of Education**
Because of the accelerated format of the M.Ed. program, (i.e. three credits in 8 weeks), it is required that students attend all class sessions, and students are to be present for the entire class session. There are no excused absences. However, if emergency circumstances dictate missing a session, students will notify the professor to determine how to make up the work missed in the class session. **If, for whatever reason, a student misses more than four (4) hours of cumulative absences, including late arrivals and early departures, he/she will be administratively withdrawn from the course, and will have to repeat it at a later date. In the event of extreme extenuating circumstances, the student may choose to petition the Dean of the College of Education to stay in the class.**

Professors keep records of late arrivals and early departures, both of which are counted as absences. This is because students have missed valuable interaction time with the professor and their peers. If students know that such absences are inevitable (i.e. proposed surgery, long-planned vacations, conference attendance, etc.), it is better to drop the course and take it at a later time. If a student develops absence patterns (i.e. missing one session in two classes of one term), he/she will be asked to meet with the Regional Coordinator to justify his/her continued participation in the program.

**First Class Meeting Policy:** Students who miss the first class meeting of any graduate course will be administratively dropped from the course. In the event of extenuating circumstances, the student may petition the Dean of the College of Education to be re-instatement in the course. Students who know in advance of the first night of class that they will miss the first night of class may petition the Dean of the College of Education to not be dropped from the class. If the petition is received and approved prior to the first night of class, the student will not be dropped from the class. The Student Petition Form is available from the Student Support Coordinator in your region.

**Master of Business Administration**
Participation is part of the grade in every course and the student must be in class to participate. See specific requirements in each course syllabus.

**14.02.02 Census Date**
The Census Date for all graduate courses is the first night of each class meeting. As of that date all class schedules are official, a matter of permanent record, and will appear on a student's transcript.
- Courses dropped before the Census Date will not appear on the student’s transcript.
- Courses dropped after the Census Date and before the Withdrawal deadline will be recorded on the student's transcript with the grade of "W".
- Certification of attendance for insurance purposes will be done as of Census Date for that semester.

**14.02.03 Satisfactory Academic Progress**
To remain in good standing, MBA students must maintain a cumulative GPA of 3.0 or above. Students are automatically placed on academic probation at the end of any semester in which their cumulative GPA falls below 3.0. The student will be returned to good standing after earning 12 additional semester hours with no grade below a B and a cumulative GPA of 3.0 or better. After a student has been placed on probation once, any subsequent cumulative GPA of less than 3.0 may result in dismissal from the program.

Any student who is concerned about his/her grade at any time is advised to talk to the course professor immediately. If a student is concerned about overall progress in the program, s/he is advised to talk to the MBA Program Director.

**14.02.03 Grades**
Grades awarded in Concordia University Graduate programs are A, B, C, and F. No grades of D will be awarded or accepted.

14.02.04 Advisors  
MBA Program  
The Director of the MBA program is available for student advising. If a student has any questions or concerns about the program, they are advised to see the Director.

MED Program  
The Director of the MED program is available on the main campus for student advising along with the Regional Coordinators and Student Support Coordinators located in or near the regional centers.

14.03 Program Description, Course Sequence/Degree Plans and Course Descriptions  
14.03.01 Master of Business Administration  

Semester 1  
MBA 5302 Managerial Economics (3 semester hours)  
This course covers the economic forces that have a fundamental influence on a business’ profitability, growth, and sustainability. It provides the core economic concepts that guide managerial decision-making. Topics include Supply/Demand, Capital Markets, Consumer Theory, Structures of Markets, Trade-offs, Cost-Benefit Analysis, Forecasting and Budgeting.

MBA 5201 Marketing Management (2 semester hours)  
This course focuses on the marketing decisions made by businesses and organizations, covering the strategic role of marketing, marketing problems typically encountered in business, and the analytical concepts and techniques used in marketing. Students will understand marketing planning and strategy in the context of organizational plans as well as how to integrate the functional areas of business administration into a realistic approach to solving complex problems at the executive level.

MBA 5103 Leadership Seminar I—Engaging Self (1 semester hour)  
Leadership Seminars are designed to provide a space for students to integrate course content, personal commitments, and real world experience to transform themselves as leaders. The Seminars enable students to do this with the support and input of their cohort peers. Each seminar covers an essential aspect or “site” of leadership and consists of relevant assessment and discovery tools, discussion, self-reflection, and integration of course material. Leadership Seminar I focuses on personal transformation and the call of leadership.

Semester 2  
MBA 5206 Critical Thinking (2 semester hours)  
This course covers the skills necessary to evaluate the assumptions, evidence, and inferences of what one thinks, reads and hears, and to present ideas in a logical, thorough, and persuasive manner. The course also focuses on the skills of self-awareness, reflection, and listening, as well as the essential role of emotion in making sound judgments.

MBA 5208 Organizational Behavior and Change (2 semester hours)  
This course covers theories and models of organizational behavior, as well as practical techniques for managing relationships in the workplace. Topics include Leadership, Collaboration/Groups, Change, Culture, Resilience, and Organizational Learning. Basic tools for thinking of organizations as complex systems are also included. The course emphasizes the application of theories, models, and techniques to real-world organizational challenges.

MBA 5207 Managerial Accounting (2 semester hours)  
This course covers the use of accounting data and processes in managing a business or an organization. In particular, it focuses on the concepts, processes, and models that provide information and control for managers, as well as the ways in which accounting supports and enables marketing and strategy decisions, performance, and operations management.

Semester 3  
MBA 5312 Managerial Finance (3 semester hours)
This course focuses on finance concepts and tools necessary for successfully running a business and making effective decisions. Emphasis placed on preparing students with the practical tools necessary for running a business. Topics include Debt/Equity mix, Cash Flow, Opportunity Cost, Risk-Return, Valuation of Assets/Projects.

**MBA 5211 Organizational Ethics** (2 semester hours)

This course covers the ethical interconnection of worldviews, values, and behavior in an organization. It covers the interplay of ethical, moral, legal, and social issues in managing one’s self, individuals, groups, and organizations in a complex environment where stakeholders often have competing interests. The course analyzes the impact of ethical decisions on organizational stakeholders, as well as tools for creating and sustaining an ethical culture within the organization.

**MBA 5113 Leadership Seminar II—Engaging Others** (1 semester hour)

Leadership Seminars are designed to provide a space for students to integrate course content, personal commitments, and real-world experience to transform themselves as leaders. The Seminars enable students to do this with the support and input of their cohort peers. Each seminar covers an essential aspect or “site” of leadership and consists of relevant assessment and discovery tools, discussion, self-reflection, and integration of course material. Leadership Seminar II focuses on the aspects of Transformational Leadership, including leading in a collaborative fashion and helping others find their leadership potential.

**Semester 4**

**MBA 5317 Economics, Marketing, and Competitive Strategy** (3 semester hours)

This course analyzes how to blend marketing strategies (integrated sales, advertising, marketing plans) with economic analysis and principles to develop comprehensive strategies that effectively respond to and take advantage of market conditions. The course enables students to apply their knowledge of marketing and economics to a real-world case.

**MBA 5316 Managing Operations and Technology** (3 semester hours)

This course covers key operational aspects of a business: tactical decision-making, process design and control, organizational structure, workforce issues, quality control, and planning. Course emphasizes the use of IT social media, and the Internet for business processes and communication.

**Semester 5**

**MBA 5321 Decision Making and Strategy in Complex Situations** (3 semester hours)

This course provides systems thinking tools and processes for agile decision-making and flexible strategies to engage complex business situations. It focuses on the ability to continually position a business to adapt to and take advantage of a changing business environment and to develop a sustainable competitive advantage. The course emphasizes working knowledge and understanding of key environmental factors and forces that shape business today. Topics include Industry Analysis, Resource Theory, Operational Strategy, Transaction Cost, Value Chain Analysis, Globalization/Multiculturalism, Sustainability/Green Business, Social and Community Responsibility, the “New Economy”.

**MBA 5220 Business, Society and Public Policy** (2 semester hours)

This course examines current political, legal, and social forces acting on business and the ways in which business influences these forces. It focuses in particular on legislative and regulatory actions, policy making and implementation, and the interaction of the political-economic systems, public policy, and business. The course also examines the evolving relationship of business, government, and nonprofit organizations in America today, especially the rise of business-public-private-nonprofit collaborations.

**MBA 5122 Leadership Seminar III—Engaging Community** (1 semester hour)

Leadership Seminars are designed to provide a space for students to integrate course content, personal commitments, and real-world experience to transform themselves as leaders. The Seminars enable students to do this with the support and input of their cohort peers. Each seminar covers an essential aspect or “site” of leadership and consists of relevant assessment and discovery tools, discussion, self-reflection, and integration of course material. Leadership Seminar III will help students understand the needs of their local community and explore how they can personally make an impact for the common good within their community.

**Semester 6**

2011-2012 Catalog Page 101 www.concordia.edu
MBA 5325 Entrepreneurship and Innovation (3 semester hours)
Principles and techniques of opportunity identification, new venture creation, innovation and sustainability. This course considers entrepreneurial innovation from concept to market. The course emphasizes social innovation and social entrepreneurship, including how principles of each benefit traditional businesses. Designed to support students’ venture creation in MBA Capstone.

MBA 5227 MBA Capstone (2 semester hours)
This course allows students to integrate their learning and experiences throughout the program in the creation of a venture or project they might pursue once they have left the program. Designed to build off concepts and techniques taught in the Entrepreneurship and Innovation Course.

MBA 5126 Leadership Seminar IV—Making a Difference (1 semester hour)
Leadership Seminars are designed to provide a space for students to integrate course content, personal commitments, and real world experience to transform themselves as leaders. The Seminars enable students to do this with the support and input of their cohort peers. Each seminar covers an essential aspect or “site” of leadership and consists of relevant assessment and discovery tools, discussion, self-reflection, and integration of course material. Leadership Seminar IV will serve as part of the capstone experience in which students will develop a personal plan for continued leadership development and for seeking leadership opportunities in their workplace and communities.

14.03.02 Master of Education
Built on the Christ-centered mission statement of the Concordia University System and Concordia University Texas, the mission of the Master of Education program is to develop educational practitioners who exemplify leadership in:
- Value-centered education
- Management of educational change
- Effective instructional practices
- Sensitivity to diversity in learners, cultures, and educational systems
- Practical applications of theory, research, and assessment in education
- Leadership Skills

Financial Aid - M.Ed.
The Graduate Program was created for working adults to attend class in the evening part-time. Financial assistance is available to those who qualify in the Federal Pell Grant and Stafford Loan and up to the cost of tuition only. Complete financial aid information may be found in the section 5.08 of the catalog titled Financial Aid.

Degree Description - M.Ed.
The Master of Education degree plan has two parts: a core and a sequence. The core consists of 18 hours built upon the learner proficiencies identified for this M.Ed. program. Along with completion of the core, students choose between one of four 18 hour sequences designed to meet the individual needs of the students and their teaching situation. There is also a 27 academic hour sequence designed for students who already possess a master's degree in education and are only seeking Texas Principal Certification. Choices include:

Curriculum and Instruction Sequence
The curriculum and instruction sequence of the M.Ed. program at Concordia University Texas is founded on the idea that practicing teachers can acquire certain knowledge and skills in addition to an emerging belief system that will assist in their growth as effective teachers and educational leaders. Because this sequence emphasizes factors such as technology, leadership, and communication, each course offering will in content, experience, and structure incorporate principles central to each of these factors. Graduate students choosing this option will be empowered to build upon their experiences and cognitive background to enhance intellectual and instructional skills, technological applications, and a growing appreciation for the role of the instructional leader in diverse educational and professional settings.

Curriculum and Instruction with Teacher Certification Sequence
The curriculum and instruction with teacher certification sequence of the MED program at Concordia University Texas is founded on the idea that students can acquire certain knowledge and skills to help them become effective teachers and educational leaders. The courses in this sequence are designed to cover topics critical to the field of education including curriculum, differentiated instruction, learning theory, evaluation and assessment, literacy, legal and ethical issues and many others. Students in this sequence participate in field work and complete a student teaching experience as a capstone course. Students who successfully
complete this sequence will meet the State of Texas course requirements and will be eligible to take State Teacher Certification exams. This is a 42 credit hour program and is offered in cohort format.

**Advanced Literacy Instruction Sequence**

In lieu of a thesis, advanced literacy students conduct a Case Study in a practicum setting in literacy remediation and improvement for a school-aged child/adolescent with reading and writing challenges. Emphasis is placed on selection and use of appropriate methods and materials and application of evaluation and diagnostic techniques. Case Study work is conducted under supervision and students participate in a weekly discussion seminar to support this effort. The Case Study proposal created in MED 5305 is implemented in the course. The course, LTC 5336, serves as the capstone requirement for the Advanced Literacy Instruction sequence. **Prerequisite:** LTC 5330, LTC 5331, and MED 5305.

**Early Childhood Sequence**

The early childhood sequence will prepare specialists in early childhood education. This program will further develop the students’ knowledge and understanding of young children and families. It will provide opportunities to study and challenge past and present theories of early childhood development. A strong emphasis will be placed on developing curriculum through play. The participants will become competent leaders to construct, administer, and be an advocate for early childhood programs.

**Educational Administration Sequence**

The educational administration specialization of the M.Ed. program at Concordia University Texas will provide opportunities to study and develop appropriate administrative skills and procedures vital to a successful educational setting for students in public or private schools. Students will develop a high level of leadership skills and gain knowledge about theories that drive the educational process. Students who successfully complete the educational administration sequence will meet the State of Texas course requirements and will be eligible to take the TExES test to be certified as a Principal (068 Principal).

**Academic Standard**

Students admitted to the Graduate Program at Concordia University must maintain a GPA of 3.0 in order to stay in good standing as a graduate student. Students falling below the 3.0 requirement must bring their GPA back up to 3.0 within the next six graduate hours earned or they will be academically ineligible to continue in the M.Ed. program. Grades awarded in the MED program are A, B, C, and F. No grades of D will be awarded or accepted.

**Portfolio Presentation/Terminal Activity**

Students about to graduate from the M.Ed. Program will be required to present a portfolio which demonstrates competence in each of the proficiencies as outlined by their sub proficiencies to the Graduate Education Committee or their designates. These presentations will take place in the last term of the student's studies and will serve as the exit interview for final approval leading to the student's graduation from the program.

**Thesis/Case Study/Capstone Requirement - M.Ed.**

**Curriculum and Instruction Sequence**

Students will complete their proposal for their thesis as a requirement for MED 5305 Classroom Teacher as Researcher. The next course in the sequence is CAI 5329 Thesis Proposal and Defense, in which students complete and defend the thesis proposal, and have it accepted. Students will not be able to start CAI 5326 Master's Thesis until they have completed MED 5305 and CAI 5329. Students will come to CAI 5326 Master's Thesis ready to start and complete their studies all within the term for which they have enrolled.

Students who do not complete CAI 5326 Master’s Thesis in the given term will be issued an ‘NC’ (no credit) as their grade for that term. If that should happen, the student will need to re-enroll and pay for CAI 5326 again in order to receive credit for the course. Incomplete designations are not issued to CAI 5326.

**Curriculum and Instruction with Teacher Certification Sequence**

Students in this sequence complete a full-time 14 week student teaching experience in a public or private school. During the student teaching experience, students implement an action research project developed in the Action Research course CAI 53XX.
Advanced Literacy Instruction Sequence
Students in this sequence conduct a field-based practicum (LTC 5336), which focuses on the diagnostic teaching and learning process within the context of a Case Study. The Case Study experience is designed to remediate the diagnosed literacy problems of the tutee, who was selected by the graduate student and approved by the professor. Under supervision and guidance students develop strategies and techniques for relevant assessment, diagnosis, instruction and evaluation of literacy strengths and weaknesses of the tutee. They apply diagnostic techniques as a basis for resolving literacy difficulties. Students design, implement and evaluate remedial reading and writing instruction, as well as investigate various adaptations to meet learners’ individual differences. This course is the capstone requirement for the Advanced Literacy Instruction sequence.

Early Childhood Sequence
Students will be given two options in the capstone course ECE 5346 Research Seminar in Early Childhood Education. Students may choose to either participate in a case study of an early childhood program or be involved in a study of ECE programs in a foreign country.

Educational Administration Sequence
Instead of writing a thesis, students are required to complete a practicum involving acting as an administrator on a local school campus or at a district administration building. They will also attend an approved administrator's workshop, and at the end of the course, present a portfolio to the Educational Administration committee showing that they have accomplished all the requirements set forth in the principal certification program.

This sequence is for students with previous M.Ed. degree working for Texas State Certification only. No degree is granted for this sequence.
CAI 5321 Models of Teaching
This course provides content specific instructional methodology, need of the learner and curricular concerns in educational settings.

CAI 5322 Legal Foundations of the Teacher and School
This course provides an opportunity to study, explore, and research laws, policies, and procedures affecting education today in an ever changing world. Teachers and administrators are called upon to know laws, policies, and regulations of the federal, state, and local community so potential legal action may be avoided. This course will enable students to understand the laws and prevent many of the legal entanglements affecting teachers and administrators in today’s schools both public and private. Components reviewed will address:
• Federal, state, and local laws, regulations, and policies towards education.
• Prevention, resolution, and containment of situations that can affect the learning environment in an adverse manner.
• Historical aspects of legal decisions that have shaped the educational environment into its present structure.
• No Child Left Behind and the impact it is exerting on the LEA (local education agency), state and national educational goals for education in the 21st century.
• Laws dealing with special populations, diversity, and needs of LSE (low social economic) students as well as ESL and other groups of students as identified.

CAI 5323 Evaluation and Assessment in Education
This course provides a study of traditional and alternative assessment techniques, instrumentation, and implementation.

CAI 5326 Master's Thesis in Curr. & Instruction
The thesis proposal created in MED 5305 will be implemented in this class. Students will come to this course ready to continue their research resulting in an approved thesis. This will serve as the capstone activity for persons choosing Curriculum and Instruction as their sequence. Prerequisite: MED 5305 Teacher as Researcher and CAI 5329 Thesis Proposal and Defense

CAI 5327 Ind. Study in Curriculum & Instruction
This course provides an individual study project emphasizing close reading and discussion of issues and trends in curriculum and instruction. This course can be used only with prior approval of the Graduate Education Committee.

CAI 5328 Historical and Philosophical Foundations of Education
This course examines the relationship between theory and practice in education, the assumptions underlying educational decisions and actions and the influences of educational philosophy and historical traditions on our educational system. Examining stated purposes, events and trends that continue to shape and influence public and independent educational systems today will enable the master teacher to set a course for effective decision-making in the future.

CAI 5329 Thesis Proposal and Defense
This course allows students to practice the skills and knowledge learned in MED 5305 Teacher as Researcher. Students will be required to develop and defend the proposal for their thesis. Students will develop the topic, do beginning research, locate, review and critique literature related to their thesis topic, defend this topic for further study. The thesis proposal must be written, defended and accepted.
before the student may take CAI 5326 Master Thesis.  

Prerequisite: MED 5305 Teacher as Researcher

CAI 5330 Action Research
The course advances the proposition that the action research approach is a useful paradigm in the field and worthwhile model for research. Historical, philosophical and theoretical foundations will be discussed, but practical application will be the primary focus simultaneously with learning. Students will demonstrate their abilities to design, diagnose, plan, implement, observe, and reflect in cooperation with classmates. The various roles and skills necessary to be an effective action research will be discussed, as well as important issues related to empowerment, contextualization, ethical considerations, and validity.

ECE 5330 Language Acquisition and Emergent Lit.
This course provides the philosophy of language development and emergent literacy, acquisition of structure, content, and use of children's language in reading, writing, speaking and listening. Cross listed as LTC 5330.

ECE 5340 Infant and Toddler Programs
This course provides understanding the whole child, pre-natal through age three. Research of developmental and special needs will lead to curriculum for the individual child.

ECE 5342 Curriculum through Play
This course provides research of the theory of learning through play. Instructional strategies will be explored and developed using play through the curriculum.

ECE 5344 Admin. of Early Childhood Programs I
This course provides a study of the beginning of a program as well as improving existing programs. It includes: daily operations, assessment, health and safety, nutrition and management of programs.

ECE 5345 Admin. of Early Childhood Programs II
This course is a continuation of ECE 5344.  

Prerequisite: ECE 5344.

ECE 5346 Research Seminar in ECE
This course is a capstone course for students in the Early Childhood Education or Early Childhood Administration sequence of the M.Ed. program. Requirements could be met in one of two ways by:
- traveling abroad to study early childhood programs in other countries.
- complete a case study on an Early Childhood Program

The Implementation Plan created in MED 5305 will be implemented in this class.  

Prerequisite: MED 5305

EDAD 5351 Principal as Diversity Leader
A course of study giving students an opportunity to develop and increase skills and knowledge in the areas of religion, ethics, conflict resolution, counseling, the historical influences on ethnic diversity interaction, community relations, and leadership of the school environment. It is necessary for the school administrator to be the force by which these groups cannot only coexist, but to share common goals and work together in a collaborative manner, so all students can be successful and be a productive force in the community, nation and world.

EDAD 5352 Principal as Resource Leader
A course of study centered on the administrator's ability to efficiently manage and utilize the human resources, effectively utilize and manage the financial resources, and physical resources for the optimum benefit of students and the learning environment.

EDAD 5353 Principal as Prof. Dev. and Cont. Ed. Ldr.
A course of study centers on staff development and continuing education of the educational staff. Students will learn to develop a continuing educational program at the local campus and develop staff development training that will meet the needs and continued professional development of the staff at all levels of experience. The course will reflect upon the different theories of adult learning and development. ILD certification offered through this course.

EDAD 5354 Principal as Compliance Officer (Practicum)
This course will be experiential in nature. Students will have practical experience as an administrator dealing with day to day situations faced by principals. Students will be an active part of accountability as the State of Texas continues to monitor progress by the local districts. This will be the final course of study for educational administration. Prerequisite: MED 5305 (Professional Development and Appraisal System certification offered through this course).

LTC 5329 Foundations of Literacy
This course focuses on designing, implementing, adapting, and evaluating reading instruction for students early childhood to twelfth grade. The activities and strategies included are based on current research.

LTC 5330 Language Acquisition & Emergent Lit.
This course studies the philosophy of language development and emergent literacy; acquisition of structure, content, and use of children's language in reading, writing, speaking and listening. Cross listed as ECE 5330.
LTC 5331 Rdg. across the Curriculum: All Levels
Philosophy of developmental reading; methods and materials; scope and sequence of beginning reading skills through reading in the content areas of math, science, social studies and English; evaluation of reading programs; adaptations for individual differences.

LTC 5333 Literature and Literacy
Comprehensive study of diverse types of literature for children and early adolescents; evaluation and selection of books with regards to needs and interests of students; storytelling techniques; curriculum applications; reference to meeting needs of special needs students.

LTC 5336 Literacy Imp. & Remediation Practicum
The case study proposal created in MED 5305 will be implemented in this class. Field-based basic practicum in remediation and literacy improvement emphasizing selection and use of appropriate methods and materials under supervision; applies evaluation and diagnostic techniques. The Case Study proposal created in MED 5305 will be implemented in this class. This course serves as the capstone requirement for the Advanced Literacy Instruction sequence. Prerequisite: LTC 5330, LTC 5331, LTC 5339, MED 5305.

LTC 5337 Ind. Study in Adv. Literacy Instruction
This course requires an individual study project emphasizing close reading and discussion of issues and trends in advanced literacy instruction. This course can be used only with prior approval of the Graduate Education Committee. Documentation of extreme extenuating circumstances must be presented to the Graduate Education Committee.

LTC 5338 Reading and Literacy Programs
Selection, administration and evaluation of reading programs and instructional strategies appropriate for literacy development in the regular classroom environment. Prerequisites: LTC 5330 and LTC 5331.

LTC 5339 Eval. & Diagnosis of Literacy Needs
Exploration of symptoms and causes of ineffective reading and writing skills. Under supervision and guidance, students develop strategies and techniques for evaluation and diagnosis of strengths and weaknesses in a struggling reader and/or writer. Students select, administer and evaluate assessment instruments, interpret assessment outcomes, and provide professional recommendations for future interventions. Prerequisites: LTC 5330 and LTC 5331.

MED 5301 Tchr Effectiveness & Comm. Tech.
Answers the question "What do effective teachers have in common?" This course examines innovative methodology in teaching and communication skills to apply to the diverse educational settings of the 21st century.

MED 5302 Learning Thry & Instructional Design
This course studies the influence of learning theory and cognitive psychology on instructional design in American education.

MED 5303 Curriculum Design and Practice
This course provides an intensive study of pedagogical approaches and materials for teaching in schools, such as state curriculum documents and the curricular recommendations of professional associations. Specific emphasis will be given to study of alternative approaches to curriculum theory, design, practice and evaluation.

MED 5304 The Teacher as Instructional Leader
This course examines the role of teacher in curriculum design and inquiry, instructional teaming, integration of content matter, and meeting the needs of diverse populations in educational settings.

MED 5305 The Classroom Teacher as Researcher
Study of research methodology which explores various research modules, analyzes examples of research to identify models of acceptable and unacceptable research, and develops skills in using statistical techniques which enable the classroom teacher to be a reflective practitioner. Students will complete one of the following requirements:

- Advanced Literacy students will complete a proposal for their case study.
- Curriculum & Instruction students will complete a proposal for their theses.
- Early Childhood students will complete an Implementation Plan for ECE 5346 The Research Seminar in ECE.
- Educational Administration students will complete an Implementation Plan for their Practicum.

MED 5306 Ethics and the Teacher in Society
This course provides a Christian perspective of current issues, philosophy, and practice in American education (public and private).

MED 5307 Educational Internship
Supervised on-the-job experience and involvement in a public or private school. This course will serve as an integration of the student's in-class learning theory, methodology, and content in an extended educational setting.
This 16 semester hour program will prepare students to take the state exam for certification as a Texas public school superintendent (TExES #64). The SCP will be a comprehensive study of the many facets of the superintendency, including proper leadership roles, management of conflict, and school finance. Cohorts will be formed in January, and the five courses of the program will be taken in sequence through December, with the exception of the Practicum, which will run the entire twelve months of the program. A brief description of the SCP courses follows.

**EDAD 5370 - Issues in the Superintendency**  
This course will study the most prevalent issues faced by the modern school superintendent with an emphasis on superintendent/school board relations (3 hrs.).

**EDAD 5371 - Leadership in the Superintendency**  
This course will include a brief history of the superintendency in the public school setting and an overview of leadership styles with an emphasis on the servant leadership model (3 hrs.).

**EDAD 5372 – Superintendent as Conflict Manager**  
This course will emphasize effective methods for dealing with a wide variety of conflict situations the school superintendent is likely to encounter with the goal of better communication and increased student achievement (3 hrs.).

**EDAD 5373 - School Finance for the School Superintendent**  
This course will cover a wide range of finance-related issues specific to the superintendent and will be an extension of finance as presented in the principalship (3 hrs.).

**EDAD 5374 – The Superintendent Practicum**  
This course will run the entire twelve months of the SCP. Students will log a minimum of 200 hours in the field, dividing time equally among the ten Superintendent Competencies provided by the state. Emphasis will also be placed on preparation for the state superintendent exam (4 hrs.).

15.00 Course Descriptions - Undergraduate

**15.01 Course Numbering System**  
1. The first digit shows the level at which a course is ordinarily taught.  
   a. "1" level courses are open to first-term freshmen.  
   b. "2" level courses are open to freshmen, but typically have a college-level prerequisite.  
   c. "3" level courses are upper-level courses.  
   d. "4" level courses are typically terminal courses within a major.  
2. The second digit in the course number shows the credit hours of credit the course carries.  
3. The remaining two numbers indicate a sequence within the discipline.  
4. The numbers following the course title designate the numbers of lecture/lab hours the course requires each week (based on a traditional 15-week semester).

**15.02 Independent Study**  
__ 3399 Independent Study  
An individual tutorial emphasizing close reading and discussion of literature in an area of the student's interest. Prerequisites: A 2.75 cumulative GPA and a 3.25 average GPA in either: twelve credit hours of course work in the chosen discipline, including six upper-level-hours, or at least 12 credit hours of course work in the student's major, including six upper-level-hours; consent of instructor, Director of the Major and Dean of the College.

**15.03 National/International Study**  
__ 3X98 National/International Studies: Study of ____  
Allows students to experience other cultures first-hand through travel. Experiences are arranged carefully prior to, during and following the trip to enhance student learning. Course may be offered on a Pass/Fail basis and with variable credit from one to three credit hours. Course may be repeated with varied topics.

BADM 3313 Creativity, Critical Thinking, & Change 3,0
Designed to equip the individual, the manager, and the leader of the future with critical thinking and creativity skills necessary for a leader and a manager. Includes brain dominance and thinking styles.

BADM 3321 Business Law 3,0
Background and role of law in business and society. Specific commercial law topics addressed include Uniform Commercial Code, business torts, property, contract sales, debit/creditor relations, and agency.

BADM 3331 Organizational Communication 3,0
A study of communication patterns in organizations and practice in communication skills necessary for functioning in complex organizations. Cross-listed as COM 3331.

BADM 3334 Quantitative Methods 2,2
This course is an upper-level course in statistics that teaches students how to use decision making tools within organizations. These tools include univariate and multivariate regression, ANOVA, Chi-square, correlation, non-parametric statistics, linear programming, sensitivity analysis, transportation problems, network models, and waiting line problems. Cross listed as BADM 3334. Prerequisite: MTH 2301 Statistics or the equivalent.

BADM 3340 Human Resource Management 3,0
An introduction to human resource management. Topics include employment, placement and personnel planning, training and development, compensation and benefits, health, safety and security; employee and labor relations. This course has a writing component. Recommend BADM 3310.

BADM 3350 Principles of Marketing 3,0
Practices and market structure, marketing functions and strategies, institutions, pricing, demand creation, industrial and consumer, costs and marketing legislation. This course has a writing component.

BADM 3351 Selling and Sales Management 3,0
Professional selling principles and practices for industrial and consumer goods. Includes identification and qualification of customers, developing and delivering high quality presentations, persuasive theories and techniques, ethics of selling, and pre/post sales services. Policy matters, product planning, distribution policies and pricing, sales promotion, organization and management of territories and the sales force, control of sales operation.

BADM 3352 Integrated Mkt. Communications 3,0
This course studies all elements of promotion and integrated marketing communications. Students gain knowledge of the major promotion and communication tools organizations use, how promotion is planned, budgeted, and used in the marketing program, and how to analyze promotion alternatives as they relate to the organization's marketing objectives and market segments served. Prerequisite: Upper-level standing.

BADM 3353 Consumer Behavior 3,0
This course focuses on the analysis and interpretation of the behavior of individuals as buyers and consumers of goods and services. Students will learn to evaluate and interpret the psychological, economic, and socio-cultural factors and trends that influence purchase and consumption of goods and services. Prerequisite: Upper-level standing.

BADM 3360 Finance 3,0
The course includes an introductory level survey of financial management goals and decision making; risk and return analysis; portfolio diversification; market efficiency; asset valuation; cost of capital; agency theory; capital budgeting; liquidity management; and international financial management. This course has a writing component. Prerequisites: ECO 2301, ECO 2302, and ACC 2302.
BADM 3361 Money, Banking, and Credit 3.0
The course will cover the role of financial markets in the
economy; the determination of interest rates; the role of
financial intermediaries and financial intermediation; the
role of the central bank in monetary policy; and the
macroeconomics of monetary policy and interest rates.
Cross-listed as ECO 3361. Prerequisites: ECO 2301,
ECO 2302.

BADM 3370 Purchasing Management 3.0
This course covers the basics of purchasing and materials
management. Other topics include standardization and
industry standards, vendor selection and relationship
including long term partnering, make-or-buy, and
purchasing involvement in organizational decisions.

BADM 3371 Management Information Systems
Course provides students with a fundamental
understanding of information technology in
contemporary business environments and presents core
MIS principles with which every business student should
be familiar. Students will also study real cases that are
associated with IS applications in order to understand the
issues in IS disciplines and the changing role of the IS
professional. Prerequisite: CIS 1301 Introduction to
Personal Computers (or competence exam).

BADM 3380 Production and Ops. Management 3.0
The course includes the strategic, tactical, and
operational issues that arise in management of production
and service operations; product and process design,
facilities planning, quality management, materials
management, operations planning and scheduling, and
emerging technologies in production and service
management.

BADM 33XX Negotiations and Conflict Management
(course under development)

BADM 33XX Entrepreneurship (course under
development)

BADM 4301 Mgmt. Practicum, Business Policy 3.0
Enterprise management and responsibilities of general
managers; integrating the functional areas of business
administration into a realistic approach to business
problems: applying principles to complex problems at the
executive level, integrated into a computer simulation.
This course has a writing component. Prerequisite: Senior
level standing and BADM 3311. Students are expected to
graduate in the calendar year that this course is
completed.

BADM 4310 Business Internship 3.0
Provides students with job searching skills, on-the-job
experience and training related to academic education
and long-term goals. May be repeated once for credit as
an elective, but only three credit hours will count toward
any Business Management major. An upper-level course
for business majors only; graded on a pass/fail basis.

BADM 4311 International Business Mgmt. 3.0
Will be offered as either a travel course or classroom
course, depending on the interest and/or time offered.
Students will spend a total of 45 hours in classroom-type
settings (either on or off Concordia’s campus). Course
Requirements: Travel to designated site (if offered),
readings from text, outside readings, written papers, and
exams.

BADM 4312 Strategic Management 3.0
This course provides student with advanced level
learning and critical thinking skills in the areas of
strategic planning, implementation and control.
Integrated learning will take place using the various
business disciplines, applying a general management
point of view. An overview of historical thought in
strategic management will provide a basis for students to
think about and form their own theories and management
styles. Students will apply their leaning through case
studies and class projects. Prerequisite: BADM 3311
Principles of Management.

BADM 4350 International Marketing 3.0
Will be offered as either a travel course or classroom
course, depending on the interest and/or time offered.
Students will spend a total of 45 hours in classroom-type
settings (either on or off Concordia’s campus). Course
Requirements: Travel to designated site (if offered),
readings from text, outside readings, written papers, and
exams.

BADM 4351 Advertising Management 3.0
Through projects and texts, students will develop an
understanding of the creation of effective advertising,
media planning and budgeting, and advertising strategy
as it relates to the overall marketing mix and strategic
plan of the organization, with special emphasis on
advanced copywriting and layout, for print and broadcast
media. Prerequisites: BADM 3313, BADM 3350, and
BADM 3352.

BADM 4352 Internship in Marketing
BADM 4353 Marketing Mgmt. and Strategy 3.0
This course uses case analysis and readings to understand marketing planning and strategy in the context of organizational plans and strategies. The course utilizes a computer simulation involving team competition to integrate the functional areas of business administration into a realistic approach to solving complex problems at the executive level. 
Prerequisites: BADM 3313, BADM 3350, and BADM 3352.

BADM 4361 Investments 3.0
Topics covered include financial markets, securities trading, evaluation of the risk/return trade-off, efficient portfolio formation, fixed-income security valuation and interest-rate risk, and introduction to derivative securities. 
Prerequisite: BADM 3360 or consent of the instructor. 
BADM 3334 is strongly recommended.

BADM 4363 International Financial Mgmt. 3.0
The course covers international monetary systems, exchange rate determination, use of currency derivatives in hedging and risk management, currency swaps, foreign direct investment, and international capital budgeting. 
Prerequisite: BADM 3360 or concurrent enrollment.

BADM 4364 Capital Budgeting 3.0
Topics include the net present value and internal rate of return criteria for capital budgeting decisions; other criteria for such decisions, the cost of capital; capital budgeting under uncertainty; the lease-or-buy and make-or-buy decisions; and financing fixed assets; including theory of the debt to equity trade-off and dividend policy. 
Prerequisite: BADM 3360.

BADM 4366 Financial Risk Management 3.0
This course is an advanced finance course that covers the use of various derivative instruments for the management of financial risk. Emphasis is on hedging pre-existing financial risks with the instruments and their proper use as part of a risk management strategy. 
Prerequisite: BADM 3360 or concurrent enrollment.

BADM 4370 Business and Ethics 3.0
This capstone course reviews the basic knowledge for enterprise management in the context of providing for the ethical responsibilities of general managers necessary for Christian Leadership in Business. The course utilizes text readings and case studies involving team competition to integrate the functional areas of business administration into a realistic approach to solving complex problems at the executive level. This course has a writing component that utilizes Ethical Case Study Methodology in addition to weekly summary reports on text reading assignments. Finally, there is a Business Simulation requiring the participation of each individual student. 
Prerequisite: Senior level standing and BADM 3311. Students are expected to graduate in the calendar year that this course is completed.

BADM 4390 Special Topics in Business (Course under development)
This course provides students with advanced level learning and critical thinking skills in the areas of selected specific topics of business. Integrated learning will take place using the various business disciplines. Students will apply their learning through reading, experience, and class projects. Business students will receive credit toward their Business concentration as deemed appropriate by the COB faculty.

15.04.06 Biology
Note: BIO 1101-1106 are a series of mini-course field experiences to study the ecosystems of selected areas of Texas; some courses require good physical conditioning due to strenuous hiking activity. Field Biology may be repeated for credit under each separate number; the same number course may not be repeated for credit. Up to three of these one-hour courses in any combination may be used as a non-lab Natural Science within the core. These courses require a special course fee to cover travel and special equipment. 
Prerequisite: Consent of instructor.

BIO 1101 Field Biology East and Southeast Texas
BIO 1102 Field Biology Rio Grande Valley
BIO 1103 Field Biology Southwest Texas
BIO 1104 Field Biology Panhandle and Northwest Texas
BIO 1105 Field Biology Central Texas
BIO 1106 Field Biology Guadalupe Mountains

BIO 1400 Introduction to Biology
A 4-hour lab course designed to introduce the student to the processes of science and the major concepts of biology from a historical and practical perspective. 
(Accelerated Degree Program only)

BIO 1401 Principles of Biology 3,2
General concepts of biology with emphasis on man in God's world. This course meets the core natural science requirement for non-science majors.

BIO 1402 General Zoology 3,2
The anatomy, physiology, behavior and ecology of major animal groups.

BIO 1403 Cellular and Molecular Biology 3,2
Modern concepts of cellular functions at the molecular level. This course meets the core natural science requirement. Prerequisite: CHE 1401 General Chemistry or CHE 1301 General, Organic, and Biochemistry I.

BIO 2401 Survey of Human Anat. & Physiology 3,2
The basic structure and function of the human body systems. 
Prerequisites: BIO 1403 or BIO 1401 and high school chemistry or equivalent.
BIO 2403 General Botany 3,2
The structure, function, reproduction, taxonomy and ecology of plants.

BIO 3302 Tropical Biology
A field study of the biology and ecology of tropical marine and rain forest ecosystems. This course also includes a study of environmental concerns and conservation efforts in tropical ecosystems. Offered during Spring Break and/or summer and requires extensive physical exertion and "roughing it." Additional fee for course paid at time of registration. Prerequisite: Consent of the instructor.

BIO 3303 Native Plants 2,2
Identification, natural history, economic importance and ecology of plants native to Central Texas.

BIO 3310 Nutrition 3,0
A study of the nutrients and other substances in foods and the body's handling of them. Nutrient requirements associated with various life stages and the impact of various disorders and diseases upon nutrition will also be explored. Prerequisites: Completion of a college level laboratory science course.

BIO 3311 Introduction to Pharmacology
Course teaches introductory knowledge and attitudes necessary for safe use of pharmacotherapeutics in the nursing care of patients. Prerequisite CHE 1302 General, Organic and Biochemistry II with a minimum grade of C, or BIO 1403 Cellular and Molecular Biology with a minimum grade of C.

BIO 3320 Biochemistry 3,0
An introduction to the macromolecules and small molecules that are the key to all living systems. Topics covered include protein structure and function, enzyme mechanisms, kinetics and regulation, membrane structure and function, bioenergetics, hormone action, intermediary metabolism, including pathways and regulation of carbohydrate, lipid, amino acid, and nucleotide biosynthesis and breakdown. This course is cross-listed as CHE 3320. Prerequisite: BIO 1403 Cellular and Molecular Biology and CHE 2403 Organic Chemistry II.

BIO 3350 Biopsychology 3,0
An introduction to the structure and function of the nervous system and the relationship between psychological processes and the brain in humans and other animals. Cross-listed with PSY3350.

BIO 3370 Ecology of the Pacific Northwest

BIO 3401 General Microbiology 3,2
The structure, physiology, culture, and control of bacteria and other microbes. Prerequisite: BIO 1403.

BIO 3403 General Ecology 3,2
A study of those factors which affect the abundance, biodiversity and distribution of organisms. Includes ecological theory, mathematical modeling, natural history and field techniques. Cross listed as ESC 3403. Prerequisite: BIO 1401 or BIO 1402 or BIO 2403 or consent of instructor

BIO 3404 Genetics 3,2
An introduction to classical, molecular, developmental and population genetics with an emphasis on genetic analysis. Prerequisite: BIO 1401 or BIO 1403.

BIO 3406 Animal Behavior
An introduction to the study of animal behavior. Cross-listed as PSY 3406. Prerequisite: Any 3 or 4 academic hour course which fulfills a portion of the Natural Science Core requirement with a grade of "C" or above.

BIO 3411 Human Anatomy and Physiology I 3,2
An introduction to the study of human anatomy and physiology. Beginning with a quick overview of the chemical basis of life and a review of cells and cellular metabolism. The remainder of the course will cover tissues and five systems (skin and the integumentary system, skeletal system including joints, muscular system, cardiovascular system, and respiratory system). Prerequisite: BIO 1401 or BIO 1403. Note: Students who have already completed BIO 2401 Human Anatomy and Physiology are not allowed to take this course for credit unless approved by the Director of the Biology Major and Division Chair.

BIO 3412 Human Anatomy and Physiology II 3,2
A continuation of the study of human anatomy and physiology. The course will cover the remaining six systems (nervous system including somatic and special senses, endocrine system, lymphatic system, digestive system, respiratory system, urinary system, and reproductive system) and related topics. Prerequisite: BIO 3411. Note: Students who have already completed BIO 2401 Human Anatomy and Physiology are not allowed to take this course for credit unless approved by the Director of the Biology Major and Division Chair.

BIO 3420 Developmental Biology 3,2
An introduction to both classical and modern developmental biology including molecular and genetic analysis of development. Prerequisite: BIO 1401 or BIO 1403.
**BIO 4410 Biological Science Research 3,3**
A research course in which students will work as a team to complete research in an area of the biological sciences as set forth by the instructor. Students will learn how to critically read scientific papers and interpret data. All aspects of proposal writing will be explored during this course. The course will culminate with presentation of the students and groups research findings in both oral and written formats.

**15.04.07 Business**
**BUS 3310 Leadership and Business 3,0**
Leadership, management, and the leadership/management partnership. Also emphasis on managerial roles, interpersonal skills, and understanding oneself and others, teamwork, negotiation, ethics, essential skills, and managerial aids. This course has a writing component.

**BUS 3311 Principles of Management 3,0**
Management philosophy, theories, and practices. Includes management functions of planning, decision making, organizing, staffing, communicating, motivating, leading, and controlling. Also a survey of production-operations management, organizational behavior, international management and the global economy. This course has a writing component. *Prerequisite: Upper-level standing.*

**BUS 3312 Small Business Management 3,0**
Learning the skills for starting a small business, successful small business ownership including the critical areas of law, human resources, finance/accounting, marketing, management, and location are integrated and applied to be successful. Includes preparation of a comprehensive business plan.

**BUS 3313 Creativity, Critical Thinking, & Change 3,0**
Designed to equip the individual, the manager, and the leader of the future with critical thinking and creativity skills necessary for a leader and a manager. Includes brain dominance and thinking styles.

**BUS 3314 Finance for Nonfinancial Managers 3,0**
The course is designed to prepare managers in various fields to make informed financial decisions. It includes an overview of financial statements, job costing, cash management, budget preparation and ratio analysis.

**BUS 3315 Business Ethics 3,0**
This course is designed as an introduction to the theory and practice of business ethics. It will provide students with the tool that they need to identify and suggest solutions to the ethical issues that arise in modern business. Class time will be divided between lectures and discussions on the theoretical readings, debates, and group work on real life cases.

**BUS 3321 Business Law 3,0**
Background and role of law in business and society. Specific commercial law topics addressed include Uniform Commercial Code, business torts, property, contract sales, debit/creditor relations, and agency.

**BUS 3340 Human Resource Management 3,0**
An introduction to human resource management. Topics include employment, placement and personnel planning, training and development, compensation and benefits, health, safety and security; employee and labor relations.

**BUS 3350 Principles of Marketing 3,0**
Practices and market structure, marketing functions and strategies, institutions, pricing, demand creation, industrial and consumer, costs and marketing legislation. This course has a writing component.

**BUS 3351 Selling and Sales Management 3,0**
Professional selling principles and practices for industrial and consumer goods. Includes identification and qualification of customers, developing and delivering high quality presentations, persuasive theories and techniques, ethics of selling, and pre/post sales services. Policy matters, product planning, distribution policies and pricing, sales promotion, organization and management of territories and the sales force, control of sales operation.

**BUS 3360 Finance 3,0**
The course includes an introductory level survey of financial management goals and decision making; risk and return analysis; portfolio diversification; market efficiency; asset valuation; cost of capital; agency theory; capital budgeting; and liquidity management. This course has a writing component. *Prerequisites: ECO 2301, ECO 2302, and ACC 2302. Cross-listed with HRM 3310.*

**BUS 3380 Production and Operations Mgmt. 3.0**
The course includes the strategic, tactical, and operational issues that arise in management of production and service operations; product and process design, facilities planning, quality management, materials management, operations planning and scheduling, and emerging technologies in production and service management.

**BUS 4302 Strategic Management**
Strategic Management is designed to be a capstone course for students nearing completion of the requirements for the Business Degree at Concordia University Texas. Rarely should a student who is more than nine (9) hours short of completing the degree requirements take this course. The course is intended to require participants to integrate knowledge gained from school, work, and life. Using their imaginations and intuition, students will form a whole to be used for the purpose of identifying, analyzing, and solving business problems at the upper management level.
BUS 4311 International Business Management 3,0
A study of international business including marketing, accounting, finance, and production. Each is examined on the basis of risk and reward characteristics for the firm.

BUS 4350 International Marketing 3,0
International marketing is examined on the basis of risk and reward characteristics of the firm occasioned when the firm enters the international sales arena.

15.04.08 Chemistry
CHE 1301 General, Organic and Biochemistry I 3,0
The first course in chemistry for nursing students. Fundamental principles of inorganic chemistry: Metric measurements, matter and energy, atomic structure, chemical nomenclature, chemical bonding, chemical reactions, stoichiometry, gas laws, properties of liquids, solids, solutions, acids and bases with emphasis on their physiological importance and their application to nursing and other health related professions. (This course does not apply toward a major or minor in chemistry.) This course may meet the core non laboratory natural science requirement.

CHE 1302 General, Organic and Biochemistry II 3,0
The second course in chemistry for nursing students. A continuation of CHE1301 with a study of nuclear chemistry and an introduction to basic organic chemistry and biochemistry: Hydrocarbons, organic functional groups, nomenclature and reactions, polymers, carbohydrates, proteins, enzymes, lipids, nucleic acids, protein synthesis, and metabolic pathways, with emphasis on their physiological importance and their application to nursing and other health related professions. (This course does not apply toward a major or minor in chemistry.) Prerequisite: Completion of CHE1301 with a minimum grade of C.

CHE 1400 Introduction to Chemistry 3.2
Descriptive chemistry with an emphasis on principles and the importance of chemistry for modern life. This course may be used to meet the core natural science requirement, but cannot be used as a prerequisite for CHE 1401. Not open to those who have already earned credit for CHE 1401. Prerequisite: Two years of high school algebra or MTH 1351 College Algebra or math placement at a higher level.

CHE 1401 Chemistry I 3.3
The laws and theories of chemistry, stoichiometry, atomic and molecular structure, chemical bonding, properties of solutions, kinetic-molecular theory, and periodicity of the elements. Prerequisites: One year of high school chemistry or CHE 1400, and simultaneous enrollment in MTH 1351 College Algebra or math placement at a higher level.

CHE 1402 Chemistry II 3,3
A continuation of CHE 1401, covering kinetics, equilibria, thermodynamics, oxidation-reduction, nuclear chemistry, periodicity of the elements, and introduction to organic chemistry. Prerequisites: CHE 1401 and MTH 1351 College Algebra or math placement at a higher level.

CHE 2401 Organic Chemistry I 3,3
Introduction to the basic concepts of organic chemistry and the synthesis and reactions of organic molecules. Prerequisite: CHE 1402.

CHE 2403 Organic Chemistry II 3,3
A continuation of the study of basic concepts of organic chemistry with emphasis on aromatic compounds and spectroscopy. Aspects of biological molecules are considered. Prerequisite: CHE 2401.

CHE 3301 Inorganic Chemistry 3,0
Advanced atomic theory, bonding, complex ions, acid-base theory and descriptive chemistry of the elements. Prerequisite: CHE 1402 and MTH 1351 College Algebra or math placement at a higher level.

CHE 3320 Biochemistry 3,0
An overview of the macromolecules and small molecules that are the key to all living systems. Topics covered include protein structure and function, enzyme mechanisms, kinetics and regulation, membrane structure and function, bioenergetics, hormone action, intermediary metabolism, including pathways and regulation of carbohydrate, lipid, amino acid, and nucleotide biosynthesis and breakdown. This course is cross-listed as BIO 3320. Prerequisite: BIO 1403 Cellular and Molecular Biology and CHE 2403 Organic Chemistry II.

CHE 3401 Analytical Chemistry 2,4
Theory and practice of qualitative chemical analysis. Theory and practice of volumetric, gravimetric, pH, colorometric and chromatographic quantitative chemical analyses. Prerequisites: CHE 1402, MTH 1351 or math placement at a higher level and CIS 1301 or equivalent competency.

CHE 3402 Environmental Chemistry 3,4
A study of the chemical principles and reactions that govern the behavior of both natural environmental systems and anthropogenic compounds important to the quality of the environment. Sampling methods, instrumentation and data analysis will be emphasized. Cross-listed as ESC 3402. Prerequisites: CHE 1402 and MTH 1351 or math placement at a higher level.
15.04.09 Computer Information Systems
CIS 1301 Introduction to Personal Computing 2,2
Basic understanding of and development of skill in using microcomputers and current software; word-processing, spreadsheets, databases, graphics, telecommunications and project management.
During the course students will be given the opportunity to take the Personal Computer Competency test which is based upon the text used for this course. Successful completion of this test is required of all undergraduate students within one year of when they begin coursework at CUA.

CIS 2304 Spreadsheet Software 3,0
Creating and enhancing spreadsheets, including graphing, database functions and macros using current spreadsheet software. Emphasis is placed on problem solving techniques and managing data. Cross-Listed as CJM 2308. (Accelerated Degree Program only)

15.04.10 Criminal Justice Operations Mgmt.
CJM 2308 Computer Communications 2,2
Creating and enhancing spreadsheets, including graphing, database functions and macros using current spreadsheet software. Emphasis on problem solving techniques and managing data. Cross-listed as CIS 2304.

CJM 3301 Constitutional Law 3,0
Exposes the student to principles of government and constitutional law from which all laws and governmental policies derive. It explores the formation of government, the constitutional doctrine of federalism and the concept of separation of power. The course will focus on the original articles of the constitution and its amendments, which are of particular interest to the criminal justice practitioner.

CJM 3302 Procedural Criminal Law 3,0
Exposes the student to various procedural issues in the implementation of the criminal law function. The course focuses on issues of arrest, search and seizure, admittance of evidence and the rights of the accused. This course also serves as a legal update of current changes in the law.

CJM 3303 Criminal Justice Liability Law 3,0
Explores the area of liability law, as it relates to the function of criminal justice. Areas to be covered are liability issues regarding use of force, civil rights violations and failure to respond.

CJM 3304 Administrative Law 3,0
Explores areas of administrative law and its impact on the function of bureaucracies and public agencies. The course will focus on legal principles which affect the management of public agencies.

CJM 3305 Prin. of Mgmt. in Criminal Justice 3,0
A study of management functions in a modern criminal justice organization, the internal and external environmental factors affecting organizational efficiency, and the application of quantitative and behavioral science. The function of the leader and principles of management are viewed from an integrative perspective, including line and staff interactions and relationships. Theories of management, authority and responsibility, issues of centralization and decentralization, planning, organizing, staffing, directing and controlling will also be studied in the course.

CJM 3307 Human Res. Mgmt. in Criminal Justice 3,0
This course examines the principles, methods and procedures in personnel management as they apply to the field of criminal justice. Included in the study are: job analysis, description and classification; employee morale; labor turnover; recruitment, selection, placement, rating and promotion; transfer and layoff; wage policies and employee service programs.

CJM 3310 Fin. & Budgeting in Criminal Justice 3,0
This course studies the principles of budgeting and finance in a public agency, which deals with the criminal justice system. The student will gain an understanding of fiscal principles and how the principles apply to the operation of a public agency. Budgets, revenue systems and internal service functions will be analyzed. Prerequisites: MTH 1330.

CJM 3311 Crime and Delinquency 3,0
This course studies the principal causes of crime from three perspectives: sociological, the criminal justice system, and corrections. The student will examine both historical and contemporary sociological research in these areas. The course will explore issues such as crime causation and the involvement of the criminal justice and corrections systems in these issues.

CJM 3312 Psychology of the Criminal Offender 3,0
Exposes the student to the distressful, painful and often devastating effects of maladaptive behavior. The course will explore the interwoven biological, psychological and social antecedents and correlates of criminal behavior. Psychological issues and their relation to criminal and anti-social behavior will be studied. Personal and societal attitudes, feelings and values about criminal and anti-social behavior will be discussed extensively.

CJM 3313 Forensic Science and Criminalistics 3,0
This course provides the student with a general understanding of physical scientific methods utilized in criminal investigative operations. Using laboratory methods of instruction, the course will expose the student to the current advances in Criminalistics.
CJM 3314 Ethics in Criminal Justice Ops. 3.0
This course focuses on ethical issues and decisional dilemmas faced by professionals in the criminal justice and law enforcement setting.

CJM 3315 Decision-Making in Criminal Justice Ops 3.0
This course provides students with the opportunity to apply the knowledge accumulated during the program. Using the principles and theories learned, as well as, the shared experiences learned from each participant's professional life, students will be able to successfully address and discuss critical decisions which need to be made in the course of operating criminal justice agencies and the consequences of these decisions.

CJM 3316 Future Studies in Criminal Justice Ops 3.0
This course investigates the predictive variables in criminal justice operations that may lead to operational realities in the 21st century. Students will examine the past and present in criminal justice operations. The student will engage in the scholarly analysis of events, past and present, to forecast the future intelligently.

15.04.11 Communication
COM 1311 Sign Language & Deafness - Beginning 3.0
The study of American Sign Language (ASL) as used by deaf people in the United States and Canada. The course will include a study of the unique culture of deaf people.

COM 1312 Sign Language & Deafness – Intermed. 3.0
An intermediate study of American Sign Language (ASL) as used by deaf people in the United States and Canada. Prerequisite: COM 1311 or consent of instructor.

COM 2300 Fundamentals of Communication 3.0
Designed to help students perceive and experience the multi-faceted presence of communication in life, and gain self-confidence and basic proficiency expressing themselves in different contexts using a variety of media. Prerequisite: ENG 1316.

COM 2301 Human Communication Theory 3.0
Identification and description of the basic elements in communication process.

COM 2303 Mass Media History and Theory 3.0
Survey of mass media theories, emphasizing the impact of printing, film making, and broadcasting in society. Research on mass media effects including an examination of emerging media technologies. Prerequisite: ENG 1316.

COM 2308 Writing for the Mass Media 3.0
An introduction to writing not only as a form of communication itself but also as an integral part of all sound and intellectually rigorous arguments. Prerequisite: ENG 1316.

COM 2314 Communication Technology 3.0
Survey of the development of electronic communication technology since 1900 and its social, political and economic implications. Topics will focus on changes in production technology and distribution systems, including traditional broadcast, satellite, computer, cable, wireless, fiber optics and digital systems. May be repeated for credit when topics vary.

COM 3301 Diffusion of Innovation 3.0
Communication's role in the spread of new technologies, new ideas, and new values among individuals and within organizations in the United States and abroad. Prerequisite: COM 2301.

COM 3302 Nonverbal Communication 3.0
Theory and research examining the influence of nonverbal performance codes, artifactual codes, and spatio-temporal codes on human communication. Prerequisite: COM 2301.

COM 3303 Communication in the Church 3.0
Investigation of message strategies used as successful models of communication in the church. Includes case studies and field work. Prerequisite: COM 2300.

COM 3304 Group Dynamics 3.0
Theory and practice in group communication: goal setting, problem solving, listening, feedback, and leadership. As part of the course experience, students will plan an off-campus trip with additional costs to student. Cross-listed as PSY 3304. Prerequisites: COM 2300 and PSY 1311.

COM 3307 Media Analysis and Criticism 3.0
Critical viewing and written analysis of film and television texts as vehicles for the exploration of cultural and theological issues. Prerequisite: ENG 1317 and COM 2303.

COM 3308 Persuasive Communication 3.0
Theory and practice of personal and public persuasion with an emphasis on how to change attitudes, understand purchasing behavior, and increase influence. Prerequisite: COM 2300.

COM 3310 Public Relations 3.0
Prerequisite: Com 2308.

COM 3317 Production I 2,2
An introductory practicum in the pre-production, production, and post-production processes as used in the making of video programming with an emphasis on film-style production.

COM 3318 Production II 2,2
An applied course teaching television and media production. Students participate in the production and webcast of several programs to be posted on the Radio Tornado Web Portal. Prerequisite: COM 3317.
COM 3320 Media Law and Ethics 3,0
Development of and rationale for constitutional protections, legal regulations, and ethical responsibilities of the mass media in the United States. Prerequisite: COM 2303.

COM 3325 Interpersonal Relationships
Investigation into the communication and psychology of family dynamics, friendships, and romantic partners. One goal of this course will be to understand our own relationships and seek to improve them. In addition, student will examine relationship styles different from our own experiences in order to broaden our knowledge of relationship theories, practices, and cultural variations. Cross listed with PSY 3325. Prerequisite: PSY 1311 or permission of instructor.

COM 3331 Organizational Communication 3,0
A study of communication patterns in organizations and practice in communication skills necessary for functioning in complex organizations.

COM 3335 Intercultural Communication Experience
Course explores communicating from one culture to another and will include worldview, religion, values, language, nonverbal communication, context and other topics related to becoming a competent communicator in cross-cultural situations. The course will require the student to spend time in a culture different from their own.

COM 3360 Topics in Communication
Examination of particular trends, contemporary challenges, developing contexts, and emerging technologies relevant to the study of communication and not already a central focus of the existing courses in the Communication major. This course may be repeated for credit when topic is different Prerequisite: Consent of instructor.

COM 4101 Communication Capstone Course 1,
To be taken during last semester.

COM 4310 Communication Internship
Supervised involvement at one of Austin’s communication firms. Working experience with communication professionals in production or promotion. Prerequisite: Consent of Division Chair.

COM 4320 Production III 2,2
An applied course teaching advanced television and media production. Students participate in producing and/or directing one or more major video projects to be posted on the Radio Tornado Web Portal. Prerequisites: COM 3317 and COM 3318.

CSC 1301 Introduction to Computer Science I 3,0
The development of skills in translating problems into algorithms and implementing these algorithms into programming language C++. Designing, coding, debugging and documenting programs.

CSC 1302 Introduction to Computer Science II 3,0
Program design, writing, testing and debugging using C++. Implement and compare sorting and searching algorithms including insertion sort, Shell’s sort, heapsort, and quicksort. Introduction of string processing, and the manipulation of simple data structures: arrays, stacks, queues, linked lists, and trees. Prerequisite: CSC 1301 or consent of instructor.

CSC 2301 Intro to Comp. Org. & Assembly Lang. 3,0
The basic concepts of computer systems and architecture will be understood by programming in assembly language. Prerequisite: CSC 1302 or consent of instructor. CSC 2305 is recommended.

CSC 2303 Data Structures & Algorithm Analysis 3,0
A course in algorithms. Topics include priority queues, binary trees, B-trees, searching algorithms, graph algorithms, geometric algorithms, and memory management. Prerequisite: CSC 2305 or consent of instructor.

CSC 2305 Discrete Structures 3,0
Discrete mathematical structures will be studied emphasizing: Semigroups, groups, sets, trees, graphs, logic, and combinatorics, all which have computer science applications in data structure, algorithm design and algorithmic analysis and testing. Cross-listed as MTH 2305. Prerequisite: CSC 1302 or MTH 2402 or consent of the instructor.

CSC 3301 Software Engineering 3,0
This is a survey course covering software engineering concepts, techniques, and methodologies. Topics covered include software engineering; software process and its difficulties; software life-cycle models; project planning including cost elimination; design methodologies including structured design, data-structure oriented design, object-oriented design; and software testing. A brief review of data structures is included. Prerequisite: CSC 2303 or consent of instructor.

CSC 3302 Operating Systems 3,0
This is a course in systems software that is largely concerned with operating systems. Such topics as process management, device management and memory management are covered, as are relevant issues associated with security and protection, networking and distributed operating systems. Prerequisites: CSC 2301 or consent of instructor.

CSC 3303 Computer Architecture 3,0
An introduction to the architectural features of single-processor (Von Neumann or SISD) computers. Prerequisites: CSC 2301.
CSC 3304 Networking: Theory and Applications 3.0
Understanding networks topologies, protocols, hardware and software. A hands-on approach to security, protection and management. Distributed applications and migrating different platforms are also discussed. Prerequisites: CSC 3302 and CSC 3303 or consent of instructor.

CSC 3305 Database Design and Analysis 3.0
Principles for the design and management of database systems. Data and storage models, relational and hierarchical data models will be studied. Other topics include: normalization forms, canonical schema representations, data integrity and file security techniques. Prerequisites: CSC 2305 and CSC 3302 or consent of instructor.

CSC 3306 Human Computer Interaction 3.0
This course will introduce the human factors area of computer science examining success (and failures) and current work in the subject area. Prerequisite: CSC 1302 or consent of instructor.

CSC 3307 Artificial Intelligence 3.0
An introduction to the basic concepts and techniques of artificial intelligence using the programming language LISP. Topics covered include natural languages, vision systems, search strategies and control, with an emphasis on representation. Prerequisites: CSC 1301 and CSC 2303 or consent of instructor.

CSC 3308 Computer Graphics 3.0
An introduction to the generation and manipulation of graphical images on computer displays. Topics include representation of curves and surfaces, 2D and 3D transformations, hidden edge and surface elimination, and shading. Prerequisites: CSC 1303, MTH 2402, and MTH 3311 or consent of instructor.

CSC 3309 Numerical Analysis 3.0
Algorithms of numerical analysis are covered. Topics include floating point arithmetic, approximation, numerical integration and differentiation, solution of nonlinear equations, and solution of ordinary differential equations. Programming assignments will give experience in applying selected algorithms. Cross-listed with MTH 3309. Prerequisites: CSC 1302 and MTH 2402 or consent of instructor.

CSC 3310 Topics in Computer Science 3.0
Special topics in computer science that are new or unique that are not covered in existing courses. Possible topics include: computer design, Java programming, parallel and distributed computing. Prerequisite: Adjusted according to topic.

CSC 3311 Programming Language Concepts 3.0
A comparative study of programming languages covering their history, development, and design criteria; formal definition of syntax and semantics; concepts and constructs; similarities and differences between languages; major language paradigms to include examination of object-oriented, functional, and concurrent languages; exception handling, modularization, scoping, etc. Students program in at least one language they have never used before. Prerequisites: CSC 2301 and CSC 2303.

CSC 3320 Theory of Computation 3.0
This course introduces the theory of computability, including important results from study of automata and formal languages. The course begins with the study of automata and their relationship to regular, context free and context sensitive languages. Notions of decidability and undecidability are discussed and this is related to complexity analysis. Prerequisite: CSC 2303 or consent of instructor.

CSC 4301 Senior Design/Independent Study 3.0
A working study/project led by an instructor. Projects consist of design and development of computer science related hardware or software systems for local businesses or any other commercial organization, but within the capacity of a senior student to complete within a term. Prerequisite: Senior level computer science student or consent of instructor.

CSC 4310 Computer Science Internship 3.0
Students will participate in an on-the-job computer science work experience under the direct supervision of professionals in a corporation or government agency. A senior level course for computer science majors only. Graded on a pass/fail basis. Prerequisite: Successful completion of 24 hours of CSC courses or consent of instructor.

14.04.13 Early Childhood Education
ECE 3320 - ECE: Curr., Methods and Materials 3.0
Organization, materials, curriculum and methods in preschool, kindergarten and primary education. Techniques in working with 3-5 year olds will be emphasized. Field experiences in an early childhood setting are required. Prerequisite: Admission to the Teacher Education Program and completion/current enrollment in EDU 3326 Educational Foundations.
ECE 3340 – Leadership in Early Childhood Ministry
This course will focus on faith development in young children in a fieldwork setting. The people who affect faith development and their role in the young child's faith development will be discussed. Special emphasis will be placed on the role of the family in faith development as well as the role of the children's minister in reaching out to families with the Gospel message. Prerequisite: ECE 3320.

15.04.14 Economics
ECO 2301 Introduction to Macroeconomics 3,0
Macroeconomics is the social science that studies the way societies, in the aggregate, allocate scarce resources to unlimited wants. Topics of the course include introductions to: supply and demand, Gross Domestic Product, inflation, recession, unemployment, aggregate private investment, government fiscal policy, monetary policy, international trade, and the effects that each of these have on the nation's economy in the classical, Keynesian, and monetarist frameworks.

ECO 2302 Introduction to Microeconomics 3,0
Microeconomics is the social science that studies the ways individual economic agents allocate scarce resources to unlimited wants. Topics of the course include introductions to: supply and demand, elasticity of supply and demand, consumer behavior, firm behavior, competition, monopoly, oligopoly, and monopolistic competition, resource markets, market failures, antitrust policy, and issues of economic equity.

ECO 3320 International Economics and Trade 3,0
Develops the themes of global integration and international trade policy in macroeconomic supply and demand terms. Economic theory is employed as a means to informed discussion of problems and opportunities related to international trade, investment and foreign exchange. Prerequisites: ECO 2301, ECO 2302, or consent of instructor.

ECO 3321 Inter-American Trade & Development 3,0
Theory and history of economic growth and development, with special reference to the problems of Latin America and the region's economic relationship to the United States. Examines major aspects of Latin American production, income distribution, labor force, foreign investment and trade, as contrasted with their more industrialized trading partners. Surveys contemporary issues such as the "debt crisis" and "currency devaluation." Prerequisites: ECO 2301 and ECO 2302 or consent of instructor.

ECO 3361 Money, Banking, and Credit 3,0
The course will cover the role of financial markets in the economy; the determination of interest rates; the role of financial intermediaries and financial intermediation; the role of the central bank in monetary policy; and the macroeconomics of monetary policy and interest rates.

ECO 3362 Health Care Economics I 3,0
This course is the first of two courses designed to acquaint students with the economic issues of the health care services industry. It covers the basic economics of health care including, but not limited to: the demand for medical services, production and costs of medical services, systems and institutions, and the competing objectives of agents in the health care marketplace. Prerequisite: ECO 2301 and ECO 2302, or consent of the instructor.

ECO 4365 Governmental Finance 3,0
Covers the theory of government spending and taxing policy; decision making; effects of government expenditures; effects of taxation on resource allocation; market failures; and both positive and negative externalities. Prerequisite: ECO 2301, and ECO 2302.

ECO 4370 Healthcare Economics 3,0
Built upon both financial management principles and theories of micro- and macro-economics, this senior level study of healthcare economics provides a framework for the healthcare manager to analyze the healthcare marketplace and assess potential for profitability. This course is cross-listed as HCA 4370. Prerequisites include 6 hours of economics and 6 hours of healthcare finance, or, permission of the Director of the Healthcare Administration program.

15.04.15 Education
EDU 2102 History and Philosophy of Lutheran Ed. 1,0
Entry level course taken usually during the sophomore year. Topics center on the systemic development of the Lutheran tradition of education in America to the present. Emphasis will be placed on the present status and future trends of the Lutheran Church-Missouri Synod school system. Students will develop an awareness of the role and the commitment necessary to become and remain a Lutheran school teacher. Required of students seeking Lutheran Teacher Diploma. Prerequisite: Admission to the Teacher Ed Program.

EDU 2301 Intro to Education and Technology 2,2
An introduction to the roles and responsibilities of the teacher, the characteristics of today's schools and curriculum, and selected issues facing today's teachers. Fieldwork includes teacher-aide and observation experiences in a local elementary, middle or senior high school. Observation/activities will focus on the child as learner, teaching strategies, management procedures, classroom climate, and roles of the teacher. Introduces use of Blackboard for portfolio development.
EDU 3161 Office of the Ministry 1,0
This course addresses the foundations of the Office of the Ministry for the educator who plans to serve in a Lutheran church or school setting. The tasks and functions of the teaching ministry will be discussed as they apply to the role of the Lutheran educator. Required of students seeking Lutheran Teacher Diploma. Prerequisite: Current enrollment in the Teacher Education Program.

EDU 3223 Education and Technology II
This course is designed to implement a variety of technologies used in the classroom of the 21st century. Student teacher and mentor teacher will work together to develop a unit that includes videotaping and editing to show how technology was integrated into the teaching/learning process and is applied in the student teaching term. Prerequisites: Admission to the Teacher Education Program, EDU 3123 and summer workshop before student teaching.

EDU 3304 Children's Literature 3,0
A survey of the evolution of children's literature which teaches strategies for exploration, analyzing, and discussion of the various genres. Emphasis is given to styles of illustration, storytelling, oral reading, and literacy projects. Extensive reading of children's books is required.

EDU 3310 Writing Across the Curriculum 3,0
This course prepares students to personally master writing effectively and efficiently for a variety of audiences and purposes. Includes methods of teaching writing for elementary, middle school and secondary levels. NOTE: Students must make a “B” or better in this course to be admitted into the Teacher Ed. Program. Prerequisites: ENG 1316 and ENG 1317.

EDU 3311 Teaching Strategies & Assessment-Elem. 3.0
Instructional techniques and strategies that emphasize practical application of the teaching/learning process to include writing of instructional objectives and lesson plans, delivery strategies, and grouping practices based on learning theory and learning styles as well as multiple intelligences. Includes formal and informal assessment, measurement and evaluation of curriculum, teaching strategies and student learning in the elementary classroom with an emphasis on the use of technology. Prerequisite: Admission to the Teacher Education Program.

EDU 3313 Adolescent Literature 3,0
A survey of the evolution of adolescent literature which teaches strategies for exploring, analyzing and discussing the various genres. Emphasis is given to style of illustration, book talks, oral reading, and literacy projects. Extensive reading of adolescent books is required. Prerequisite: a 2000 level survey course in Literature.

EDU 3326 Educational Foundations
This course provides a practical understanding for guiding and teaching children birth through 12th grades. History and philosophy of education will be examined. Course content will cover roles of the teacher, the setting, family involvement and creating developmentally appropriate learning environments. This course is required of all education students.

EDU 3320 Foundations of ESL Education
This course explores the foundations of ESL education and examines the rationale, history, and philosophy as it develops the students’ understanding of the cultural influences and prepares pre-service teachers to meet the needs of second-language learners.

EDU 3333 Teaching Religion 3,1
This course is designed to prepare students for the teaching ministry of the Lutheran Church – Missouri Synod. Emphasis will be the concepts, content, materials, and strategies necessary in teaching religion in the elementary, middle, secondary, and special education classrooms. Integration of the Christian faith into all aspects of parish and school ministry will be covered. Field work in Lutheran schools in required. Required of students seeking Lutheran Teacher Diploma. Prerequisites: Admission to the Teacher Education Program, EDU 3311 or EDU 3372.

EDU 3340 Clsrm Mgmt & Soc Relationships-Elem 3,0
This course will explore methods of effective classroom management and discipline strategies. The interrelationships between the four elements present in the overall education of young children: school, home, church, and community will be discussed. Prerequisite: Admission to the Teacher Education Program.

EDU 3372 Instr Strategies/Lrning Thry-Secondary
Instructional techniques and strategies that emphasize practical application of the teaching/learning process. Writing of instructional objectives and lesson plans, principles of classroom organization and management; delivery strategies and grouping practices based on learning theory, learning styles and multiple intelligences. Field experience required. Prerequisite: Admission to the Teacher Education Program.

EDU 3372 Tching Strgtges & Assessment-Secondary 3.1
Instructional techniques and strategies that emphasize practical application of the teaching/learning process to include writing of instructional objectives and lesson plans, delivery strategies, and grouping practices based on learning theory and learning styles as well as multiple intelligences. Includes formal and informal assessment, measurement and evaluation of curriculum, teaching strategies and student learning in the secondary classroom with an emphasis on the use of technology. Field experience required. Prerequisite: Admission to the Teacher Education Program.
EDU 3373 Secondary Curr/Content Area Learner 3,1
This course covers content and specific teaching strategies needed for effective instruction in the content areas. Fieldwork required. Prerequisite: Admission to the Teacher Education Program and completion of EDU 3372.

EDU 3373 Cslr Mgmt & Secondary Curriculum 3,1
This course covers content and specific teaching strategies needed for effective instruction in the content areas. Involves planning, classroom management, and discipline strategies for the secondary level, and the use of technology to support the curriculum. Field work required. Prerequisite: Admission to the Teacher Education Program and completion of Teaching Strategies & Assessment-Secondary.

EDU 3401 Mathematical Methods-Elem 4,1
Methods and strategies of teaching: logic, sets, relations, functions, operations, numeration systems, number theory, rational numbers, real numbers, informal geometry, measurement, probability, and statistics. Technology use to support math curriculum is explored. Field experience required. Prerequisites: Admission to Professional Education Program; MTH 1323 Quantitative Literacy or higher.

EDU 3403 Mathematical Methods-Sec 4,1
Concepts and methods/strategies for teaching: 7th and 8th grade mathematics, mathematics of finance, algebra, and geometry are examined using manipulatives. Concepts from probability, statistics, trigonometry, analytical geometry, discrete mathematics, and calculus are explored and techniques for teaching are emphasized. Technology use to support math curriculum is discussed. Prerequisite: Admission to the Professional Education Program.

EDU 3405 Science & Health Methods-Elem 4,1
Teaching methods for science and health in the elementary school. Application of child development theories in the teaching of science and health. Emphasis on active involvement of the child in inquiry with an emphasis on the use of technology. Extensive field experience required. Prerequisites: Admission to the Teacher Education Program and concurrent enrollment in/completion of EDU 3311 Teaching Strategies & Assessment-Elem.

EDU 3312 Humanities Curriculum & Methods 3,3
Covers content and specific teaching strategies needed for effective instruction in social studies and art in elementary grades 1-8. Integrates technology and language arts across the entire curriculum. Extensive field experiences required.

EDU 4101 Teacher Education Seminar 1,0
Major topics addressed will be preparation for the TExES exams needed for certification as a teacher in Texas, resume writing, interviewing skills. Prerequisite: Admission to Teacher Education Program.

EDU 4225 Assessment in the Secondary Clsrrm 2,0
Formal and informal assessment, measurement and evaluation of curriculum, teaching strategies and student learning in the secondary classroom. Prerequisite: Admission to Professional Term.

EDU 4226 Clsrm Mgmt in the Secondary Schl 2,0
Planning and classroom management for the beginning of the school year. Prerequisite: Admission to Professional Term.

EDU 41205 Elem/Erly Childhood Stu Teaching 12,0
Supervised observation, participation, and teaching in an elementary/early childhood classroom for 14 weeks. Pass/Fail graded course. Student teaching fee required. Student teaching room and board fee may also apply. Prerequisite: Admission to the Professional Term.

EDU 41225 Middle School Student Teaching 12,0
Supervised observation, participation, and teaching in a middle school classroom for 14 weeks. Pass/Fail graded course. Student teaching fee required. Student teaching room and board fee may also apply. Prerequisite: Admission to the Professional Term.

EDU 41273 Secondary Student Teaching 12,0
Supervised observation, participation, and teaching in a secondary classroom for 14 weeks. Pass/Fail graded course. Student teaching room and board fee may also apply. Prerequisite: Admission to the Professional Term. Student teaching fee required.

ENG 1101 Experience of Drama
Includes attendance at, as well as written and oral interpretation of, performances of selected plays. May be repeated for credit. May be used to fulfill one hour only of the Fine Arts requirement.

ENG 1300 Fundamentals of Writing
This course is designed to equip students with essential grammar, composition, and literacy skills. A minimum grade of ‘C’ is required in this course for progression to ENG 1316. This course may not be used to satisfy core English requirement.

ENG 1316 Academic Research and Writing 3.0
Introduction to composition skills and research skills. Emphasis on gathering, evaluating, synthesizing, and citing research information to compose a formal 10-page research paper. Study of rhetorical strategies, multiple short essays and one research paper are required. Departmental final exam requires composing a formal essay in response to one of several selected topics. Prerequisite: Completion for ENG 1300 with a minimum grade of “C” or satisfactory placement test scores in English.
ENG 1317 Introduction to Literature 3.0
This is the entry level course in literature. Emphasis on analyzing the literary components of each of four literary forms: poetry, short story, novel, and drama. Critical interpretive skills are developed for each literary form. One test and one formal analytical paper are required for each form. Comprehensive final exam serves as the exit exam for the course, verifying the student is ready to continue on to advanced literary courses. Prerequisite: Completion of ENG 1316 with a minimum grade of “C.”

ENG 2301 Survey of Classicism 3.0
Major masterpieces of classic Greek and Roman literature with a grounding in mythology. Students complete two tests, two papers, and a variety of written exercises to demonstrate an understanding of the material. The final exam is comprehensive. Prerequisite: ENG 1317.

ENG 2302 Survey of Romanticism 3.0
Emphasis upon European and American authors associated with the Romantic and Realistic movements of the 19th century. Covers all literary forms. Prerequisite: ENG 1317.

ENG 2303 American Literature 3.0
The course will present a selection of major canonical authors of American Literature from the colonial time period until the mid-twentieth century. Oppositional voices will be introduced in relation to the Canon. The historical and cultural setting for each literary work will likewise be evaluated for its ideological significance. Prerequisite: ENG 1317.

ENG 2305 Survey of British Literature 3.0
A survey course designed to cover the major writers of British literature from the earliest recorded epics to the twentieth century. Features all literary genres. Prerequisite: ENG 1317.

ENG 2311 Business and Technical Writing 3.0
Advanced writing skills to meet the challenge of communication in the job market. Prerequisite: ENG 1317.

ENG 2331 History of the English Language 3.0
A study of the history and development of the English language from its Indo-European beginnings. Emphasis upon the social and cultural aspects of language in general and of English and its varieties spoken throughout the world. Prerequisite: ENG 1317.

ENG 3301 The Novel- British 3.0
An overview of the history and development of the form. Specific novel techniques explored in class discussions and analyzed in short papers. Prerequisite: A 2000 level ENG course in Literature.

ENG 3302 Drama 3.0
A survey of dramatic literature in which students read, analyze, and respond critically to representative plays from each of the major dramatic periods: Greek, Roman, Medieval, Renaissance, Restoration, Romantic/Realistic, and Modern. Students learn distinguishing characteristics of each major period’s dramatic form. Students complete two tests, two papers, a variety of written exercises, and a comprehensive final exam. Prerequisite: a 2000-level ENG course in Literature.

ENG 3303 Short Story 3.0

ENG 3305 Poetry 3.0
An intensive study of the major poetic forms. Emphasis on reading, explicating, and interpreting selected poems. Students will complete two papers, two tests, a variety of written exercises, and a comprehensive final exam. Prerequisite: A 2000-level ENG course in Literature.

ENG 3307 Drama at Stratford 3.0
A week at the Stratford festival in Ontario, Canada to study and see a minimum of eight plays. Offered during the summer. Additional fee for course paid at time of registration. May be used to fulfill Fine Arts core requirement. May be repeated once for credit. Prerequisite: Three credit hours of a 2000 level ENG course in Literature or consent of the instructor.

ENG 3308 The Novel-American 3.0
An overview of the history and development of the genre. Specific novel techniques explored in class discussions and analyzed in short papers. Prerequisite: A 2000 level ENG course in Literature.

ENG 3309 Modern Fiction 3.0
A study of the evolution of the Modern literary movement through an overview of the movements and texts immediately preceding this period. Emphasis is placed on the examination of the major authors and texts of the Modern movement through reading, analysis, discussion, and composition of critical responses to these major authors and texts. Students complete two tests, a comprehensive final, and two papers. Prerequisite: a 2000 level survey course in Literature (ENG 2301, 2302, 2303, or 2305).
ENG 3310 English Internship
Supervised on-the-job experience in publishing or other professional-writing sectors, including nonprofit organizations. Over the course of one semester, students provide at least 150 hours of service and produce a writing portfolio. May only be used once to fulfill ENG credit; may be repeated once for elective credit. Prerequisites: 3.0 GPA in English; junior- or senior-level standing; and approval of the director of the English major.

ENG 3311 Advanced Writing 3.0
The study of clear, graceful, and stylistic essay writing in functional, pragmatic, real-life situations. Prerequisite: A 2000 level ENG course.

ENG 3316 Creative Writing: Fiction 3.0
Students will be expected to produce a portfolio of four original pieces of creative writing, critique the writing of others, and prepare a manuscript for publication or submission to a literary contest. In-class writing exercises will be used to learn various techniques and aspects of creative writing. While many types of writing will be examined, emphasis will be on short stories. Prerequisite: A 2000 level ENG course in Literature.

ENG 3317 Creative Writing: Poetry 3.0
Students will be expected to produce a portfolio of seven original poems, critique the poetry of others, and prepare a poem for publication or submission to a literary contest. In-class writing exercises will be used to learn various techniques and aspects of writing poetry. While fixed form poems will be examined, emphasis will be on free verse. Prerequisites: A 2000 level ENG course in Literature.

ENG 3323 Shakespeare 3.0
Reading and interpretation of major Shakespearean plays, emphasizing the playwright's artistic development, social context, and use of characterization and imagery. Prerequisite: A 2000 level ENG course in Literature.

ENG 3325 The Literature of Diversity 3.0
This course provides an in-depth study of the theories of exclusion and discrimination based on categories of race, gender, and class. These theories are then put into practice through the study of literary works in which such discrimination is manifested.

ENG 3341 Hispanic Writers of the U.S. 3.0
Writings by and about Hispanic writers of the United States. All of the readings will be made available in English and the class will be taught in English. Cross-listed as SPN 3341. Prerequisite: A 2000 level ENG course in Literature.

ENG 3303 Major Ethnic Writers of the U. S. 3.0
A study of the development of the African American novel in the United States from its origins in Africa through the present, with particular emphasis on works by Toni Morrison.

ENG 3304 The Bible as Literature 3.0
A study of the Bible as a literary work. Prerequisite: Three credit hours of a 2000 level ENG course in Literature. Note: This course will not fulfill the core requirement for Religion.

ENG 3306 King Arthur 3.0
A study of the evolution of Arthurian literature, in both pseudo-histories and fictions, from seventh century records to present day texts. Students track the development of the Arthur legend and critically evaluate major texts by reading, analyzing, discussing, and composing short response papers and formal papers in response to these texts. Students complete two tests, two papers, a variety of critical response exercises, and a comprehensive final. Prerequisite: a 3000 level English course in literature.

ENG 3307 Introduction to Literary Criticism 3.0
A survey of the development of western literary criticism from Greek and Roman to twentieth century theories. Students read, analyze, and discuss each critical theory; formal and informal critical responses to specified literary texts using each of the critical theories studied, and, complete three tests, two papers, a variety of critical response exercises, and a comprehensive final. Prerequisite: a 2000-level survey course in Literature (ENG 2301, 2302, 2303, or 2305).

ENG 3308 Chaucer: The Canterbury Tales 3.0
The language and literature of Chaucer's "Prologue" and selected Canterbury Tales. Prerequisites: A 2000 level Literature course and standing as a second-term junior.

ENG 3311 Am. Women Writers of the 19th Century
This course provides an in-depth study of twelve American novels authored by twelve American women in different historical time periods and under different circumstances of class and race. Elements of the study include the rescue of these female voices from literary obscurity, an examination of the reasons and causes why these female-authored narrative texts had been devalued or destroyed or ignored by the dominant culture, and how their emergence has affected/changed the American literary canon.

ENG 3312 Brit. Women Writers: 19th Century- Jane Austen
This course provides an in-depth study of Jane Austen's six novels in the context of the Regency period. Elements of the study include the development of Austen's art as a novelist, the history and culture of the time period as these affected the production of her novels, and the wide variance among the film adaptations of her novels.
**15.04.17 Environmental Science**

**ESC 1302 Intro to Environmental Science 3.0**
An overview of earth environments (physical, geological, hydrologic, atmospheric, biological) and their interactions; modifications (use and misuse) of the physical environment; current environmental issues. **Prerequisite:** BIO 1401 or BIO 1402 or BIO 2403 or consent of instructor. NOTE: This course may not be used to satisfy natural science lab requirements in the core.

**ESC 2301 Envir. Writing & Reg. Compliance 3.0**
Principles of scientific and technical writing applied to applications, reports, proposals, and other types of written technical communication required by state and federal environmental regulations. **Prerequisite:** ENG 1316.

**ESC 3303 Environmental Law 3.0**
The origins, politics, policies, and enforcement of environmental law. **Prerequisites:** Nine hours in the social/natural sciences from the Environmental Science Major or consent of the instructor. NOTE: This course may not be used to satisfy natural science core requirements.

**ESC 3306 Nat. Resources Conservation & Planning 3.0**
Ecological, political, and economic factors which influence natural resource and land-use decision making; appraisal of alternative strategies to cope with conservation issues in the areas of water, energy, forest, wildlife and soils; regional planning in 21st century. Cross-listed as GRG 3306. NOTE: This course may not be used to satisfy natural science core requirements. **Prerequisite:** Three credit hours of GRG, ECO, or GOV and three credit hours of natural science.

**ESC 3330 Environmental Modeling 3.0**
Design and application of modeling techniques using system dynamics and computer software. **Prerequisites:** MTH 1351 or math placement at a higher level and 6-8 credit hours of natural science and/or math beyond the core requirements. This course may not be used to satisfy natural science requirements.

**ESC 3402 Environmental Chemistry 3.4**
A study of the chemical principles and reactions that govern the behavior of both natural environmental systems and anthropogenic compounds important to the quality of the environment. Sampling methods, instrumentation and data analysis will be emphasized. Cross-listed as CHE 3402. **Prerequisites:** CHE 1402, MTH 1351, or math placement at a higher level.

**ESC 3403 General Ecology 3.2**
A study of those factors which affect the abundance, biodiversity and distribution of organisms. Includes ecological theory, mathematical modeling, natural history and field techniques. Cross listed as BIO 3403. **Prerequisite:** BIO 1401 or BIO 1402 or BIO 2403 or consent of instructor.

**ESC 4310 Environmental Science Internship**
Students will participate in an on-the-job environmental work experience under the direct supervision of professionals in a corporation or government agency. A senior level course for environmental science majors only. Instructor approval required. Graded on a Pass/Fail basis.

**ESC 4411 Research in the Environmental Sciences 3.0**
Student will pursue an environmental topic or issue through library, field and laboratory investigations as well as data collection, analysis and a final presentation consisting of a written paper and a poster/seminar session. **Prerequisite:** Completion of at least 15 of the upper-level hours in the BA/BS Environmental Science curriculum.

**15.04.18 German**

**GER 1401 German I 4.0**
Introduces the German language and culture by providing practice in listening, speaking, reading and writing, with a firm foundation in the basic elements of German grammar. Students also become familiar with contemporary life and culture of the three main German-speaking countries. **Prerequisite:** GER 1401.

Continuation of GRE 2311, with reading in Greek New Testament. Prerequisite: GRE 2311.

**GRE 2313 Greek III 3.0**
Reading in the New Testament and in Classical Greek with correlated grammar review. Prerequisite: GRE 2312.

**GRE 2314 Greek IV 3.0**
Readings in the New Testament and in Classical Greek with survey of comparative grammar. Prerequisite: GRE 3313.

**15.04.23 Healthcare Administration**

**HCA 2301 Science Essentials for HCA Professionals 3.0**
Taught from an applications perspective, this course presents three fields of science important and useful to the healthcare administration professional. The course of study will include aspects of anatomy and physiology, microbiology, and epidemiology to promote provision of a safe, efficient, and effective healthcare environment.

**HCA 3305 Eldercare 3.0**
Provides the student with an understanding of the administrative principles and processes necessary to effectively manage the operational affairs of a long-term health care facility or organization while providing insights into regulatory and licensing issues adequate to deal with administrative decision-making as framed by those constraints.

**HCA 3311 Consumer Issues in Healthcare 3.0**
This course develops critical thinking skills related to evaluation of health information and the resultant decisions regarding health care. In this context, health factors to be considered may be derived from any area of the human health experience including environmental, physical, social, intellectual, spiritual, and emotional domains. The learner will identify health issues, identify sources of health information regarding those issues, and evaluate the quality of that health information. In addition, the learner will identify and assess information related to some public health issues from the local, state, national, and global levels and the related effects of consumer behavior.

**HCA 3312 Mgmt Essentials in Healthcare Admin 3.0**
This course provides the student with the foundational concepts of management with functional applications in the healthcare setting.
HCA 3315 Quality Management in Healthcare 3,0
This course provides the student with the foundational concepts of quality management in healthcare with functional applications.

HCA 3330 Information Tech in Healthcare 3,0
This course examines the rapidly changing role of computers and information systems as key decision support and critical operations facilitation resources in the management of healthcare organizations. The course establishes a framework for understanding the requisite elements of a properly chosen, effectively implemented, and efficiently utilized healthcare information system. Client-server, central mainframe, thin desktop client, and mini-mainframe system architecture are reviewed, and students will develop an information system RFP, installation strategy, and operational plan for a hypothetical healthcare organization.

HCA 3341 Essentials of Healthcare Ethics 3,0
This course presents students with the opportunity to explore current healthcare ethical dilemmas, consider personal bias, and explore the formulation of Christian responses in difficult healthcare situations. Prerequisite: REL 3333.

HCA 3345 Marketing Mgmt in Healthcare 3,0
This course provides the student with necessary skills to promote healthcare services and products. Organizations and reimbursement methodologies for community healthcare resources will be explored, as well as marketing principles, concepts, and operations. These concepts are applied to healthcare marketing strategies. Marketing plans and focus groups are examined in detail.

HCA 3360 – Principles of Healthcare Finance 3,0
This course provides foundational instruction in the practices and responsibilities of the finance function in the healthcare organization and a beginning look at the manager’s role in the use of financial information.

HCA 4340 Legal Aspects of Healthcare Admin 3,0
This course presents an overview of the legal issues important to the healthcare manager, and provides students with a basic working knowledge of health law. Students are provided with the basic elements of health law and its application to the real world. Prerequisites: Upper-level standing.

HCA 4360 Healthcare Finance Issues 3,0
This course provides an overview of advanced financial management in healthcare organizations, including managed care. Prerequisite: HCA 3360 Principles of Healthcare Finance.

HCA 4365 Managing the Healthcare Org 3,0
This course is intended to provide the student with advanced concepts and applications of the management process in a healthcare organization.

HCA 4370 Healthcare Economics 3,0
Built upon both financial management principles and theories of micro- and macro-economics, this senior level study of healthcare economics provides a framework for the healthcare manager to analyze the healthcare marketplace and assess potential for profitability. This course is cross-listed as ECO 4370. Prerequisites: ECO 2301 and ECO 2302.

HCA 4380 Management of Medical Practices 3,0
This senior level course, built upon foundational HCA finance and management concepts, develops collective business skills specific to the management of professional medical group practices with emphasis on physician groups in the ambulatory care setting. In addition to the intricate relationships among health care professionals who work together, the environment of patient care of professional practices includes complex associations with community hospitals, academic medical centers, and research programs. The learner will identify regulatory issues, risk management issues, taxation issues, and managed care issues important in this setting. In addition, the learner will apply foundational skills to this business setting. Prerequisites: HCA 3360 and one HCA Management course.

HCA 4410 Healthcare Admin Practicum 4,0
Capstone course for the student majoring in Healthcare Administration. The student is provided actual managerial experience in a healthcare setting. The course is project-oriented, and requires 60 hours of time over a 15-week term dedicated to the practicum setting. Prerequisites: Course taken in last term of degree program. May be combined with no more than two other HCA courses.

15.04.24 Hebrew
HEB 3401 Biblical Hebrew I 4,0
The script, vocabulary, and structure of Biblical Hebrew. Prerequisite: One year of college-level foreign language study.

Students will review and apply strategic HRM concepts and issues related to the HR profession (staffing, training, development, compensation, benefits, law, organizational design, high performing teams, diversity, etc.).
Prerequisite: Student must have completed CIS 2304, HRM 3345, BUS 3310, HRM 3350, HRM 3315, HRM 3320, HRM 3325, HRM 3330, HRM 3305, BUS 3314.

15.04.27 Kinesiology
Students may complete the Physical Education core requirement by completing three credit hours of one-hour Kinesiology activity courses without regard to whether or not the courses are designated as fitness or skill courses. All one-hour Kinesiology activity courses can be repeated for credit. A student may earn up to a maximum of four credits by repeating one-hour courses.

KIN 1190 Practicum in Athletic Training I
A laboratory based course to teach and evaluate clinical proficiencies in Athletic Training. Proficiencies include locating anatomical landmarks, taping, basic injury care, preventative padding and bracing, and training room procedures.

KIN 1191 Practicum in Athletic Training II
A practicum course to teach and evaluate clinical proficiencies in Athletic Training. Proficiencies for this course include: identification of emergency situations, splinting, environmental conditions, risk management, and proper documentation. Prerequisite: KIN 1190.

KIN 1132 Racquet Sports (Skill) 0,2
Basic rules and fundamental skills of badminton, racquetball, and tennis taught through participation. May not be repeated for credit.

KIN 1133 Basketball/Softball (Skill) 0,2
Basic rules and fundamental skills of each activity taught through participation. May not be repeated for credit.

KIN 1134 Bowling/Archery (Skill) 0,2
Basic rules and fundamental skills of each activity taught through participation. Students must pay bowling fees. May not be repeated for credit.

KIN 1136 Golf/Volleyball (Skill) 0,2
Basic rules and fundamental skills of each activity taught through participation. Students must pay golf fees. May not be repeated for credit.

KIN 1137 Introduction to Martial Arts (Skill) 0,2
An activity course designed to develop and enhance movement skills in Judo, Karate, and Tai Kwon Do. May not be repeated for credit.

KIN 1139 Table Tennis/Pickle Ball (Skill) 0,2
Addresses the five components of skill-related fitness. The development of agility, speed, quickness, coordination and power are necessary for a balanced fitness regimen. Student participation is key to the success of any skill-based activity course, as repetition is the cornerstone of acquiring sports skills. The skill components of table tennis and pickle ball are transferable and reinforce the learning of the skill component. May not be repeated for credit.

***Any Intercollegiate Sport may be used to fulfill the requirement for Physical Education.***

KIN 1140 Intercollegiate Golf – Women***
Credit awarded to those who participate in the entire season of intercollegiate golf. May be repeated for credit.

KIN 1141 Intercollegiate Basketball – Men***
Credit awarded to those who participate in the entire season of men's intercollegiate basketball. May be repeated for credit.

KIN 1142 Intercollegiate Tennis – Men***
Credit awarded to those who participate in the entire season of men's intercollegiate tennis. May be repeated for credit.

KIN 1143 Intercollegiate Baseball – Men***
Credit awarded to those who participate in the entire season of men's intercollegiate baseball. May be repeated for credit.

KIN 1144 Intercollegiate Golf – Men***
Credit awarded to those who participate in the entire season of intercollegiate golf. May be repeated for credit.

KIN 1145 Intercollegiate Cross Country – Men***
Credit awarded to those who participate in the entire season of intercollegiate cross country. May be repeated for credit.

KIN 1146 Intercollegiate Cross Country – Women***
Credit awarded to those who participate in the entire season of intercollegiate cross country. May be repeated for credit.

KIN 1147 Men's Intercollegiate Track & Field
Activity course designed to provide students with the opportunity to develop and/or improve their existing psychomotor skill abilities in the events of track and field. Students will practice the movement patterns of the various events and become competent in the execution of those skills. Additionally, students will be exposed to instructional methodologies used in the teaching of track and field. Prerequisite: Consent of instructor.
KIN 1157 Women’s Intercollegiate Track & Field
Activity course designed to provide students with the opportunity to develop and/or improve their existing psychomotor skill abilities in the events of track and field. Students will practice the movement patterns of the various events and become competent in the execution of those skills. Additionally, students will be exposed to instructional methodologies used in the teaching of track and field. **Prerequisite: Consent of instructor.**

KIN 1151 Intercollegiate Basketball – Women***
Credit awarded to those who participate in the entire season of women's basketball. May be repeated for credit.

KIN 1152 Intercollegiate Tennis - Women ***
Credit awarded to those who participate in the entire season of women's tennis. May be repeated for credit.

KIN 1153 Intercollegiate Softball - Women ***
Credit awarded to those who participate in the entire season of women's softball. May be repeated for credit.

KIN 1154 Intercollegiate Soccer – Women***
Credit awarded to those who participate in the entire season of intercollegiate soccer. May be repeated for credit.

KIN 1155 Intercollegiate Soccer – Men***
Credit awarded to those who participate in the entire season of intercollegiate soccer. May be repeated for credit.

KIN 1156 Intercollegiate Volleyball – Women***
Credit awarded to those who participate in the entire season of women's volleyball. May be repeated for credit.

KIN 1160 Co-Ed Cheerleading
Activity and skill course to develop and/or improve existing psychomotor skill abilities, including; stunting, tumbling, arm placements, chants, cheers, dance and instructional methodologies used in teaching cheerleading skills. May be repeated for credit. **Prerequisite: Consent of the instructor.**

KIN 1171 Aerobics/Dance (Fitness) 0,2
Rhythmic movement activity involving aerobic, folk, and square dancing. Taught through participation. May be repeated for credit.

KIN 1174 Phys Fitness & Conditioning (Fitness) 0,2
An activity course that includes exercises designed to improve levels of physical fitness, particularly in the areas of cardiovascular endurance, muscular endurance, strength and flexibility. Course meets for ten weeks only, for three hours per week. May be repeated for credit.

KIN 1176 Wt. Training & Conditioning (Fitness) 0,2
An activity course designed to develop and enhance muscular strength and endurance. May be repeated for credit.

KIN 1177 Aerobic Walking (Fitness) 0,2
Addresses the components of health-related fitness. The development of cardiovascular endurance, muscular endurance, body composition and flexibility are necessary for a balanced fitness regimen. Student participation is key to the success of any activity course, and walking is a classic learning environment for the appreciation of fitness as improvement is rapid and the basic movements necessary to master the activity are pre-existing. May be repeated for credit.

KIN 1201 Officiating Team Sports 2,0
Rules and rule interpretation of major team sports; practical experience in officiating. Note: Does NOT count for core physical education requirements.

KIN 1302 First Aid and Safety 3,0
Safety in prevention of injuries; first aid treatment, including CPR, emergency care and treatment of injury with special emphasis on playground and school injuries. Note: Does NOT count for core physical education requirements.

KIN 2190 Practicum in Athletic Training III
A practicum course to teach and evaluate clinical proficiencies in Athletic Training. Proficiencies for this course include lower body evaluation, nutrition, weight management, ergogenic aids, eating disorders, infection control, and psychological aspects of injury. **Prerequisite: KIN 1191.**

KIN 2191 Practicum in Athletic Training IV
A practicum based course to teach and evaluate clinical proficiencies in Athletic Training. Proficiencies for this course include evaluation of injuries of the: shoulder, elbow, wrist/hand, ribs/spine, thorax/abdomen, face and head. Additionally, there will be one proficiency on basic pharmacology. **Prerequisite: KIN 2190.**

KIN 2301 Personal and Community Health 3,0
Personal health problems, venereal disease, AIDS, birth control, cancer, heart diseases, nutrition, fitness, mental health, family living, and community and consumer health. Prerequisite: Sophomore standing or consent of instructor. Note: Does NOT count for core physical education requirements. Note: If a student presents a medical doctor's letter that precludes participation in activity courses, KIN 2301 will be allowed in lieu of the three one hour KIN courses in the core.

KIN 2302 Introduction to Physical Education 3,0
Overview of the foundations of physical education and various careers available in this field. Note: Does NOT count for core physical education requirements.
KIN 2303 Thry & Application of Phys Fitness 3.0
A study of the various theories of human physical fitness and their application in forming conditioning protocols. An acceptable fitness profile, through in-class conditioning, is to be developed and fitness testing field experience is required. Note: Does NOT count for core physical education requirements.

KIN 2320 Adult Personal & Community Wellness 3.0
Components of health-related fitness will be addressed through readings and activities. Personal fitness assessments will be made periodically. Personal and community health issues will also be addressed.

KIN 2330 Prev & Treatment of Movement Injuries
This class covers the methods and techniques for the treatment and prevention of injuries related to participation in physical activities. Emphasis is placed on injury management procedures, knowledge of movement injuries and conditioning, and taping and bracing procedures.

KIN 2340 Clinical Eval. of Athletic Injuries I – Lower Body
Designed to teach the systematic method of evaluation of lower-body conditions and injuries. The course begins with an introduction to the general evaluation process, as well as different types of evaluations. Progresses to the evaluation of specific muscles, ligaments, and joints.

KIN 2345 Clinical Eval. of Athletic Injuries II – Upper Body
A course with dual practicum and lecture components, designed to teach the systematic method of evaluation of upper-body conditions and injuries. The course begins with a review of the evaluation process and progresses to evaluation of specific muscles, ligaments, and joints. In addition to dealing with musculoskeletal injuries, this course will also cover injuries. Prerequisite: KIN 2340.

KIN 3190 Practicum in Athletic Training IV
A practicum based course to tech and evaluate clinical proficiencies in Athletic Training. Material covered in this course will include indications, contraindications, and proper use of a variety of therapeutic modalities commonly used in athletic training. Prerequisite: KIN 2191.

KIN 3191 Practicum in Athletic Training IV-V
A practicum based course to tech and evaluate clinical proficiencies in Athletic Training. Material covered in this course will include rehabilitation for a variety of orthopedic injuries, as well as development of risk management and injury prevention programs. Prerequisite: KIN 3190.

KIN 3311 Musculoskeletal Anat and Biomechanics 3.0
The musculo-skeletal system: application of basic mechanical principles in human movement. Note: Does NOT count for core physical education requirements.

KIN 3313 Motor Development and Learning 3.0
An introduction to the theories of motor learning and skills acquisition. Does NOT count for core physical education requirements. Physiological development of the child in relation to physical performance. Note: Does NOT count for core physical education requirements.

KIN 3315 Org & Admin of Phys Ed & Sport 3.0
Principles, practices, and procedures in organizing and administering physical education/athletic programs; staffing, facilities, budgeting, equipment, and safety. Note: Does NOT count for core physical education requirements.

KIN 3316 Evaluation in Phys Ed and Sport 3.0
Principles of measurement and evaluation, elements of statistical techniques appropriate to physical education, criteria for test selection, construction and evaluation of human performance in the cognitive and motor domains. Note: Does NOT count for core physical education requirements.

KIN 3320 Therapeutic Modalities in Athletic Training
A course designed to teach the scientific theories underlying, and proper application of therapeutic modalities commonly used in athletic training. The course begins by exploring the basic science of electricity, manual, acoustic, and thermal modalities and progresses to the exploration of their appropriate uses and contraindications. The course will be a combination of lecture and hands-on learning in the athletic training room. Prerequisite: KIN 2345.

KIN 3325 Therapeutic Exercise and Rehabilitation
A course designed to teach the principles and application of therapeutic exercise in the rehabilitation of athletic injuries. This course also covers the role of exercise in the prevention of musculoskeletal injury as well as techniques for the development of a comprehensive rehabilitation/reconditioning program. Prerequisite: KIN 3320.

KIN 3334 Psychology of Movement Activities
This class covers the psychological aspects of movement activities that underline performance. It also covers the intrinsic and extrinsic factors that must be recognized in order to understand, motivate, and evaluate human movement. Note: Does NOT count for core physical education requirements. Cross listed with PSY 3334.

KIN 3331 Coaching Team Sports 3.0
An introduction to team sports-history, psychology, rules, skills, equipment, instructional techniques, safety principles, adaptations for the physically disabled, and competitive programs. Note: Does NOT count for core physical education requirements.
KIN 3332 Coaching Individual Sports 3,0
An introduction to individual sports-history, psychology, rules, skills, equipment, instructional techniques, safety principles, adaptations for the physically disabled, and competitive programs. Note: Does NOT count for core physical education requirements.

KIN 3333 Methods of Teaching Phys Ed 3,0
Methods and techniques for teaching physical education. Learning and practicing the "how to" aspects of teaching physical education. Writing of instructional objectives and lesson plans, principles of organization and class management, and delivery strategies unique to physical education. Note: Does NOT count for core physical education requirements.

KIN 4190 Practicum in Athletic Training VII
A practicum based course to teach and evaluate clinical proficiencies in Athletic Training. This course will serve primarily as a review for the Texas Athletic Training Licensure Exam. Additional material covered in this course includes: general medical conditions commonly encountered in athletic training, professional development, and current topics in athletic training. Prerequisite: KIN 3191.

KIN 4191 Practicum in Athletic Training VIII
A practicum based course to teach and evaluate clinical proficiencies in athletic training. This final practicum course will prepare students to enter the workforce as a Licensed Athletic Trainer. Additionally, this course will allow students to complete their final internship hours as required by the Texas Department of State Health Services. Prerequisite: KIN 4190.

KIN 4310 Kinesiology Internship
Provides students with the opportunity to demonstrate and gain experience building and using diagnostic skills, organization skills, group process skills, and program skills in a community, school or university setting. May be repeated once for credit. Prerequisite: Approval by Director of Kinesiology.

KIN 4330 Exercise Physiology
This class is a study of the physiological responses of the body to exercise. Emphasis is on the application of the physiological principles deemed most important for understanding physical training. Prerequisite: BIO 2401. Note: Does NOT count for core physical education requirements.

15.04.28 Latin
LAT 1301 Latin I 3.0
This course covers the basic grammatical structure of the language. Readings include selections from the Vulgate and Medieval Church Latin.

LAT 1302 Latin II 3.0
This course continues with more advanced grammatical study. Readings include selections from Ecclesiastical Latin and passages from Ovid’s Metamorphoses.

LAT 2311 Latin III 3.0
A continuation of the study of Latin grammar with readings from Cicero, Vergil, Ovid, and from the Vulgate. Prerequisite: Two semesters of college Latin or the equivalent.

15.04.29 Leadership
LDR 1100 Life and Leadership 1.0
This course is designed to assist students toward a successful adjustment to college life at Concordia University Texas. Required of all first-time freshman, students will engage in activities that provide opportunities to learn about the many aspects of college life that will help them engage at a higher level in the areas of academics, social interactions, personal wellness, and institutional affinity. In addition, students will be introduced to the concept of Christian leadership and its application to their lives. Life and Leadership will provide interplay between academic rigor and social/structural activities that can help students in finding success at the college level and in persisting through to their sophomore year and on to graduation.

LDR 2301 Leadership Theory and Practice
This course examines the theories surrounding leadership including servant leadership; gender based issues; teamwork; situations model as well as the practical aspects of leadership. Utilizing texts, novels, popular culture, group projects and presentations, and observation techniques, student will “Learn About Leadership, Practice, Leadership Skills, and Put Leadership into Action.”

15.04.30 Ministry
MIN 1101 Ministry Preparation 1.0
A Pass/Fail course required every term for pre-seminary students providing experience and training in personal development, reflecting and spiritual growth, relationship building, Bible study, ministry field experience, career options and related topics.

15.04.31 Mathematics
MTH 0313 Fundamentals of Mathematics 3.0
Review of arithmetic and elementary algebra with special emphasis on problem solving. This course does not satisfy the core mathematics requirement. This course will not count toward the total number of hours required for a degree. Credit for MTH 0313 may not be earned by students who have previously received credit for MTH 0320 or a higher Math course with a grade of ‘C’ or better. Graded on a Credit/No Credit basis.
MTH 0320 Intermediate Algebra 3.0
Course content is that of a second year high school algebra course. Designed to provide preparation for core mathematics courses. This course does not satisfy the core mathematics requirements. This course will not count toward the total number of hours required for a degree. Credit for MTH 0320 may not be earned by students who have previously received credit for a higher Math course with a grade of ‘C’ or better. Graded on a Credit/No Credit basis. This is a level 1 course. Prerequisite: MTH 0313 or appropriate placement test scores in math.

MTH 1332 Applied Calculus 3.0
Applications of arithmetic and algebra to business, matrices, linear programming, simplex method, and derivatives. This is a level 2 course. Prerequisite: Placement at a level 2 or higher or successful completion of MTH 0320.

MTH 1323 Quantitative Literacy 3.0
Fundamental concepts of logic and mathematics are explored to develop student’s ability to think logically, quantitatively, and mathematically and to help them develop their problem solving abilities. Topics include logic, mathematics of finance, probability and statistics. This is a level 2 course. Prerequisite: Placement at a level 2 or higher or successful completion of MTH 0320 Intermediate Algebra. Accelerated Degree Program use only.

MTH 1325 Mathematics for Liberal Arts 3.0
A survey of topics designed to broaden the mathematical knowledge of students not intending to take pre-calculus or above. Topics include problem solving, algebra, consumer mathematics, probability, statistics and matrices. This is a level 2 course. Prerequisite: Placement at a level 2 or higher or successful completion of MTH 0320 Intermediate Algebra. Accelerated Degree Program use only.

MTH 1330 Applied Finite Math
Application of arithmetic and algebra to business in order to solve supply and demand, break even, maxima-minima, and similar problems. Systems of equations solved by Geometric, Gauss-Jordan elimination, and inverse matrix methods. Many topics of mathematics as it applies to finance and some basic concepts of probability, are also covered. This is a level 2 course. Prerequisite: Placement at a level 2 or higher or successful completion of MTH 0320. (Accelerated Degree Program use only.)

MTH 1331 Finite Mathematics 3.0
Applications of algebra to business, matrices, linear programming, simplex method, and derivatives. This is a level 2 course. Prerequisite: Placement at level 2 or higher or successful completion of MTH 0320.

MTH 1332 Applied Calculus 3.0
Differential and integral calculus with emphasis on business, economics, life sciences and social sciences applications. This is a level 3 course. Prerequisite: Placement at a level 3 or higher or completion of MTH 1331 or MTH 1351 with a grade of ‘C’ or better.

MTH 1351 College Algebra 3.0
Treatment of the concept of functions and their graphs, with emphasis on polynomial, rational, exponential and logarithmic functions. The Fundamental Theorem of Algebra with application to zeros of polynomials and solutions to equations and inequalities using matrix arithmetic. Partial fraction decomposition. Credit for MTH 1351 may not be earned by students who have previously received credit for MTH 1352, MTH 1321 or MTH 2401 with a grade of ‘C’ or better. This is a level 2 course. Prerequisite: Placement at level 2 or higher or successful completion of MTH 0320.

MTH 1352 Pre-calculus 3.0
Treatment of algebra and trigonometry topics necessary for further study in Calculus I. Topics include linear and quadratic functions, polynomial and rational functions, exponential and logarithmic functions, trigonometric functions, trigonometric identities, and applications of trigonometric functions to solutions of triangles, arithmetic of complex numbers, and the polar coordinate system. This is a level 3 course. Prerequisite: Placement at a level 3 or higher or successful completion of MTH 1351 with a grade of ‘C’ or better.

MTH 2301 Introduction to Statistics 3.0
Provides students with the methods and logic necessary to perform elementary statistical analysis. Topics may include descriptive measures, probability, sampling, theory of random variables, binomial and normal distributions, estimation and hypothesis testing, analysis of variance, regression and correlation, and nonparametric methods. This is a level 2 course. Prerequisite: Placement at level 2 or higher or successful completion of MTH 0320.

MTH 2305 Discrete Structures 3.0
Discrete mathematical structures will be studied emphasizing: Semi-groups, groups, sets, trees, graphs, logic, and combinatorics, all which have computer science applications in data structure, algorithm design and algorithmic analysis and testing. Cross-listed as CSC 2305. Prerequisite: CSC 1302 or MTH 2402 or permission of the instructor.

MTH 2401 Calculus I 4.0
Review of elementary analysis; concepts of limits, continuity, derivatives and integrals. This is a level 4 course. Prerequisite: Placement at level 4 or completion of MTH 1352 with a grade of ‘C’ or higher.
MTH 2402 Calculus II 4,0
Extension of concepts of limits, continuity, derivatives and integrals to transcendental functions and to multivariate calculus. Prerequisite: MTH 2401 with a grade of ‘C’ or higher.

MTH 3101 Problem Solving: Alg, Geo, and Trig 1,0
General problem solving techniques and specific problem solving strategies will be used in solving algebra, geometry, and trigonometry problems. This is a level 3 course. Prerequisite: Placement at level 3 or completion of MTH 1351 with a grade of ‘C’ or better.

MTH 3102 Problem Solving: Number Theory 1,0
General problem solving techniques and specific problem solving strategies will be used in solving number theory problems. Prerequisite: MTH 2401 with a grade of ‘C’ or better.

MTH 3103 Problem Solving: Combinatorics 1,0
General problem solving techniques and specific problem solving strategies will be used in solving combinatorics problems. This is a level 3 course. Prerequisite: Placement at level 3 or higher or completion of MTH 1351 with a grade of ‘C’ or better.

MTH 3104 Problem Solving: Misc Problems 1,0
General problem solving techniques and specific problem solving strategies will be used in miscellaneous problems including recreational problems. This is a level 3 course. Prerequisite: Placement at level 3 or higher or completion of MTH 1351 with a grade of ‘C’ or better.

MTH 3301 Mathematics for Elem Teachers I 2,2
Logic, sets, relations, functions, operations, numeration systems, and elementary number theory. Field experience required. Prerequisites: Admission to Professional Education Program; MTH 1323 or higher.

MTH 3302 Mathematics for Elem Teachers II 2,2
Rational numbers, real numbers, informal geometry, measurement, computers, probability, and statistics. Field experience required. Prerequisite: MTH 3301.

MTH 3303 Mathematics for Secondary Teachers I 2,2
Concepts from 7th and 8th grade mathematics, mathematics of finance, algebra, and geometry are examined using manipulatives. Use of mathematics in modeling our world and techniques for teaching mathematics are emphasized. Prerequisite: Admission to the Professional Education Program and MTH 2402 with a grade of ‘C’ or better.

MTH 3304 Mathematics for Secondary Teachers II 2,2
Concepts from geometry, probability, statistics, trigonometry, analytic geometry, discrete mathematics, and calculus. Use of mathematics in modeling our world and techniques for teaching mathematics are emphasized. Prerequisite: Admission to the Professional Education Program and MTH 3303 with a grade of ‘C’ or better.

MTH 3309 Numerical Analysis 3,0
Algorithms of numerical analysis are covered. Topics include floating point arithmetic, approximation, numerical integration and differentiation, solution of nonlinear equations, and solution of ordinary differential equations. Programming assignments will give experience in applying selected algorithms. Prerequisites: CSC 1302 and MTH 2402 with a grade of ‘C’ or higher or consent of instructor. Cross-listed with CSC 3309.

MTH 3311 Linear Algebra 3,0
Systems of linear equations, vector spaces, linear transformations, representation of linear transformations by matrices, matrix algebra, and determinants. Prerequisite: MTH 2401 with a grade of ‘C’ or higher.

MTH 3313 Number Theory 3,0
Divisibility, primes, congruences, quadratic reciprocity, Diophantine equations and simple continued fractions. Prerequisite: Six credit hours of mathematics at or above the level of MTH 1351.

MTH 3315 Abstract Algebra 3,0
The basic concepts of groups, rings, integral domains, fields, isomorphisms, and group homomorphism. Prerequisite: Three credit hours of upper-level mathematics.

MTH 3316 Geometry 3,0
The extension of geometry concepts including the study of tessellations, transformations, isometrics, topology, and non-Euclidean geometries. Prerequisite: Six credit hours of mathematics at or above the level of MTH 1351.

MTH 3317 Differential Equations 3,0
Methods of solution to ordinary differential equations, including exponential, complex exponential, Laurent series solutions and Laplace transforms. Applications to simple harmonic motion and Laplace transforms. Programming assignments will give experience in applying selected algorithms. Prerequisites: CSC 1302 and MTH 2402 with a grade of ‘C’ or higher or consent of instructor. Cross-listed with CSC 3309.

MTH 3318 Topics in Secondary School Mathematics 3,0
Topics discussed include applications of mathematics to business statistics (basic concepts), history of mathematics, problem solving using a graphic calculator and a computer, and discrete mathematics (introduction). Prerequisite: MTH 2402.

MTH 3325 Real Analysis 3,0
Construction of the real numbers and rigorous study of their properties, including topological considerations, limits of sequences, continuity and differentiation of functions, the Riemann and Lebesgue integrals, and the topologies of function spaces. Prerequisite: MTH 3410 and one other 3000-level mathematics course with a grade of ‘C’ or higher.
MTH 3330 Mathematical Modeling 3,0
A course designed to provide students with an introduction to the entire mathematical modeling process. Students will be involved in creative and empirical model construction, in model analysis, and in model research. Prerequisites: MTH 2401 Calculus I with a grade of ‘C’ or better and completion of the computer literacy requirement.

MTH 3341 Theory of Probability
An introduction to probability at the undergraduate level. Topics include probability spaces, random variable, basic discrete and continuous probability distributions, and conditional probability. Additional topics may include and introduction to multivariate distributions, generating functions, and statement of basic limit theorems of probability. Prerequisites: MTH 2402 with a grade of ‘C’ or higher.

MTH 3410 Calculus III 4,0
Convergence properties of infinite series and power series, the calculus and geometry of vector-valued functions, the calculus and geometry of multi-variable functions. Divergence Theorem, Green's Theorem and Stokes' Theorem. Prerequisite MTH 2402 with a grade of 'C' or higher.

MTH 3412 Advanced Calculus for Applications 4,0
Infinite series, ordinary differential equations, partial differential equations, and Fourier series. Prerequisite: MTH 2402.

MTH 4101 Advanced Problem Solving 1,0
General problem solving strategies and specific problem solving techniques will be used in solving advanced problems in undergraduate mathematics. Classical problems as well as contemporary problems will be studied at the discretion of the instructor and the interests of the students. Students will prepare for their transition to graduate school or professional employment. Students will reflect on the relation between their faith and their profession. Prerequisite: 9 hours of upper-level MTH courses with a grade of ‘C’ or higher.

MTH 4310 Cryptology 3,0
Applications of abstract algebraic and number theoretic concepts to the science of secure cryptography. Topics include historical ciphers, public-key cryptography, signed messages, secure protocols, and cryptanalysis, especially as these deal with electronic communications. Prerequisite: MTH 3313 or MTH 3315 and the ability to code algorithms in a computer language.

MTH 4317 Partial Differential Equations
This course introduces the students to the three basic boundary value problems. It covers both the classic Fourier series method for solving the problems, as well as the more modern and flexible finite element method. Prerequisite: MTH 3317 Differential Equations with a grade of ‘C’ or higher.

MTH 4330 Complex Analysis
This course is an introduction to analytic and harmonic functions and complex analysis: Prerequisite: MTH 3410 with a grade of ‘C’ or higher.

MTH 4340 Topology
This course is an introduction to the central concepts of topology: open and closed sets, continuity, compactness, and separation. Prerequisite: MTH 2305 or 6 hours of upper-level mathematics with a grade of ‘C’ or higher.

15.04.32 Music
Private Music Lessons - 30 minutes All private lessons in piano, organ, guitar and voice require consent of instructor.

MUS 1110 Piano - Keyboard 1,0
MUS 1111 Guitar 1,0
MUS 1112 Organ - Keyboard 1,0
MUS 1115 Woodwind Lessons 1,0
MUS 1116 Brass Lessons 1,0
MUS 1117 Percussion Lessons 1,0
MUS 1118 – Strings
MUS 1119 Voice Lessons 1,0
MUS 1124 University Choir 0,3
Membership determined by audition. Two rehearsals weekly plus performances. Open to all students wishing to participate. Informal audition with director. Concurrent enrollment in voice lessons required or consent of instructor.

MUS 1127 Wind Ensemble 1,0
Open to all students wishing to participate. Informal audition with director. Two rehearsals and one sectional rehearsal each week plus performances. Concurrent enrollment in woodwind lessons.

MUS 1128 Instrumental Ensembles 0,3
Performance-oriented instrumental ensembles: Strings, Brass, Woodwind, Living Praise Band. Prerequisite: Students must be concurrently enrolled in private lessons.
MUS 1129 Vocal Ensembles
Small vocal ensemble performing music from the standard chamber vocal literature. Open to all students with the ability and interest in vocal performance. May be repeated for credit. Prerequisites: concurrent enrollment in Voice lessons, MUS 1124, University Choir, and consent of instructor.

MUS 1131 Jazz Ensemble
Instrumental orientated music ensemble performing standard jazz literature. Open to all students with ability to perform on a standard jazz/band instrument. May be repeated for credit. In the music ministry major, fulfills the large ensemble requirement. Students must be concurrently enrolled in music lessons or consent of instructor.

Private Music Lessons - 60 minutes
MUS 1210 Piano - Keyboard 2,0
MUS 1211 Guitar 2,0
MUS 1212 Organ - Keyboard 2,0
MUS 1215 Woodwind Lessons 2,0
MUS 1216 Brass Lessons 2,0
MUS 1217 Percussion Lessons 2,0
MUS 1219 Voice Lessons 2,0
MUS 1218 Strings 2, 0

MUS 1332 Music Fundamentals 3,0
Basic concepts of notation, rhythm, melody, harmony and form developed through performance, composing, and listening.

MUS 1333 American Popular Music 3,0
Survey course of popular music in American culture from inception to present day. Styles for listening and study include: blues, jazz, rhythm and blues, rock and roll, country, punk, reggae, disco.

MUS 2115 Woodwind Methods
An introduction to the study of woodwind instruments: flute, clarinet, saxophone and oboe. The fundamentals of playing each instrument will be emphasized and the student will learn effective teaching techniques for practical application in a teaching environment. A lab is required. Prerequisite: Music Theory I or consent of instructor.

MUS 2120 String Methods
An introduction to the study of string instruments: violin, viola, cello and double bass. The fundamentals of playing each instrument will be emphasized and the student will learn effective teaching techniques for practical application in a teaching environment. Prerequisite: MUS 2334 or Consent of Instructor.

MUS 2118 Aural Skills I 1,0
Building sight singing skill, aural awareness, and the ability to identify errors in rhythms and melodies. Students must be concurrently enrolled in MUS 2334 Music Theory I.

MUS 2119 Aural Skills II Continuation of MUS 2118. Expansion of sight singing skill, aural awareness, including two-part melodic dictation and ability to recognize chords in harmonic progressions in major and minor modes. Prerequisite: MUS 2118 Students must be concurrently enrolled in MUS 2335 Music Theory II.

MUS 3120 Aural Skills III The third in a sequence of four Aural Skills classes - each one building upon the foundation of the previous classes. Students will continue to develop and increase aural comprehension and continue to develop their ability to sing with preparation and at sight constructions that are frequently found throughout their experiences in music. This course will cover more advanced musical forms such as Fugue, Invention, and Sonata Form; advanced chromatic melodies; 4-part chorale dictation and chromatic, borrowed and Neapolitan chords.

MUS 41xx Aural Skills IV
The final class in a sequence of four Aural Skills classes - each one building upon the foundation of the previous classes. Students will be able to recognize and aurally analyze Twentieth Century Music Techniques; be able to sight-sing with accuracy of pitch more advanced prepared and unprepared heavily chromatic, whole tone, 12-tone and modal melodies; be able to hear, rhythm read and notate atonal music, mixed meter dictation, mirror rhythms, augmentation, diminution; play modes, whole tone, twelve tone scales on the piano; be able to recognize twentieth century writing techniques in the music of Debussy, Bartok, Messian and Stravinsky.

MUS 2210 Diction For Singers I
The first of two courses for student singers that will provide the student singer with the skills necessary to correctly pronounce and sing in the languages of English, Italian and Liturgical Latin. Students will be introduced to the International Phonetic Alphabet (IPA) as a tool for translating musical texts. Learning will be guided by three types of assignments: written (IPA text translations), oral (speaking and reading musical texts) and applied (performances of selected repertoire in each of the languages being studied.)

MUS 2214 Basic Conducting Techniques 2,0
Choral and instrumental conducting including laboratory and performance experiences. Prerequisite: MUS 2334 or Consent of instructor.
MUS 2234 Music Technology
Techniques and resources for music rotation, production and synthesis. Beginning with the understanding of the applicable models, we move to an understanding of current industry-standard practices and their best fit within a musical program. Prerequisite: MUS 2334 or permission of the instructor.

MUS 2334 Music Theory I 3.0
Principles of harmony: triads, part writing, non-harmonic tones, harmonization, seventh chords, secondary dominants and modulation taught through analysis and composition. Prerequisite: Music Fundamentals, Theory Entrance exam or Consent of the Instructor.

MUS 2335 Music Theory II 3.0
Continuation of MUS 2334, including expanded chords, sixth chords, borrowed chords and melodic development. Prerequisite: Successful completion of MUS 2334.

MUS 2340 History of Jazz 3.0
A survey of jazz history from its origins to present day.

MUS 2350 Intro to World Music and Culture 3.0
Examination of a variety of musical traditions from around the world. Course will be taught from an ethnomusicological perspective, focusing on music as an extension of artistic, cultural, economic, social, political and religious contexts. Course study will concentrate not only on the what of music, but the why. Learning will be guided through readings and audio and video examples, but also through field experiences.

MUS 31XX Private Music Lessons - 30 minutes (May be repeated for credit) Prerequisite: Upper-level jury and consent of instructor.

MUS 3110 Piano-Keyboard 2.0
MUS 3111 Guitar 2.0
MUS 3112 Organ-Keyboard 2.0
MUS 3115 Woodwind Lessons 1.0
MUS 3116 Brass Lessons 1.0
MUS 3117 Percussion Lessons 1.0
MUS 3119 Voice Lessons 1.0
MUS 3118 String Lessons 1.0

MUS 3120 AURAL SKILLS III
This course is a continuation of Aural Skills I (MUS 2118) and Aural Skills II (MUS 2119). Aural Skills III is the third in a sequence of four Aural Skills classes - each one building upon the foundation of the previous classes. Students will continue to develop and increase aural comprehension and continue to develop their ability to sing with preparation and at sight constructions that are frequently found throughout their experiences in music. This course will cover more advanced musical forms such as Fugue, Invention, and Sonata Form; advanced chromatic melodies; 4-part chorale dictation and harmonic, borrowed and Neapolitan chords. Must be concurrently enrolled in Music Theory III.

MUS 32XX Private Music Lessons - 60 minutes (May be repeated for credit) Prerequisite: Upper-level jury and consent of instructor.

MUS 3210 Piano-Keyboard 2.0
MUS 3211 Guitar 2.0
MUS 3212 Organ-Keyboard 2.0
MUS 3215 Woodwind Lessons 2.0
MUS 3216 Brass Lessons 2.0
MUS 3217 Percussion Lessons 2.0
MUS 3219 Voice Lessons 2.0
MUS 3218 String Lessons 2.0

MUS 3230 Contemp Worship Programming 2.0
This course examines contemporary expressions of worship, and prepares DCEs to lead congregations into these forms of worship expression. Cross-Listed as DCE 3230

MUS 3223 Advanced Conducting Techniques
Problems in conducting choral and instrumental music; rehearsal and performance organization. Prerequisite: MUS 2214 or consent of instructor.

MUS 3332 Orchestration 3.0
Examining tonal resources of instrumental and vocal media; arranging and transcribing for band and orchestral instruments. Prerequisite: MUS 2335.

MUS 3336 Music Theory III 3.0
Continuation of MUS 2335, includes the study of borrowed chords, sixth chords, theme and variation, sonata and rondo forms, extended chords and harmonic practice of the Romantic period. Prerequisite: Successful completion of MUS 2335.

MUS 3337 Music Theory IV 3.0
Continuation of MUS 3336, includes the study of harmonic practices from the Post-Romantic, Impressionistic, and Twentieth Century periods of music history and the use of extended and new harmonic practices. Analyses of compositions from different historical periods. Prerequisite: Successful completion of MUS 3336.

MUS 3342 History of Music I (Ancient to 1750) 3.0
Prerequisite: Music Theory I MUS 2334.
Music, composers and instruments of ancient, medieval, renaissance and baroque eras.

MUS 3344 History of Music II (1650 to Present) 3.0
Prerequisite: Music Theory II MUS 2334.
Music, composers and instruments of late baroque, classic, romantic, and contemporary eras.

MUS 3352 School Music 3.0
Kodaly, Orff, and other methods of teaching elementary school music concepts. Prerequisite: MUS 2336.
MUS 3354 Children's Choir 3.0  
Principles, methods and materials for organizing, administering, and conducting the children's choir. Prerequisites: MUS 2335 Music Theory II and MUS 3223 Conducting II.

MUS 3356 Adult Choir 3.0  
Administering the adult choral program; conducting technique development; choral literature analysis and selection; service and program planning. Prerequisites: MUS 2335 and MUS 3223.

MUS 3362 Worship and Music 3.0  
History, content, and meaning of Christian worship forms and hymns. Principles of constructing worship forms. Prerequisite: MUS 2335.

MUS 34XX Music Pedagogy – Elementary School  
Under Development

MUS 34XX Music Pedagogy – Middle/Secondary School  
Under Development

MUS 4105 Senior Recital  
One hour public musical recital displaying student's ability to perform solo music in a variety of genre and historical styles. Must also register for two credits of private music instruction on corresponding musical instrument. Prerequisites: Consent of instructor; upper-level music jury passed.

MUS 4110 Worship Internship 1.0  
A review of the principles for administering and managing a parish worship program and application of these principles in a supervised parish experience. The major focus of the course is on Christian worship. Note: This class is to be taken in the last term of course work for the Worship and Arts Minor.

MUS 4120 AURAL SKILLS IV  
Aural Skills IV is the final class in a sequence of four Aural Skills classes - each one building upon the foundation of the previous classes. Students will be able to recognize and aurally analyze Twentieth Century Music Techniques; be able to sight-sing with accuracy of pitch more advanced prepared and unprepared heavily chromatic, whole tone, 12-tone and modal melodies; be able to hear, rhythm read and notate atonal music, mixed meter dictation, mirror rhythms, augmentation, diminution; play modes, whole tone, twelve tone scales on the piano; be able to recognize twentieth century writing techniques in the music of Debussy, Bartok, Messian and Stravinsky. Must be concurrently enrolled in Music Theory IV.

MUS 4212 Service Playing 2.0  
Skills required of a church organist, service planning and playing, working with choirs and instrumentalists. Prerequisite: MUS 1112 and consent of instructor.

MUS 4246 Secondary Choral Music Literature 2.0  
Identification, description, and analysis of various types and styles of choral literature suitable for use in secondary school choral music programs. Prerequisites: MUS 2214, MUS 3214, MUS 3342, MUS 3344, or consent of instructor.

15.04.33 Nursing  
NUR 3106 Global Health Missions Practicum  
This course is a medical mission practicum experience in which nursing students assist licensed health care professionals who provide healthcare services to underserved or vulnerable populations. The focus of this course will be the application of the knowledge and skills obtained in NUR 3303 Cultural Diversity and Global Health Missions. Students will be expected to participate as an effective member of a mission team. Prerequisites: Satisfactory completion [C or higher] of NUR 3120 and NUR 3303.

NUR 3113 Health Assessment  
This course is designed to provide a systematic approach to the physiological, psychological, socio-cultural and developmental assessment of individuals with a focus on findings considered to be within normal limits. The health history is emphasized as a tool for assessing mental and physical status. Must be taken concurrently with its corresponding simulation course: NUR 3116. Prerequisite: Admission to Nursing Program.

NUR 3116 Health Assessment Skills Simulation  
This practice setting simulation course teaches the knowledge, skills, and attitudes necessary for holistic assessment of individual patients. The course focuses on the basic health assessment component of the nursing process used to document the health status of patients. This simulation course is designed to provide supervised laboratory practice for the demonstration of psychomotor and interpersonal skills presented in NUR 3113. Must be taken concurrently with its corresponding theory course: NUR 3113. Prerequisites: Admission to Nursing Program.

NUR 3120 Clinical Nursing Skills Simulation I  
This practice setting simulation course teaches the skills and techniques necessary for professional nursing care of the patient experiencing low to moderate acuity health problems. Prerequisite: Admission to Nursing Program.

NUR 3126 Healthcare Spanish Simulation  
Under Development
NUR 3225 Informatics and Health Care Technologies
This course will examine the application of information and communication technologies and the use of automated information within the professional context of health care delivery. The use of informatics and emerging technologies will be explored for their application and impact in the delivery of interdisciplinary health care to various populations. Prerequisite: Admission to Nursing Program.

NUR 3230 Foundations of Professional Nursing Practice
Teaches the knowledge, skills, and attitudes necessary for the student to be socialized into the role of the professional nurse. This professional socialization incorporates the values and standards of professional nursing practices. Prerequisite: Admission to the Nursing Program.

NUR 3255 Caring for Aging Individuals and Populations
Teaches the knowledge, skills, and attitudes necessary for providing safe, high-quality nursing care of aged individuals and for health promotion services for aged populations. The course presents gerontological nursing principles from the prospective of patient-centered care and includes selected concepts and issues related to aging and its impact on society and health care. Prerequisites: Satisfactory completion [C or higher] of NUR 3113, NUR 3116, NUR 3120, NUR 3225, NUR 3230, NUR 3335, NUR 3336, NUR 3340.

NUR 3265 Clinical Nursing Skills Simulation II
Application of advanced skills required to care for persons experiencing complex health problems. The course focuses on accuracy and safety of skill demonstration. Prerequisites: Satisfactory completion [C or higher] of NUR 3113, NUR 3116, NUR 3120, NUR 3225, NUR 3230, NUR 3335, NUR 3336, NUR 3340.

NUR 3275 Evidence-Based Practice and Healthcare Research
This course provides an introduction to evidence-based practice and the critical appraisal of best evidence literature. Students learn to formulate clinical questions in answerable format, search for and identify best evidence, and appraise that evidence for rigor and applicability to the clinical problem. Basic principles of scientific inquiry, quantitative and qualitative research methods and research ethics are introduced in the context of clinically relevant research. Prerequisite: Successful completion [C or higher] of NUR 3113, NUR 3116, NUR 3120, NUR 3225, NUR 3230, NUR 3335, NUR 3336, and NUR 3340.

NUR 3303 Cultural Diversity and Global Health Missions
This course emphasizes the Christian world view through serving in national and international health missions. The Biblical foundation for global missions will be explored. Tools to effectively participate in mission activities for underserved and/or vulnerable populations will be presented. Students will examine various cultures and religions for effective planning and delivery of health care services within a cultural context. The focus will be on capacity building and sustainability of mission outreach goals to selected populations. Prerequisite: Admission to Nursing Program.

NUR 3335 Patient-Centered Adult Health Nursing I
This course teaches the knowledge, skills, and attitudes necessary in the provision of nursing care for adults experiencing low to moderate-acuity health problems. Must be taken concurrently with its corresponding practicum course: NUR 3336. Prerequisite: Admission to Nursing Program.

NUR 3336 Patient-Centered Adult Health Nursing Practicum I
A practicum in the clinical application of knowledge, skills, and attitudes necessary to provide safe, high-quality patient-centered care for adults experiencing low-to moderate-acuity medical-surgical health problems. Must be taken concurrently with its corresponding theory course: NUR 3335. Prerequisite: Admission to Nursing Program.

NUR 3340 Pathophysiology
This course examines the abnormal health transitions that may occur during the life span focusing on disorders in cells, organs and systems. Emphasis is on physiological alterations that occur when ill, risk factors and contributing causes for these changes and methods used to correct or prevent dysfunction. Critical thinking related to pathophysiological processes and patient signs and symptoms will be high-lighted. Prerequisite: Admission to Nursing Program.

NUR 3385 Patient-Centered Adult Health Nursing II
This course teaches the knowledge, skills, and attitudes necessary in the provision of patient-centered nursing care for adults with complex health problems. Emphasis is placed on application of the nursing process and critical thinking utilizing research-based nursing practice in the context of patient centered care for health restoration, health promotion and health maintenance. Must be taken concurrently with its corresponding practicum course: NUR 3386. Prerequisites: Satisfactory completion [C or higher] of NUR 3113, NUR 3116, NUR 3120, NUR 3225, NUR 3230, NUR 3335, NUR 3336, and NUR 3340.
NUR 3386 Patient-Centered Adult Health Nursing Practicum II
A practicum in the clinical application of knowledge, skills, and attitudes necessary to provide safe, effective care to patients with complex health needs in diverse clinical settings. Must be taken concurrently with its corresponding theory course: NUR 3385. Prerequisites: Satisfactory completion [C or higher] of NUR 3113, NUR 3116, NUR 3120, NUR 3225, NUR 3230, NUR 3335, NUR 3336, and NUR 3340.

NUR 4105 Family-Centered Care in Pregnancy, Childbirth, and Parenting Simulation
This simulation course teaches the skills and critical thinking required to care for women during the perinatal period and neonates in the first 24 hours of life. The course focuses on the performance of skills and decision making in simulated patient scenarios. Must be taken concurrently with its corresponding theory and practicum courses: NUR 4220, NUR 4221. Prerequisites: Satisfactory completion [C or higher] of NUR 3255, NUR 3265, NUR 3275, NUR 3385, and NUR 3386.

NUR 4110 Family-Centered Care of Children and Adolescents Simulation
This simulation course teaches the skills and critical thinking required to care for children and adolescents in the acute care setting. The course focuses on the performance of skills and decision making in simulated patient scenarios. Must be taken concurrently with its corresponding theory and practicum courses: NUR 4230, NUR 4231. Prerequisites: Satisfactory completion [C or higher] of NUR 3255, NUR 3265, NUR 3275, NUR 3385, and NUR 3386.

NUR 4195 NCLEX Review & Final Competency Evaluation Simulation
A complete review of key nursing content with separate, comprehensive units on medical-surgical, child health, childbearing and women’s health, and mental health/psychiatric nursing, followed by test questions written in NCLEX exam format. Prerequisites: Satisfactory completion [C or higher] of NUR 4105, NUR 4110, NUR 4220, NUR 4221, NUR 4230, NUR 4231, NUR 4240, NUR 4241, and NUR 4345.

NUR 4220 Family-Centered Care in Pregnancy, Childbirth and Early Parenting
Teaches the knowledge, skills, and attitudes necessary for the provision of competent, culturally sensitive, developmentally appropriate, holistic care for the childbearing family. The course presents the knowledge base for nursing care. This course also uses classroom simulation scenarios in which students practice the skills they will later apply in the companion practicum course. Must be taken concurrently with its corresponding simulation and practicum courses: NUR 4105, NUR 4221. Prerequisites: Satisfactory completion [C or higher] of NUR 3255, NUR 3265, NUR 3275, NUR 3385, and NUR 3386.

NUR 4221 Family-Centered Care in Pregnancy, Childbirth and Early Parenting Practicum
A practicum in the clinical application of knowledge, skills, and attitudes necessary to provide competent, culturally sensitive, developmentally appropriate, holistic care for the childbearing family. Must be taken concurrently with its corresponding simulation and theory courses: NUR 4105, NUR 4220. Prerequisites: Satisfactory completion [C or higher] of NUR 3255, NUR 3265, NUR 3275, NUR 3385, and NUR 3386.

NUR 4230 Family-Centered Care of Children and Adolescents
This course develops the student’s ability to provide family-centered nursing care to children, adolescents, and their families and to participate in strategies to improve the safety and quality of care. This competence will enhance the student’s ability to promote high-quality, safe, family-centered nursing care to children, adolescents, and their families within healthcare settings. Must be taken concurrently with its corresponding simulation and practicum courses: NUR 4110, NUR 4231. Prerequisites: Satisfactory completion [C or higher] of NUR 3255, NUR 3265, NUR 3275, NUR 3385, and NUR 3386.

NUR 4231 Family-Centered Care of Children and Adolescents Practicum
A practicum in the clinical application of knowledge, skills, and attitudes necessary in the provision of family-centered nursing care of children, adolescents and their families. Must be taken concurrently with its corresponding simulation and theory courses: NUR 4110, NUR 4230. Prerequisites: Satisfactory completion [C or higher] of NUR 3255, NUR 3265, NUR 3275, NUR 3385, and NUR 3386.
NUR 4240 Adversity, Coping and Mental Health Across the Lifespan
Teaches the knowledge, skills, and attitudes necessary in the provision of care for clients with mental health disorders. Must be taken concurrently with its corresponding practicum course: NUR 4241.
Prerequisites: Satisfactory completion [C or higher] of NUR 3255, NUR 3265, NUR 3275, NUR 3385, and NUR 3386.

NUR 4241 Adversity, Coping and Mental Health Across the Lifespan Practicum
A practicum in the clinical application of knowledge, skills, and attitudes necessary in the provision of care for clients with mental health disorders. Must be taken concurrently with its corresponding theory course: NUR 4240. Prerequisites: Satisfactory completion [C or higher] of NUR 3255, NUR 3265, NUR 3275, NUR 3385, and NUR 3386.

NUR 4255 Healthcare Systems Transformation to Improve Quality and Safety
Teaches the knowledge, skills, and attitudes necessary to develop the student’s critical thinking, organizational analysis, and leadership skills in analyzing healthcare structures, processes, and outcomes. The course examines healthcare system policy, finance, and regulation and then examines transformation of healthcare at system and unit levels to improve the quality and safety of patient care. Prerequisites: Satisfactory completion [C or higher] of NUR 4105, NUR 4110, NUR 4220, NUR 4221, NUR 4230, NUR 4231, NUR 4240, NUR 4241, and NUR 4345.

NUR 4260 Community Health: Macro and Micro Dynamics Practicum
A practicum in the clinical application of knowledge, skills, and attitudes necessary to provide community health services. Must be taken concurrently with its corresponding theory course: NUR 4360. Prerequisites: Satisfactory completion [C or higher] of NUR 4105, NUR 4110, NUR 4220, NUR 4221, NUR 4230, NUR 4231, NUR 4240, NUR 4241, and NUR 4345.

NUR 4270 Leadership, Supervision, Delegation, and Management in Nursing Care
Provides a foundation for critical thinking and decision making in leadership, supervision, delegation, and management of nursing care and healthcare delivery in organizational and community settings. Leadership strategies that promote effective, mutually respectful, ethical working relationships in organizational and community settings are emphasized. Must be taken concurrently with its corresponding simulation course: NUR 4271. Prerequisites: Satisfactory completion [C or higher] of NUR 4105, NUR 4110, NUR 4220, NUR 4221, NUR 4230, NUR 4231, NUR 4240, NUR 4241, and NUR 4345.

NUR 4271 Leadership, Supervision, Delegation, and Management in Nursing Care Simulation
Provides a foundation for critical thinking and decision making in leadership, supervision, delegation, and management of nursing care and healthcare delivery in organizational and community settings. Leadership strategies that promote effective, mutually respectful, ethical working relationships in organizational and community settings are emphasized. Must be taken concurrently with its corresponding theory course: NUR 4270. Prerequisites: Satisfactory completion [C or higher] of NUR 4105, NUR 4110, NUR 4220, NUR 4221, NUR 4230, NUR 4231, NUR 4240, NUR 4241, and NUR 4345.

NUR 4290 Capstone Preceptorship
A three-week preceptorship in which students apply the comprehensive knowledge, skills, and attitudes gained from all previous courses in the nursing program. Each student is paired with a BSN-prepared preceptor with whom the student works an average of 40 hrs/wk (mirroring the preceptor’s scheduled hours) for three weeks during the final 4-5 weeks of the semester. In this preceptorship experience, the student is supervised and evaluated by the preceptor in providing care to multiple patients with complex health needs in a selected clinical setting. The course focuses on demonstration of quality and safety in providing patient care. Prerequisites: Satisfactory completion [C or higher] of NUR 4105, NUR 4110, NUR 4220, NUR 4221, NUR 4230, NUR 4231, NUR 4240, NUR 4241, and NUR 4345.

NUR 4345 Communication and Collaboration within Multidisciplinary Teams
Teaches the knowledge, skills, and attitudes necessary for effective functioning within nursing workgroups and inter-professional teams. Presents strategies for fostering open communication, mutual respect, and shared decision-making to achieve high quality, safe patient care. Examines multi-disciplinary scopes of practice and roles of health care team members, communication styles, authority gradients, conflict resolution, and methods for improving systems to support team functioning. Prerequisites: Satisfactory completion [C or higher] of NUR 3255, NUR 3265, NUR 3275, NUR 3385, and NUR 3386.
NUR 4360 Community Health: Macro and Micro Dynamics
This course introduces the concept of community and global populations as the client and teaches the knowledge, skills and attitudes necessary to provide Population-Centered Nursing care. The focus will be on community assessment, concepts of health promotion, disease prevention and management of complex issues in the provision of care for culturally diverse populations within the community and international arena. Contemporary issues in community and global health will be examined including disaster response. Must be taken concurrently with its corresponding practicum course: NUR 4260. Prerequisites: Satisfactory completion [C or higher] of NUR 4105, NUR 4110, NUR 4220, NUR 4221, NUR 4230, NUR 4231, NUR 4240, NUR 4241, and NUR 4345.
