CONCORDIA UNIVERSITY TEXAS

Concordia University Texas is dedicated to the mission of developing Christian leaders. Founded in 1926, Concordia is proud to be Austin’s leading Christian university, where Christ is honored and students of all backgrounds are welcomed. We are guided by our vision to be the premier university where the adventure of faith, learning and life-changing experiences leads to meaningful work.

CTX is a regionally accredited institution of higher education, offering undergraduate and graduate degrees through a variety of delivery methods. We offer over 50 majors and concentrations.

Concordia’s campus, unique in its natural setting on a preserve, is conveniently located minutes from both downtown Austin and the Texas Hill Country. Our location provides students with resources and opportunities to learn, explore and thrive in the best of both worlds — a small school and a big city.

ABOUT THE PROGRAM

Accounting is “the language of business,” providing the means by which business transactions and events are analyzed, recorded, presented and interpreted for various interested parties, as well as the process of better decision making. Receiving a BBA with a concentration in Accounting at Concordia University Texas will prepare you for a career in public, private, nonprofit or government accounting. A large number of classes are available for students to focus on specific areas of accounting.

COURSE HIGHLIGHTS

Fundamentals of Taxation
Introduction to the role of taxes in contemporary society and their impact on individuals and business entities with emphasis on Federal income taxation.

Corporate, Partnership, Estate and Gift Taxation
Introduction to advanced taxation including corporations and shareholders, international taxation, corporations, estate, gift, trusts, beneficiaries, and family tax planning.

Advanced Financial Accounting
Accounting problems in respect to multiple ownership, consolidated financial statements and partnership accounts, modern currency translations, segmental reporting and advanced accounting theory.

Accountants are involved in several aspects of a company’s operations so getting bored in this profession is unlikely. Accountant employment is estimated to climb 11 percent from 2014 to 2024, faster than the average for all occupations. Globalization, a growing overall economy and an increasingly complex tax and regulatory environment, are expected to lead to strong demand for accountants. Accounting expertise will be sought after for services related to international trade and international mergers and acquisitions.

I am currently working at Concordia University as the Finance Controller. Since graduating, I have been able to build my career within the same walls that I studied as a student. It is very exciting to continue to grow in an environment that has been home for several years."
